

DEPARTMENT OF EDUCATION**The Historically Black Colleges and Universities Capital Financing Advisory Board**

AGENCY: The Historically Black Colleges and Universities Capital Financing Board, Department of Education.

ACTION: Notice of meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of an upcoming meeting of the Historically Black Colleges and Universities Capital Financing Advisory Board. The notice also describes the functions of the Board. Notice of this meeting is required by section 10(a)(2) of the Federal Advisory Committee Act and is intended to notify the public of their opportunity to attend.

FOR FURTHER INFORMATION CONTACT: Steven Pappas, Executive Director, Historically Black Colleges and Universities Capital Financing Program, 1990 K Street, NW., Washington, DC 20006; telephone: 202 502-7566; fax: 202 502-7852; e-mail: Steven.Pappas@ed.gov.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service at 1-800-877-8339, between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The Historically Black Colleges and Universities Capital Financing Advisory Board (Board) is authorized by Title III, Part D, Section 347 of the Higher Education Act of 1965, as amended in 1998 (20 U.S.C. 1066f). The Board is established within the Department of Education to provide advice and counsel to the Secretary and the designated bonding authority as to the most effective and efficient means of implementing construction financing on historically black college and university campuses and to advise Congress regarding the progress made in implementing the program. Specifically, the Board will provide advice as to the capital needs of Historically Black Colleges and Universities, how those needs can be met through the program, and what additional steps might be taken to improve the operation and implementation of the construction financing program.

The meeting will be held from 10 a.m. to 3 p.m., Friday, October 27, 2006, at the Gallery Lounge, Blackburn Center, Howard University, 2400 Sixth Street, NW., Washington, DC 20059.

The purpose of this meeting is to review current program activities and to make recommendations to the Secretary

on the current capital needs of Historically Black Colleges and Universities.

Individuals who will need accommodations for a disability in order to attend the meeting (e.g., interpreting services, assistance listening devices, or materials in alternative format) should notify Paula Hill at 202 502-7795, no later than October 23, 2006. We will attempt to meet requests for accommodations after this date but cannot guarantee their availability. The meeting site is accessible to individuals with disabilities.

Records are kept of all Board proceedings and are available for public inspection at the Office of The Historically Black Colleges and Universities Capital Financing Advisory Board (Board), 1990 K Street, NW., Washington, DC 20006, from the hours of 9 a.m. to 5 p.m., Monday through Friday.

James F. Manning,

Acting Assistant Secretary for Postsecondary Education.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-318]

Application To Export Electric Energy; CSW Power Marketing

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: CSW Power Marketing (CPMI) has applied for authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or requests to intervene must be submitted on or before November 15, 2006.

ADDRESSES: Comments, protests, or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-5860).

FOR FURTHER INFORMATION CONTACT: Ellen Russell (Program Office) 202-586-9624 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On September 18, 2006, the Department of Energy (DOE) received an application from CPMI for authority to transmit electric energy from the United States to Mexico as a power marketer. CPMI has requested an electricity export authorization with a 5-year term. CPMI does not own or control any generation, transmission, or distribution assets, nor does it have a franchised service area. The electric energy which CPMI proposes to export to Mexico would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the U.S.

CPMI will arrange for the delivery of exports to Mexico over the international transmission facilities owned by San Diego Gas & Electric Company, El Paso Electric Company, Central Power & Light Company, Sharyland Utilities, and Comision Federal de Electricidad, the national electric utility of Mexico.

The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by CPMI has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

DOE notes that CPMI shall have no authority to export electricity to Mexico until the conclusion of this proceeding and the issuance of an order granting authority to export.

Procedural Matters: Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the dates listed above.

Comments on the CPMI application to export electric energy to Mexico should be clearly marked with Docket No. EA-318. Additional copies are to be filed directly with John C. Crespo, American Electric Power, 155 W. Nationwide Blvd., Suite 500, Columbus, Ohio 43215 and John R. Lilyestrom, Geo. F. Hobday, Jr., Hogan & Hartson, LLP, 555 13th Street, NW., Washington, DC 20004.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://www.oe.energy.gov/permitting/electricity_imports_exports.htm, or by e-mailing Odessa Hopkins at Odessa.hopkins@hq.doe.gov.

Issued in Washington, DC, on October 10, 2006.

Anthony J. Como,

Director, Permitting and Siting, Office of Electricity Delivery and Energy Reliability.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[Docket No. EA-294-A]

Application To Export Electric Energy; TexMex Energy, LLC

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: TexMex Energy, LLC (TexMex) has applied to renew its authorization to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before November 15, 2006.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-5860).

FOR FURTHER INFORMATION CONTACT: Ellen Russell (Program Office) 202-586-9624 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On August 25, 2004, the Department of Energy (DOE) issued Order No. EA-294 authorizing TexMex to transmit electric energy from the United States to Mexico for a two-year term. That authorization expired on August 25, 2006.

On September 8, 2006, TexMex filed an application with DOE for renewal of the export authority contained in Order No. EA-294. TexMex proposes to export electric energy to Mexico and to arrange for the delivery of those exports over the

international transmission facilities presently owned by Central Power and Light Company, Sharyland Utilities, and Comision Federal de Electricidad, the national electric utility of Mexico.

In its application TexMex states, without further explanation, that it was unable to file its renewal application prior to the expiration of its current export authorization on August 25, 2006. TexMex requests that its renewal request be granted as soon as possible.

DOE notes that TexMex did not utilize its previous authority to export electricity to Mexico during the two-year term of Order No. EA-294, as verified by quarterly reports filed with DOE by TexMex and as stated in their current renewal application. TexMex's previous authorization permitted an application for renewal to be filed within six months prior to expiration of its authorization on August 25, 2006. Renewal applications must be filed at least sixty days prior to expiration in order to provide DOE with sufficient time to process an application and provide adequate opportunity for public comment.

TexMex has not demonstrated sufficient good cause for DOE to expedite the processing of its renewal application by the use of a shortened public comment period. Therefore, in this notice, DOE has retained the normal thirty-day public comment period for the filing of comments, protests, or petitions to intervene.

DOE notes that TexMex shall have no authority to export electricity to Mexico until the conclusion of this proceeding and the issuance of another order granting authority to export.

Procedural Matters: Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the FERC's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with the DOE on or before the date listed above.

Comments on the TexMex application to export electric energy to Mexico should be clearly marked with Docket EA-294-A. Additional copies are to be filed directly with Guillermo Gonzalez G., c/o Protama S.A. de C.V., Tonalá 44, Col. Roma, 06700 Mexico D.F., Mexico and Douglas F. John, John & Hengerer, 1200 12th Street, NW., Suite 600, Washington, DC 20036-3013.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant

to the National Environmental Policy Act of 1969 (NEPA), and a determination is made by the DOE on whether the proposed action would adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the program's Web site at http://www.oe.energy.gov/permitting/electricity_imports_exports.htm.

Issued in Washington, DC, on October 10, 2006.

Anthony J. Como,

Director, Permitting and Siting, Office of Electricity Delivery and Energy Reliability.

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8231-2; EPA-HQ-Docket ID No. EPA-ORD-2006-0666]

Approaches To Estimating the Waterborne Disease Outbreak Burden in the United States: Uses and Limitations of the Waterborne Disease Outbreak Surveillance System; External Review Draft

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of peer-review workshop.

SUMMARY: EPA is announcing that Versar, Inc., an EPA contractor for external scientific peer review, will convene an independent panel of experts and organize and conduct a two-day external peer-review workshop to review the external review draft document titled, "Approaches to Estimating the Waterborne Disease Outbreak Burden in the United States: Uses and Limitations of the Waterborne Disease Outbreak Surveillance System" (EPA/600/R-06/069).

On September 15, 2006 (71 FR 54481), EPA announced a 30-day public comment period for the draft document. The public comment period ends October 16, 2006. The draft document was prepared by the National Center for Environmental Assessment (NCEA) within EPA's Office of Research and Development.

The public comment period and the external peer-review workshop are separate processes that provide opportunities for all interested parties to comment on the document. In addition to consideration by EPA, all public comments submitted in accordance with this notice will also be forwarded to
