

services if the ancillary service capacity bid cap is below this opportunity cost.

32. Given these concerns, we will address the issue of the appropriate level of the CAISO ancillary service capacity bid cap in the section 206 investigation instituted in this proceeding. We recognize the interest of entities regarding this issue, therefore, the Commission invites interested persons to submit comments on the appropriate level of the CAISO's ancillary service capacity bid cap within 10 days from the date of issuance of this order. As discussed above, we find that the refund effective date, pursuant to section 206(b) of the FPA, as amended by section 1285 of the Energy Policy Act of 2005, is the date on which this order is published in the **Federal Register**.

Effective Date

33. We note that in its answer, the CAISO states that it has not implemented Amendment No. 73 and it does not intend to make the \$400/MWh bid cap effective until approved by the Commission. In fact, the CAISO asserts that it made repeated statements in its transmittal letter and market notice that it requested the amendment be made effective on January 1, 2006 or as soon thereafter as possible. As noted above, the Commission accepts the CAISO's proposal, as modified, effective as of the date of this order.

The Commission Orders

(A) The Commission accepts and modifies the CAISO's proposal to adjust its bid cap for real-time energy bids and adjustment bids to \$400/MWh, as discussed within the body of the order, effective upon issuance of this order.

(B) Pursuant to the authority conferred upon the Commission by the FPA, particularly section 206 thereof, the Commission institutes an investigation into the price cap in the WECC outside the CAISO and the ancillary service capacity bid cap in the CAISO, as discussed in the body of this order. Entities may submit comments regarding these issues within 10 days from the date of issuance of this order.

(C) The refund effective date established pursuant to section 206(b) of the FPA, as amended by section 1285 of the Energy Policy Act of 2005, as discussed in the body of this order, is the date upon which this order is published in the **Federal Register**.

By the Commission.
