

will be the PRC-wide rate (*i.e.*, 376.67 percent).

Notification of Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Pursuant to 19 CFR 351.402(f)(3), failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act, 19 CFR 351.214(i)(1), and 19 CFR 351.221(b)(5).

Dated: July 11, 2006.

David M. Spooner,
Assistant Secretary for Import Administration.

Certain Hot-Rolled Carbon Steel Flat Products From India: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 12, 2006, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products (HRS) from India. *See Certain Hot-Rolled Carbon Steel Flat Products From India: Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 2018 (January 12, 2006) (*Preliminary Results*). This review

covers one producer/exporter of HRS, Essar Steel Ltd. (Essar). The period of review (POR) is December 1, 2003, through November 30, 2004. Based on our analysis of the comments received, we made changes to the preliminary dumping margin calculation. Despite these changes, the calculated dumping margin for these final results does not differ from the dumping margin determined in the *Preliminary Results*. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: July 18, 2006.

FOR FURTHER INFORMATION CONTACT: Jeffrey Pedersen or Howard Smith, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-2769 or (202) 482-5193, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 12, 2006, the Department published the *Preliminary Results* in the **Federal Register** and invited interested parties to comment on those results. In response to the Department's invitation to comment on the *Preliminary Results* of this review, Essar and Nucor Corporation (Nucor), one of two petitioners, filed case briefs on February 22, 2006. Essar, Nucor and United States Steel Corporation (USSC), the other petitioner, filed rebuttal briefs on February 27, 2006. At the Department's request, Nucor excluded certain factual information from its brief and rebuttal brief and resubmitted its briefs on March 17, 2006. On March 3, 2006, Essar withdrew its February 10, 2006, request for a hearing.

Scope of the Order

The products covered by the antidumping duty order are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and

without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of the order.

Specifically included within the scope of the order are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products to be included in the scope of the order, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTSUS), are products in which: i) iron predominates, by weight, over each of the other contained elements; ii) the carbon content is 2 percent or less, by weight; and iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 2.25 percent of silicon, or
- 1.00 percent of copper, or
- 0.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 1.25 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.10 percent of molybdenum, or
- 0.10 percent of niobium, or
- 0.15 percent of vanadium, or
- 0.15 percent of zirconium.

All products that meet the physical and chemical description provided above are within the scope of the order unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of the order:

- Alloy HRS products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, American Society for Testing and Materials (ASTM) specifications A543, A387, A514, A517, A506).
- Society of Automotive Engineers (SAE)/American Iron & Steel Institute (AISI) grades of series 2300 and higher.
- Ball bearing steels, as defined in the HTSUS.
- Tool steels, as defined in the HTSUS.

- Silico–manganese (as defined in the HTSUS) or silicon electrical steel with a silicon level exceeding 2.25 percent.
- ASTM specifications A710 and A736.
- USS abrasion–resistant steels (USS AR 400, USS AR 500).
- All products (proprietary or otherwise) based on an alloy ASTM specification (sample specifications: ASTM A506, A507).
- Non–rectangular shapes, not in coils, which are the result of having been processed by cutting or stamping and which have assumed the character of articles or products classified outside chapter 72 of the HTSUS.

The merchandise subject to the order is classified in the HTSUS at subheadings: 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, and 7211.19.75.90. Certain hot–rolled carbon steel flat products covered by the order, including: vacuum degassed fully stabilized; high strength low alloy; and the substrate for motor lamination steel may also enter under the following tariff numbers: 7225.11.00.00, 7225.19.00.00, 7225.30.30.50, 7225.30.70.00, 7225.40.70.00, 7225.99.00.90, 7226.11.10.00, 7226.11.90.30, 7226.11.90.60, 7226.19.10.00, 7226.19.90.00, 7226.91.50.00, 7226.91.70.00, 7226.91.80.00, and 7226.99.00.00. Subject merchandise may also enter under 7210.70.30.00, 7210.90.90.00, 7211.14.00.30, 7212.40.10.00, 7212.40.50.00, and 7212.50.00.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive.

Analysis of Comments Received

The issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum to David M. Spooner, Assistant Secretary for Import Administration, from Stephen J. Claeys, Deputy Assistant

Secretary for Import Administration, dated concurrently herewith (the Decision Memorandum), which is adopted herein, by reference. Attached, as an appendix to this notice, is a list of the comments the Department received from interested parties, all of which are discussed in the Decision Memorandum. The Decision Memorandum is on file in the Central Record Unit, Room B–099 of the Herbert C. Hoover Building, and may be accessed on the Web at <http://ia.ita.doc.gov/frn/index.html>.

Changes Since the Preliminary Results

Based on our analysis of comments received, we made the following changes in the comparison and margin calculation programs. For a full discussion of these changes, see the Decision Memorandum.

1. We corrected our ministerial error related to the addition to costs of credits granted under the Duty Entitlement Passbook Scheme.
2. We corrected ministerial errors related to increases of general and administrative (G&A) and interest expenses that were added in addition to increases of material costs by the Department under the major input rule.

