Needs and Uses: 47 CFR Section 73.88 (AM) states that the licensee of each broadcast station is required to satisfy all reasonable complaints of blanketing interference within the 1 V/m contour. 47 CFR Section 73.318(b)(FM) states that after January 1, 1985, permittees or licensees who either (1) Commence program tests, (2) replace the antennas, or (3) request facilities modifications and are issued a new construction permit must satisfy all complaints of blanketing interference which are received by the station during a one year period.

47 CFR Section 73.318(c)(FM) states that a permittee collocating with one or more existing stations and beginning program tests on or after January 1,

Under 47 CFR Sections 73.88(AM), 73.318(FM), and 73.685(d)(TV), the license is financially responsible for resolving complaints of interference within one year of program test authority when certain conditions are met. After the first year, a license is only required to provide technical assistance to determine the cause of interference.

The FCC has an outstanding Notice of Proposed Rulemaking (NPRM) in MM Docket No. 96-62, In the Matter of Amendment of Part 73 of the Commission's Rules to More Effectively Resolve Broadcast Blanketing Interference, Including Interference to Consumer Electronics and Other Communications Devices. The NPRM has proposed to provide detailed clarification of the AM, FM, and TV licensee's responsibilities in resolving/eliminating blanketing interference caused by their individual stations. The NPRM has also proposed to consolidate all blanketing interference rules under a new section 47 CFR 73.1630, "Blanketing Interference." This new rule has been designed to facilitate the resolution of broadcast interference problems and set forth all responsibilities of the licensee/permittee of a broadcast station. To date, final rules have not been adopted.
