

are planning to comment. After that, individuals who arrived prior to the start of the meeting on July 18, 2006, and received numbers in the lobby will be called. After all of these individuals have been called, the moderator will then ask for members of the audience who have not provided advance notification or who did not arrive prior to the meeting to come forward, sign-in with the recorder, and then be able to approach the podium to deliver comments.

Send written material and requests to make oral comments to Commander (dpb), Fifth Coast Guard District, Federal Building, 1st Floor, 431 Crawford Street, Portsmouth, VA 23704-5004 or via fax at (757) 398-6334 or by e-mail at gary.s.heyer@uscg.mil.

The agenda of the public meeting will include the following:

- (1) Introduction of panel members.
- (2) Overview of meeting format.
- (3) Background on the proposed rulemaking.
- (4) Statements from citizens.

Statements may be delivered in written form at the public meeting and made part of the docket or delivered orally not to exceed 5 minutes.

Questions

We need assistance from the public in ensuring the Coast Guard fully understands the impact of potential rulemaking on all users of the bridge, both road and waterway usage. We believe that the impacts can be better understood by articulating answers to questions such as those posed below. In responding to the questions listed below, please explain your reasons for each answer as specifically as possible so that we can weigh the impacts and consequences of future actions that we may take. The following are the types of pertinent questions that may be used:

(1) If the SR 175 Bridge opened every two hours, would this have a positive or a negative impact on your business interests? And, what would be the approximate monetary value of this impact per day?

(2) If the SR 175 Bridge opened every two hours, would this increase or decrease the time you spend per day as a motor vehicle commuter? And, approximately how much would your commuting time increase or decrease?

(3) If the SR 175 Bridge opened every two hours and this opening schedule had a negative impact on your business interests, what actions could you take, if any, to minimize the negative impact?

(4) If the SR 175 Bridge continued to open once per hour, would this have a negative or positive financial impact on your life or business? And, what would

be the approximate amount of the negative or positive financial impact per day?

(5) Is there a traffic management plan in place that directs how to manage a vehicle back-up at the SR 175 Bridge? And if there is a plan, what procedures are in place to increase public safety and reduce traffic delays at the Bridge? Any additional information provided on these topics is welcome.

Endangered Fish and Wildlife; Proposed Rule to Implement Speed Restrictions to Reduce the Threat of Ship Collisions with North Atlantic Right Whales

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations to implement speed restrictions on vessels 65 ft (19.8 m) or greater in overall length in certain locations and at certain times of the year along the east coast of the U.S. Atlantic seaboard. The purpose of this proposed rule is to reduce the likelihood of deaths and serious injuries to endangered North Atlantic right whales that result from collisions with ships. These measures are part of NMFS' Ship Strike Reduction Strategy to help recover the North Atlantic right whale. NMFS is requesting comments on the proposed regulations.

DATES: Written comments must be received at the appropriate address or facsimile (fax) number (see **ADDRESSES**) no later than 5 p.m. local time on August 25, 2006.
