The Department has conducted expedited sunset reviews of the Orders and has determined that revocation of the Orders would be likely to lead to continuation or recurrence of dumping, in accordance with section 752(c) of the Act. The dumping margins likely to prevail are identified in the "Final Results of Sunset Reviews" section of this notice.

EFFECTIVE DATE: December 5, 2006.

SUPPLEMENTARY INFORMATION:

Background:

In August 2006, pursuant to section 751(c) of the Act, the Department

published a notice of initiation of the sunset reviews of the Orders, among others.¹ The Department received notices of intent to participate from: United States Steel Corporation, Mittal Steel USA Inc., Nucor Corporation, Gallatin Steel Company, Steel Dynamics Inc., IPSCO Steel Inc., and United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union ("USW"), within the deadline specified in 19 CFR § 351.218(d)(1)(i). These parties claimed interested party status under sections 771(9)(C) or (D) of the Act, as producers of a domestic like product, or as a union whose members are engaged in the production of a domestic like product.

The Department received complete substantive responses from the parties identified above, except for USW, within the deadline specified in 19 CFR § 351.218(d)(3)(i). The Department received no responses from respondent interested parties with respect to any of the Orders. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR § 351.218(e)(1)(ii) (C)(2), the Department has conducted expedited sunset reviews of the Orders.²

Scope of the Orders

The products covered by the Orders are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Further particulars of the scopes of the Orders may be found in the following **Federal Register** notices as indicated for the country of production: for Argentina

and South Africa,³ the PRC,⁴ India,⁵ Indonesia,⁶ Kazakhstan,⁷ Romania,⁸ Taiwan,⁹ Thailand,¹⁰ and Ukraine.¹¹ The merchandise is currently classified under the item numbers of the Harmonized Tariff Schedule of the United States (“HTSUS”) listed in the respective **Federal Register** notices identified above. Although the HTSUS item numbers are provided for convenience and customs purposes, the written descriptions of the scope of the Orders remain dispositive.

Postponement of Preliminary Determination of Antidumping Duty Investigation: Certain Polyester Staple Fiber from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 5, 2006.

FOR FURTHER INFORMATION CONTACT:

Michael Holton or Paul Walker, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1324 or (202) 482-0413, respectively.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determination

On July 13, 2006, the Department of Commerce ("Department") initiated the antidumping duty investigation of certain polyester staple fiber from the People's Republic of China. *See Initiation of Antidumping Duty Investigation: Certain Polyester Staple Fiber from the People's Republic of China*, 71 FR 41201 (July 20, 2006) ("Initiation Notice"). The Initiation Notice stated that the Department would make its preliminary determination for this antidumping duty investigation no later than 140 days after the date of issuance of the initiation (*i.e.*, November 30, 2006).

We have determined that this investigation is extraordinarily complicated within the meaning of section 733(c)(1)(B)(i) of the Tariff Act of 1930, as amended ("the Act"). On November 16, 2006, the Department notified parties to the investigation that it intended to postpone the preliminary determination for reasons provided in this notice. *See Memorandum to the file*, from Michael Holton, *Postponement of Preliminary Determination of Antidumping Duty Investigation: Certain Polyester Staple*

Fiber from the People's Republic of China, dated November 16, 2006.

Specifically, we find that the Department requires additional time to gather more information from all the mandatory respondents regarding market-economy inputs, affiliations, establishing the proper date of sale and the allocation methodology used to report certain factors of production. In addition, the Department also requires additional time to evaluate the separate-rate applications.

Therefore, it is the Department's decision to postpone the current preliminary determination so that all of the issues currently under investigation at this time can be addressed in the most complete manner possible. For the reasons identified above, we are postponing the preliminary determination under section 733(c)(1)(B) of the Act by fifteen days to December 15, 2006. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to sections 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 28, 2006.

Assistant Secretary for Import Administration.

Solid Agricultural Grade Ammonium Nitrate from Ukraine; Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 1, 2006, the Department of Commerce ("Department") initiated a sunset review of the antidumping duty order on solid agricultural grade ammonium nitrate from Ukraine pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and a complete substantive response filed on behalf of the domestic interested parties and an inadequate response from respondent interested parties, the Department conducted an expedited sunset review of the antidumping duty order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B).

As a result of this sunset review, the Department finds that revocation of the order would likely lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: December 5, 2006.

FOR FURTHER INFORMATION CONTACT:

Audrey Twyman, Damian Felton, or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3534, (202) 482-0133, and (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2006, the Department initiated a sunset review of the antidumping duty order on solid agricultural grade ammonium nitrate ("ammonium nitrate") from Ukraine pursuant to section 751(c) of the Act. *See Initiation of Five-year (Sunset) Reviews*, 71 FR 43443 (August 1, 2006) ("Notice of Initiation"). The Department received a notice of intent to participate from the following domestic parties: the Committee for Fair Ammonium Nitrate Trade ("COFANT") and its individual producer members, El Dorado Chemical Company and Terra Industries, Inc. (also known as "domestic interested parties") within the deadline specified in 19 CFR 351.218(d)(1)(I). COFANT claims interested party status under section 771(9)(C) of the Act as domestic manufacturers of ammonium nitrate for its members.

The Department received a complete substantive response collectively from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department also received a substantive response from respondent interested party, Open Joint Stock Company "Azot," within the deadline specified in 19 CFR 351.218(d)(3)(i). On September 7, 2006, the domestic interested parties submitted a rebuttal to Azot's substantive response. On September 20, 2006, the Department determined that the respondent interested party did not account for more than 50 percent of exports by volume of the subject merchandise, because it reported that it had no exports during the 2001-2005 sunset review period. Therefore, the Department concluded that the respondent interested party did not submit an adequate response to the Department's *Notice of Initiation*. *See Memorandum to Susan H. Kuhbach* entitled, "Adequacy Determination in