Final Results of Review

As a result of this review, we determine that the following weighted–average dumping margin exists for the period December 1, 2003, through November 30, 2004:

Manufacturer/Exporter	Margin (percent)
Essar Steel Limited	0.00 (de minimis)

Assessment

The Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR § 351.212(b). The Department calculated an importer–specific duty assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales. Where the importer–specific assessment rate is above *de minimis*, the Department will instruct CBP to assess the importer–specific rate uniformly on the entered value of all entries of subject merchandise by that importer. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of the final results of review.

The Department clarified its “automatic assessment” regulation on

May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the period of review produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all–others rate if there is no rate for the intermediate company involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposits

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended (the Act). In the instant matter: (1) since the dumping margin for Essar is *de minimis* (less than 0.50 percent), no cash deposit will be required for Essar; (2) for previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company–specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less–than–fair–value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be the “all others” rate of 23.87 percent, which is the “all others” rate established in the LTFV investigation (38.72 percent), adjusted for the export subsidy rate in the companion countervailing duty investigation. These cash deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review. See section 751(a)(2)(C) of the Act.

Notification to Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR § 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption

that reimbursement of the antidumping duties occurred and the concomitant assessment of double antidumping duties. This notice is also the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR § 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

The Department is publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 11, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.

Appendix

List of Issues Discussed in the Issues and Decision Memorandum

Comment 1: Determining the Market Price of Electricity in Applying the Major Input Rule

Comment 2: Whether to Adjust U.S. Prices for Duties Imposed to Offset Export Subsidies

Comment 3: Whether to Recalculate Interest and General and Administrative Expenses After Applying the Major Input Rule

Comment 4: Adding Import Duties to Reported Costs

Stainless Steel Sheet and Strip in Coils from the Republic of Korea; Notice of Extension of Time Limits for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 18, 2006.

FOR FURTHER INFORMATION CONTACT: Irina Itkin or Brianne Riker, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0656 and (202) 482-0629, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) published an antidumping duty order on stainless steel sheet and strip in coils (SSSSC) from the Republic of Korea on July 27, 1999. See *Notice of Antidumping Duty Order; Stainless Steel Sheet and Strip in Coils From United Kingdom, Taiwan and South Korea*, 64 FR 40555 (July 27, 1999). On August 29, 2005, the Department published a notice of initiation of an administrative review of the order on SSSSC from Korea for the period July 1, 2004, through June 30, 2005. See 70 FR 51009. The respondents in this administrative review are: Boorim Corporation, Dae Kyung Corporation, DaiYang Metal Co., Ltd., Dine Trading Co., Ltd., and Dosko Co., Ltd. On April 10, 2005, the Department published in the **Federal Register** its preliminary results. See *Stainless Steel Sheet and Strip in Coils from the Republic of Korea; Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 71 FR 18074 (Apr. 10, 2006). The final results are currently due no later than August 8, 2006.

Extension of the Time Limit for Final Results of Administrative Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) requires the Department to make a final determination in an administrative review within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

In accordance with section 751(a)(3)(A) of the Act, and 19 CFR 351.213(h)(2), the Department finds that it is not practicable to complete the review within the original time frame because analysis of the issues presented in the case briefs, including the issue related to the U.S. price adjustment for countervailing duties imposed to offset export subsidies, requires additional time. Because it is not practicable to complete this administrative review within the time limit mandated by section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department is fully extending the time limit for completion of the final results to 300 days. Therefore, the final results are due no later than February 5, 2007, the next

business day after 300 days from publication of the preliminary results.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: July 11, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Stainless Steel Wire Rods From India: Notice of Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 19, 2006, the Department of Commerce (The Department) published a notice of its intent to rescind the administrative review of the antidumping duty order on stainless steel wire rods from India for Viraj Alloys, Ltd., Viraj Forgings, Ltd., Viraj Imptoexpo, Ltd., Viraj Smelting, Viraj Profiles, and VSL Wires, Ltd. (collective, the Viraj entities), and Mukand Limited (Mukand) due to the lack of suspended entries of merchandise subject to the order during the period December 1, 2004, through November 30, 2005. See *Stainless Steel Wire Rods from India: Notice of Intent of Rescind Antidumping Duty Administrative Review*, 71 FR 29124 (May 19, 2006). The Department received comments from Mukand and rebuttal comments from the petitioner, Carpenter Technology Corporation, regarding Mukand but did not receive any comments from any parties regarding the Viraj entities. We are now rescinding the administrative review with respect to the Viraj entities and Mukand.

DATES: *Effective Date:* July 18, 2006.

FOR FURTHER INFORMATION CONTACT: Kristin Case or John Holman, AD/CVD Operations Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3174 or (202) 482-3683, respectively.

SUPPLEMENTARY INFORMATION:

Background

After initiating an administrative review of the Viraj entities and Mukand
