

example, intra-day prices for treasury securities and agency securities are available from Bloomberg, TradeWeb, ABS® and TRACE. Intra-day prices of callable agency securities are available from TradeWeb. Intra-day prices of corporate bonds are available from ABS®, and TRACE. In addition, intra-day prices for these securities are available by subscription or otherwise to Authorized Participants and clients of major U.S. broker-dealers. If the Underlying Index values or IOPV is not disseminated as described, the Exchange may halt trading during the day in which the interruption occurs. If the interruption persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption. The Commission believes that the trading halt rules, together with the NAV dissemination requirements, will facilitate transparency, reduce the potential for an unfair informational advantage with respect to the Shares, and diminish the potential for manipulation.

C. Listing and Trading

The Commission finds that the Exchange's rules and procedures for the listing and trading of the Shares are consistent with the Act. The Shares will be subject to NYSE rules governing the trading of equity securities, including, among others, rules governing trading halts, customer suitability requirements, and the election of stop and stop limit orders. In addition, the Shares are subject to the criteria for initial and continued listing of ICUs in Section 703.16 of the NYSE Manual. The Commission believes that the listing and delisting criteria for the Shares of the Funds should help to maintain a minimum level of liquidity and, therefore, minimize the potential for manipulation of the Shares. Finally, the Commission notes that the Information Memo will inform members about the terms, characteristics, and risks in trading the Shares, including their prospectus delivery obligations.

Accelerated Approval

NYSE has requested that the Commission find good cause for approving the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission notes that the proposal is consistent with the NYSE's listing and trading standards, and the Commission has previously approved similar

products.⁴¹ Based on the above, the Commission finds good cause to accelerate approval of the proposed rule change, as amended.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act⁴² that the proposed rule change, as amended, (SR-NYSE-2006-70) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁴³

Nancy M. Morris,
Secretary.
