

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****[Summary Notice No. PE-2006-22]****Petitions for Exemption; Summary of Petitions Received****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Notice of petitions for exemption received.

SUMMARY: Pursuant to FAA's rulemaking provisions governing the application, processing, and disposition of petitions for exemption part 11 of Title 14, Code of Federal Regulations (14 CFR), this notice contains a summary of certain petitions seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

DATE: Comments on petitions received must identify the petition docket number involved and must be received on or before August 7, 2006.

ADDRESSES: You may submit comments [identified by DOT DMS Docket Number FAA-2006-24689, FAA-2006-24862, and FAA-2006-25210] by any of the following methods:

- **Web Site:** <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- **Fax:** 1-202-493-2251.
- **Mail:** Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-001.

- **Hand Delivery:** Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

FOR FURTHER INFORMATION CONTACT: John Linsenmeyer (202) 267-5174 or Sue Lender (202) 267-8029, Office of Rulemaking (ARM-1), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC, on July 10, 2006.

Anthony F. Fazio,
Director, Office of Rulemaking.

Petitions for Exemption**Docket No.:** FAA-2006-24689.**Petitioner:** Bryan W. Taylor.**Section of 14 CFR Affected:** 14 CFR 21.191(i)(1).

Description of Relief Sought: To allow the petitioner to obtain an experimental airworthiness certificate for the purpose of operating light-sport aircraft for an Interplane SRO Skyboy aircraft.

Docket No.: FAA-2006-24862.**Petitioner:** Hiller Aircraft Corporation.**Section of 14 CFR Affected:** 14 CFR 45.15.

Description of Relief Sought: To allow the petitioner to sell aircraft parts without complying with the marking requirements of part 45.

Docket No.: FAA-2006-25210.**Petitioner:** The Boeing Company.**Section of 14 CFR Affected:** 14 CFR 21.27(a).

Description of Relief Sought: To allow the petitioner's Model BC-17 aircraft to be exempt from the requirement for the aircraft to be accepted for operational use and declared surplus by an armed force of the United States.

BILLING CODE 4910-13-P**DEPARTMENT OF TRANSPORTATION****Federal Highway Administration****[Docket No. FHWA-2006-25366]****Notice of Request To Approve a Revision of a Currently Approved Information Collection: Highway Safety Improvement Program****AGENCY:** Federal Highway Administration (FHWA), DOT.**ACTION:** Notice and request for comments.

SUMMARY: The FHWA has forwarded the information collection request described in this notice to the Office of Management and Budget (OMB) to approve a revision of a currently approved information collection. We published a **Federal Register** Notice with a 60-day public comment period on this information collection on May 4, 2006. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by August 17, 2006.

ADDRESSES: You may send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC, 20503, Attention DOT Desk Officer. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. All comments should include the Docket number FHWA-2006-25366.

FOR FURTHER INFORMATION CONTACT: Mr. Kenneth Epstein, 202-366-2157, Office of Safety, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Highway Safety Improvement Program.

OMB Control No: 2125-0025.

Background: The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) amended Section 148 of Title 23 U.S.C. to establish a new "core" Highway Safety Improvement Program (HSIP) that provides funds to State Departments of Transportation (DOTs) to improve conditions at hazardous highway locations and hazardous railway-highway grade crossings on all public roads, including those maintained by Federal, State and local agencies. The existing provisions of Title 23 U.S.C. 130, Railway-Highway Crossings Program, and 152, Hazard Elimination Program, as well as implementing regulations in 23 CFR part 924, remain in effect. Included in these combined provisions are requirements for State DOTs to annually produce and submit to FHWA by August 31, three reports related to the conduct and effectiveness of their HSIPs, that are to include information on: (a) Progress being made to implement HSIP projects and the effectiveness of these projects in reducing traffic crashes, injuries and fatalities [Sections 148(g) and 152(g)]; (b) progress being made to implement the Railway-Highway Crossings Program and the effectiveness of the projects in that program [Sections 130(g) and 148(g)], which will be used by FHWA to

produce and submit biennial reports to Congress required on April 1, beginning April 1, 2006; and, (c) description of at least 5 percent of the State's highway locations exhibiting the most severe safety needs, including an estimate of the potential remedies, their costs, and impediments to their implementation other than cost for each of the locations listed (i.e., the "5 percent report") [Section 148(c)(1)(D)]. To be able to produce these reports, State DOTs must have crash data and analysis systems capable of identifying and determining the relative severity of hazardous highway locations on all public roads, and determining the "before" and "after" crash experiences at HSIP project locations. This information provides FHWA with a means for monitoring the effectiveness of these programs and may be used by Congress for determining the future HSIP program structure and funding levels. Per SAFETEA-LU, State DOTs have a great deal of flexibility in the methodology they use to rank the relative severity of their public road locations in terms of fatalities and serious injuries. The list of 5 percent of these locations exhibiting the most severe safety needs will result from the ranking methodology used, and may include roadway segments and/or intersections. For example, a State may compare its roadway locations against statewide average rates of fatalities and serious injuries per 100 million vehicle miles traveled for similar type facilities and determine that those segments whose rates exceed the statewide rates are the locations with the "most severe" safety needs, and then at least 5 percent of those locations would be included in the required annual report.

Respondents: 51 State Transportation Departments, including the District of Columbia.

Frequency: This report must be submitted annually.

Estimated Average Burden per Response: 500 hours (This is an increase of 300 burden hours from the current OMB approved 200 burden hours. The new report will take an additional 300 hours plus the 200 hours for the existing two reports).

Estimated Total Annual Burden Hours: 25,500 hours (51 states at an average of 500 hours each).

Electronic Access: Internet users may access all comments received by the U.S. DOT Dockets, Room PL-401, by using the universal resource locator (URL): <http://dms.dot.gov>, 24 hours each day, 365 days each year. Please follow the instructions online for more information and help.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: July 13, 2006.

James R. Kabel,

Chief, Management Programs and Analysis Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement; Arlington County, VA, and Washington, DC

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared, in cooperation with the Virginia Department of Transportation and the District of Columbia Department of Transportation, for potential transportation improvements in the 14th Street Bridge Corridor, from South Capitol Street in Washington, DC to Virginia Route 27 in Arlington, VA, including the 14th Street Bridge over the Potomac River.

FOR FURTHER INFORMATION CONTACT: Jack Van Dop, Senior Technical Specialist, Federal Highway Administration, 21400 Ridgetop Circle, Sterling, VA 20166, Telephone 703-404-6282; or Lisa Thaxton, Environmental Protection Specialist, Federal Highway Administration, 21400 Ridgetop Circle, Sterling, VA 20166, Telephone 571-434-1552.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded by using a computer, modem and suitable communications software from Government Printing Office's Electronic Bulletin Board Service at (202) 512-1661. Internet users may reach the Office of the **Federal Register's** home page at: <http://www.nara.gov/fedreg> and the Government Printing Office's Web site at: <http://www.access.gpo.gov/nara>.

Background

With this notice of intent, the FHWA is initiating the National Environmental Policy Act (NEPA) process including the preparation of an environmental impact statement (EIS), for the 14th Street Bridge Corridor to study potential alternatives to reduce congestion,

enhance safety, and improve traffic operations in the 14th Street Bridge Corridor.

A full range of transportation and demand management alternatives will be considered along with the No Build Alternative, including, but not limited to: Transportation systems management (TSM), transportation demand management (TDM), various modes of transit, build alternatives, facility expansion and/or renovation, evacuation routing, congestion mitigation (including but not limited to incident management, work zone operations, access management and partnering), and bicycle and pedestrian modes. These alternatives will be developed, screened, and subjected to detailed analysis in the draft environmental impact statement based on their ability to address the Purpose and Need, while attempting to avoid known and sensitive resources.

Letters describing the proposed NEPA study and soliciting input will be sent to the appropriate Federal, State and local agencies who have expressed or are known to have an interest or legal role in this proposal. A formal scoping meeting will be held as part of the NEPA process to facilitate local, state, and Federal agency involvement. Private organizations, citizens, and interest groups will also have an opportunity to provide input into the development of the EIS and identify issues that should be addressed. A comprehensive public participation program will be developed to involve the public in the project development process. Notices of public meetings or public hearings will be given through various forums providing the time and place of the meeting along with other relevant information. The draft EIS will be available for public and agency review and comment prior to the public meetings/hearings.

To ensure that the full range of issues related to this proposed action are identified and taken into account, comments and suggestions are invited from all interested parties. Comments and questions concerning this notice of proposed action and when the draft EIS is made available should be directed to the FHWA at the address provided under the caption **FOR FURTHER INFORMATION CONTACT**. Additional information can be obtained by visiting the Web site <http://www.14thStreetBridgeCorridorEIS.com>.
