SUPPLEMENTARY INFORMATION: Title: 30 CFR Part 210—Forms and Reports.

OMB Control Number: 1010-0140.

Bureau Form Number: Form MMS-2014.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the

OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

The Federal Oil and Gas Royalty Management Act (FOGRMA) of 1982, 30 U.S.C. 1701 *et seq.*, states in Section 101(a) that the Secretary "* * * shall establish a comprehensive inspection, collection, and fiscal and production accounting and auditing system to provide the capability to accurately determine oil and gas royalties, interest, fines, penalties, fees, deposits, and other payments owed, and collect and account for such amounts in a timely manner." The MMS collects the information on Form MMS-2014, Report of Sales and Royalty Remittance, which is the only document used for reporting oil and gas royalties, certain rents, and other lease-related transactions (e.g., transportation and processing allowances, lease adjustments, and quality and location differentials). The information collected includes data necessary to ensure that the royalties are paid appropriately.

The persons or entities described under FOGRMA at 30 U.S.C. 1713 are required to make reports and submit reasonable information as defined by the Secretary. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share (royalty) of the value received from production from the leased lands. The lease creates a business relationship between the lessor and the lessee. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is similar to data reported to private and public mineral interest owners and is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals.

Public laws pertaining to mineral royalties are located on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

The MMS is requesting OMB's approval to continue to collect this information using Form MMS-2014. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in

loss of royalty payments. Any proprietary information submitted is protected, and there are no questions of a sensitive nature included in this information collection. The requirement to respond is mandatory.
Frequency: Monthly and as required.

Estimated Number and Description of Respondents: 2,070 lessees.
Estimated Annual Reporting and Recordkeeping "Hour" Burden: 158,821 hours.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of

the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on November 21, 2005 (70 FR 70092), announcing that we would submit this

ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by November 20, 2006.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Upon request, we will withhold an individual respondent's home address from the public record, as allowable by law. There also may be circumstances in which we would withhold a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state your request prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Notice of Availability for the Final General Management Plan and Environmental Impact Statement for the North Unit of Badlands National Park, SD

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the Final General Management Plan and Environmental Impact Statement (GMP/EIS) for Badlands National Park—North Unit.

DATES: The NPS will execute a record of decision (ROD) no sooner than 30 days following the publication of a notice of availability for the final GMP/EIS in the **Federal Register** by the Environmental Protection Agency.

ADDRESSES: Copies of the final GMP/EIS are available upon request by writing the Superintendent, Badlands National

Park, P.O. Box 6, Interior, South Dakota 57750-0006. The document is also available to be picked up at park headquarters located at Cedar Pass in Interior, South Dakota. In addition, the final GMP/EIS is available on the Internet at:

<http://parkplanning.nps.gov/>.

FOR FURTHER INFORMATION CONTACT: Superintendent Paige Baker, P.O. Box 6, Interior, South Dakota 57750-0006, telephone 605-433-5280.

SUPPLEMENTARY INFORMATION: The NPS prepared a Draft GMP/EIS for Badlands National Park and made it available for public review for 90 days (September 2005 to January 2006), during which time the NPS distributed over 300 copies of the draft. The draft was available at the Badlands National Park and on the Internet. A total of 17 written comments were received, and 25 participants attended 3 open houses. The general opinion from the public comment period is that the correct path to pursue for future management of the Badlands National Park is the preferred alternative, Alternative B. Comments from individuals and public agencies did not require the addition of other alternatives, significantly alter existing alternatives, or make changes to the impact analysis of the effects of any alternative.

Our practice is to make comments, including names, home addresses, home phone numbers, and e-mail addresses of respondents available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Dated: September 1, 2006.
