

- Lessors of Real Estate (NAICS code 5311), e.g., Former and existing facilities with surfaces contaminated by PCBs.

- Professional, Scientific and Technical Services (NAICS code 54), e.g., Testing laboratories, environmental consulting.

- Waste Treatment and Disposal (NAICS code 5622), e.g., Former and existing facilities with surfaces contaminated by PCBs.

- Repair and Maintenance (NAICS code 811), e.g., Repair and maintenance of appliances, machinery, and equipment.

- Public Administration (NAICS code 92), e.g., Federal, State, and local agencies.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions in Unit II. If you have any questions regarding the applicability of this action to a particular entity, consult either technical person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPPT-2004-0123. Publicly available docket materials are available electronically at <http://www.regulations.gov> or in hard copy at the OPPT Docket, EPA Docket Center (EPA/DC), EPA West, Rm. B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgrstr>.

II. What Action is the Agency Taking?

This action announces the availability of a guidance document entitled, *Polychlorinated Biphenyl (PCB) Site*

Revitalization Guidance Under the Toxic Substances Control Act (TSCA). This guidance document was developed to provide assistance to individuals who need to navigate the TSCA PCB regulations for the requirements applicable to the cleanup and disposal of PCB remediation waste. As guidance, this document presents existing requirements and is not intended to impose any new requirements. The primary focus of this guidance is the self-implementing aspects of the PCB remediation waste provision at 40 CFR 761.61 which governs the management of PCB waste generated as the result of PCB spills and associated cleanup activities.

Polychlorinated biphenyls are a class of 209 synthetic compounds which have no known counterpart in the natural environment. They were first manufactured for commercial use in 1929 under the brand name "Arochlor." PCBs have been used in many electrical devices due to their superior cooling, insulating, and dielectric properties. In addition, PCBs have been used in various products for example as plasticizers, pesticide extenders, flame retardants and fillers. The unique combination of physical and chemical properties of PCBs, which made them so valuable commercially, are the same traits that make releases environmentally detrimental (e.g., very stable compounds which resist breakdown from high temperatures and aging; are not biodegradable and are therefore persistent in the environment; are not considered volatile; are odorless unless mixed with other solvents and additives). The Toxic Substances Control Act, enacted October 1976, mandated specific prohibitions and/or restrictions on the manufacture, processing, use, and distribution in commerce of PCBs, and any combination of those activities (see section 6(e) of TSCA). Regulations implementing these requirements are promulgated at 40 CFR part 761.

The Agency anticipates this guidance will be beneficial to individuals who want to use the self-implementing cleanup procedures and to State environmental officials who are implementing voluntary cleanup and response programs, and seek to be in compliance with the Federal requirements under TSCA for PCB remediation waste management activities. Finally, the guidance document provides EPA's interpretation of the use authorization for contaminated porous surfaces at 40 CFR 761.30(p) in light of the Court's ruling in *Utility Solid Waste Activities Group v. EPA*, 236 F.3d 749 (D.C. Circuit 2001)

(USWAG). In USWAG, the Court vacated a technical amendment to the use authorization for porous surfaces because the amendment was not promulgated through notice and comment rulemaking (see the **Federal Register** of June 20, 2003 (68 FR 36927) (FRL-7314-2) for additional background information). In the future, EPA plans to initiate notice and comment rulemaking to further clarify the applicability of the use authorization for contaminated porous surfaces.

Copies of the guidance document are available from these sources:

1. The Agency's PCB website at <http://www.epa.gov/pcb> under "Interpretive Guidance."

2. <http://www.regulations.gov>.

3. The TSCA Assistance Information Service (TAIS), call (202) 554-1404 or send an e-mail to TSCA-Hotline@epa.gov.

4. Either technical person listed under **FOR FURTHER INFORMATION CONTACT**.

List of Subjects in 40 CFR Part 761

Environmental protection, Hazardous substances, Labeling, Polychlorinated biphenyls (PCBs), Reporting and recordkeeping requirements.

Dated: March 23, 2006.

Susan B. Hazen,

Acting Assistant Administrator, Office of Prevention, Pesticides and Toxic Substances.
[FR Doc. 06-3206 Filed 4-3-06; 8:45 am]

BILLING CODE 6560-50-S

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket No. FEMA-7784]

List of Communities Eligible for the Sale of Flood Insurance

AGENCY: Mitigation Division, Federal Emergency Management Agency (FEMA), Department of Homeland Security.

ACTION: Final rule.

SUMMARY: This rule identifies communities that are participating and suspended from the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of

properties located in the communities listed below.

DATES: The effective date for each community is listed in the fourth column of the following tables.

ADDRESSES: Flood insurance policies for properties located in the communities listed below can be obtained from any licensed property insurance agent or broker serving the eligible community or from the NFIP by calling 1-800-638-6620.

FOR FURTHER INFORMATION CONTACT: William H. Lesser, Mitigation Division, 500 C Street, SW., Room 412, Washington, DC 20472, (202) 646-2807.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance that is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Because the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for properties in these communities.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in some of these communities by

publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, Section 202 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4016(a), requires the purchase of flood insurance as a condition of Federal or Federally-related financial assistance for acquisition or construction of buildings in the SFHAs shown on the map.

The Administrator finds that delayed effective dates would be contrary to the public interest and that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities in accordance with the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the rule creates no additional burden, but lists those

communities eligible for the sale of flood insurance.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

Accordingly, 44 CFR part 64 is amended as follows:

PART 64—[AMENDED]

1. The authority citation for part 64 is revised to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*, Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 64.6 [Amended]

The tables published under the authority of § 64.6 are amended as follows:

State	Location	Community No.	Effective date of eligibility	Current effective map date
New Eligibles: Emergency Program

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket No. FEMA-7917]

Suspension of Community Eligibility

AGENCY: Mitigation Division, Federal Emergency Management Agency (FEMA), Department of Homeland Security.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of

noncompliance with the floodplain management requirements of the program. If FEMA receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

ADDRESSES: If you want to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

FOR ADDITIONAL INFORMATION CONTACT: William H. Lesser, Mitigation Division, 500 C Street SW., Washington, DC 20472, (202) 646-2807.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42

U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 *et seq.* Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance
