

state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the BLM Farmington Assistant Field Manager for Resources at the address above within 90 days from the date of publication of this notice. If the authorized officer determines that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

This withdrawal proposal will be processed in accordance with the applicable regulations set forth in 43 CFR part 2300.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the public lands described above will remain segregated as specified above unless the application is denied or canceled or the withdrawal is approved prior to that date. Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which will not significantly impact the administrative site may be allowed with the approval of the authorized officer of the BLM during the segregative period.

(Authority: 43 CFR 2310.3-1)

Dated: November 15, 2006.

Joel E. Farrell,

*Assistant Field Manager for Resources,
Farmington Field Office.*

DEPARTMENT OF THE INTERIOR

National Park Service

Intent To Prepare an Environmental Impact Statement for the General Management Plan/Wilderness Study, Ozark National Scenic Riverways, Missouri

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the National Park Service (NPS) is preparing an environmental impact statement (EIS) for a General Management Plan/Wilderness Study (GMP/WS) for Ozark National Scenic Riverways (Riverways). The GMP/WS will prescribe the resource conditions and visitor experiences that are to be achieved and maintained in the Riverways over the next 15 to 20 years.

DATES: To be most helpful to the scoping process, comments should be received within 60 days from the date this notice is published in the **Federal Register**. Public meetings regarding the GMP/WS will be held in September 2006. Please check local media, the park's Web site, <http://www.nps.gov/ozar>; the NPS's Planning, Environment and Public Comment (PEPC) Web site <http://parkplanning.nps.gov>; or contact the Superintendent to find out when and where these meetings will be held.

ADDRESSES: Additionally, if you wish to comment on any issues associated with the GMP/WS, you may submit your comments by any one of several methods. You may mail comments to Superintendent, Ozark National Scenic Riverways, 404 Watercress Drive, P.O. Box 490, Van Buren, Missouri 63965. You may provide comments electronically by entering them into the PEPC Web site at the address above. Finally, you may hand-deliver comments to the Riverways headquarters located off of Business Highway 60 on Watercress Drive in Van Buren, Missouri. Information will be available for public review and comment from the Office of the Superintendent, 404 Watercress Drive, P.O. Box 490, Van Buren, Missouri 63965.

FOR FURTHER INFORMATION CONTACT: Superintendent Noel Poe, Ozark National Scenic Riverways, 404 Watercress Drive, P.O. Box 490, Van Buren, Missouri 63965, telephone, 573-323-4236.

SUPPLEMENTARY INFORMATION: As stated above, the GMP/WS will prescribe the

resource conditions and visitor experiences that are to be achieved and maintained in the Riverways over the next 15 to 20 years. The clarification of what must be achieved according to law and policy will be based on review of the Riverways' purpose, significance, special mandates, and the body of laws and policies directing park management. Based on determinations of desired conditions, the GMP/WS will outline the kinds of resource management activities, visitor activities, development that would be appropriate in the future, and consider whether or not wilderness should be proposed in a portion of the Riverways. A range of reasonable management alternatives will be developed through this planning process and will include, at minimum, a no-action and a preferred alternative. To facilitate sound analysis of environmental impacts, the NPS is gathering information necessary for the preparation of an associated EIS.

As part of the planing process, the NPS is also preparing a WS to evaluate the Big Spring area at the Riverways for possible designation as wilderness. The Big Spring area was one of three areas evaluated for wilderness suitability as part of the 1984 GMP. All three areas were determined not suitable at the conclusion of the suitability assessment. The Big Spring area is now considered suitable because non-conforming uses have been removed. The other two areas considered in 1984, the Upper Jacks Fork and Cardareva areas are not being considered for wilderness designation because of continuing non-conforming uses and the presence of non-Federal land ownership, respectively.

Our practice is to make comments, including names, home addresses, home phone numbers, and e-mail addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information, you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Dated: July 13, 2006.

David N. Given,

Acting Regional Director, Midwest Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

California Bay-Delta Public Advisory Committee Public Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the California Bay-Delta Public Advisory Committee (Committee) will meet on December 14, 2006. This meeting will be held jointly with the California Bay-Delta Authority. The agenda for the joint meeting will include discussions with State and Federal agency representatives on end of Stage 1 decisions and planning for Stage 2 actions for the CALFED Bay-Delta Program (Program); and recommendations on Year 6 Program Performance and Accomplishments, Year 7 Priorities and Program Plans, and Program Performance and Balance. The meeting will also include reports from the Lead Scientist and the Independent Science Board, along with updates on the Delta Vision, Delta Risk Management Strategy, Pelagic Organisms Decline Action Plan, and Program Performance and Tracking.

DATES: The meeting will be held on Thursday, December 14, 2006, from 9 a.m. to 4 p.m. If reasonable accommodation is needed due to a disability, please contact Colleen Kirtlan at (916) 445-5511 or TDD (800) 735-2929 at least 1 week prior to the meeting.

ADDRESSES: The meeting will be held at the Sacramento Convention Center located at 1400 J Street, Sacramento, California.

FOR FURTHER INFORMATION CONTACT: Diane Buzzard, U.S. Bureau of Reclamation, at (916) 978-5022 or Julie Alvis, California Bay-Delta Program, at (916) 445-5551.

SUPPLEMENTARY INFORMATION: The Committee was established to provide advice and recommendations to the Secretary of the Interior on implementation of the CALFED Bay-Delta Program. The Committee makes recommendations on annual priorities, integration of the eleven Program elements, and overall balancing of the four Program objectives of ecosystem

restoration, water quality, levee system integrity, and water supply reliability. The Program is a consortium of State and Federal agencies with the Mission to develop and implement a long-term comprehensive plan that will restore ecological health and improve water management for beneficial uses of the San Francisco/Sacramento and San Joaquin Bay Delta.

Committee agendas and meeting materials will be available prior to all meetings on the California Bay-Delta Program Web site at <http://calwater.ca.gov> and at the meetings. These meetings are open to the public. Oral comments will be accepted from members of the public at each meeting and will be limited to 3-5 minutes.

Authority: The Committee was established pursuant to the Department of the Interior's authority to implement the Water Supply, Reliability, and Environmental Improvement Act, Pub. L. 108-361; the Fish and Wildlife Coordination Act, 16 U.S.C. 661 *et seq.*; the Endangered Species Act, 16 U.S.C. 1531 *et seq.*; and the Reclamation Act of 1902, 43 U.S.C. 391 *et seq.*, and the acts amendatory thereof or supplementary thereto, all collectively referred to as the Federal Reclamation laws, and in particular, the Central Valley Project Improvement Act, 34 U.S.C. 3401.

Dated: November 14, 2006.

Allan Oto,

Special Projects Officer, Mid-Pacific Region, U.S. Bureau of Reclamation.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Determination of Valid Existing Rights Within the Daniel Boone National Forest, KY

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Notice of decision.

SUMMARY: This notice announces our decision on a request for a determination of valid existing rights (VER) under section 522(e) of the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). We have determined that Sturgeon Mining Company, Inc. (Sturgeon Mining or Sturgeon) possesses VER for a coal haulroad within the boundaries of the Daniel Boone National Forest in Owsley County, Kentucky. This decision will allow Sturgeon to obtain a Kentucky surface coal mining and reclamation permit for the road in question and to
