Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Teacher Incentive Fund, authorized as part of the FY 2006 Department of Education Appropriations Act, Public Law 109-149, is to support programs that develop and implement performance-based teacher and principal compensation systems in high-need schools.

The specific goals of the Teacher Incentive Fund include: Improving

student achievement by increasing teacher and principal effectiveness; reforming teacher and principal compensation systems so that teachers and principals are rewarded for increases in student achievement; increasing the number of effective teachers teaching poor, minority, and disadvantaged students in hard-to-staff subjects; and creating sustainable performance-based compensation systems.

Priorities: We are establishing these priorities for the FY 2006 grant competition (including any awards we make, using FY 2007 funds, from the list of unfunded applications from this competition), in accordance with section 437(d)(1) of the General Education Provisions Act.

Absolute Priority: For the FY 2006 grant competition (including any awards we make, using FY 2007 funds, from the list of unfunded applications from this competition), this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

Consistent with the program purpose, the grantee must establish a system that provides teachers and principals, or principals only, serving in high-need schools with differentiated levels of compensation based primarily on student achievement gains at the school and classroom levels. This performance-based compensation system must also (a) consider classroom evaluations conducted multiple times during each school year and (b) provide educators with incentives to take on additional responsibilities and leadership roles.

Competitive Preference Priorities: For the FY 2006 grant competition (including any awards we make, using FY 2007 funds, from the list of unfunded applications from this competition), these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award up to an additional 5 points to an application, depending on the extent to which the application meets the priority.

These priorities are:

Competitive Preference Priority 1: We will award up to an additional 5 points depending on the extent to which the applicant documents or provides a plan to establish ongoing support for and commitment to the performance-based compensation system from a significant proportion of the teachers, the principal, and the community, including the applicable governing authority or LEA, for each participating high-need school.

Competitive Preference Priority 2: We will award up to an additional 5 points depending on the extent to which the applicant will provide differentiated

levels of compensation, which may include incentives, to recruit or retain effective teachers and principals (as measured by student achievement gains) in high-need urban and rural schools, and/or in hard-to-staff subject areas such as mathematics and science.

Definitions: The following definitions apply:

A *high-need school* means a school with more than 30 percent of its enrollment from low-income families, based on eligibility for free and reduced price lunch subsidies or other poverty measures that the State permits the LEAs to use. A middle or high school may be determined to meet this definition on the basis of poverty data from feeder elementary schools.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities, definitions, cost-sharing requirements, selection criteria, and performance measures. Section 437(d)(1) of the General Education Provisions Act (20 U.S.C. 1232(d)(1)), however, allows the Secretary to exempt from rulemaking requirements regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program authorized as part of the FY 2006 Department of Education Appropriations Act, Public Law 109–149, and therefore these rules qualify for this exemption. To ensure timely grant awards, the Secretary has decided, under section 437(d)(1), to forego public comment on the priorities, definitions, cost-sharing requirements, selection criteria, and performance measures. These priorities, definitions, cost-sharing requirements, selection criteria, and performance measures will apply to the FY 2006 grant competition (including any awards we make, using FY 2007 funds, from the list of unfunded applications from this competition).

Program Authority: Pub. L. 109–149, 119 Stat. 2864–65.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 81, 82, 84, 85, 97, 98, and 99.

Contingent upon the availability of funds and the receipt of a sufficient number of high-quality applications, we may make additional awards, using FY 2007 funds, from the rank-ordered list of unfunded applications from this competition.

Teacher Incentive Fund-CFDA Number 84.374A is one of the programs included in this

project. We request your participation in Grants.gov.

If you choose to submit your application electronically, you must use the Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

You may access the electronic grant application for Teacher Incentive Fund at: <http://www.grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search.

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are time and date stamped. Your application must be fully uploaded and submitted, and must be date/time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date/time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date/time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>

Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/assests/GrantsgovCoBrandBrochure8X11.pdf>). You must also provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to successfully submit an application via Grants.gov.

The Department will retrieve your application from Grants.gov and send you a second confirmation by e-mail that will include a PR/Award number (an ED-specified identifying number unique to your application).
- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of System Unavailability

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m.,

Washington, DC time, the following business day to enable you to transmit your application electronically, or by hand delivery. You also may mail your application by following the mailing instructions as described elsewhere in this notice. (2) Changes in teacher and principal compensation systems in participating

LEAs, as measured by the percentage of a district's personnel budget that is used for performance-related payments to effective (as measured by student achievement gains) teachers and principals.

All grantees will be expected to submit an annual performance report documenting their success in addressing these performance measures.
