

the 2002 Suspension Agreement. Pursuant to the terms of the 2002 Suspension Agreement, signatory growers/exporters may withdraw from the agreement upon 90 days written notice to the Department. Therefore, these withdrawals from the 2002 Suspension Agreement become effective on February 24, 2008, or earlier at the Department's discretion. Virtually all imports of fresh tomatoes from Mexico into the United States are accounted for by those growers/exporters which have withdrawn from the 2002 Suspension Agreement; the few signatories remaining in the 2002 Suspension Agreement will not account for substantially all of the imports of subject merchandise once the withdrawal becomes effective.

Accordingly, because the 2002 Suspension Agreement will not cover substantially all imports of fresh tomatoes from Mexico without the participation of the growers/exporters which provided their notice of withdrawal on November 26, 2007, the Department is terminating the 2002 Suspension Agreement, effective January 18, 2008.

Termination of Five-Year Sunset Review

On November 1, 2007, the Department initiated a five-year sunset review of the suspended antidumping investigation on fresh tomatoes from Mexico pursuant to section 751(c) of the Act. See *Initiation of Five-Year (Sunset) Reviews*, 72 FR 61861 (November 1, 2007). Because the Department is terminating the 2002 Suspension Agreement, there is no longer a suspended investigation for which to perform a sunset review. Therefore, the Department is terminating the sunset review of the suspended LTFV investigation on fresh tomatoes from Mexico, effective January 18, 2008.

Resumption of Antidumping Investigation

With the termination of the 2002 Suspension Agreement, effective January 18, 2008, the Department is resuming the underlying antidumping investigation, in accordance with section 734(i)(1)(B) of the Act. Pursuant to section 734(i)(1)(B) of the Act, the Department resumes the investigation as if it had published the affirmative preliminary determination under section 733(b) of the Act on January 18, 2008.

As explained in the *Preliminary Determination*, 61 FR at 56609, the Department postponed the final determination in this investigation until

the 135th day after the date of the preliminary determination. Accordingly, the Department intends to issue its final determination in the resumed investigation by June 2, 2008.

Verification

As provided in section 782(i) of the Act, the Department will verify all information determined to be acceptable for use in making the final determination.

Suspension of Liquidation

The Department will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of fresh tomatoes from Mexico that are entered, or withdrawn from warehouse, for consumption on or after January 18, 2008, the effective date of the termination of the 2002 Suspension Agreement. CBP shall require antidumping duty cash deposits or bonds for entries of the subject merchandise based on the preliminary dumping margins, which are as follows:

Grower/Exporter	Weighted-average margin percentage
San Vicente Camalu	4.16
Ernesto Fernando Echavarría Salazar Grupo Solidario	11.89
Arturo Lomeli Villalobos S.A. de C.V.	26.97
Eco-Cultivos S.A. de C.V.	188.45
Ranchos Los Pinos S. de R.L. de C.V.	10.26
Administradora Horticola del Tamazula	28.30
Agrícola Yory, S. de P.R. de R.I.	11.95
All Others	17.56

International Trade Commission

The Department will notify the ITC of its termination of the 2002 Suspension Agreement, termination of the sunset review of the suspended investigation, and resumption of the LTFV investigation. If the Department makes a final affirmative determination, the ITC is scheduled to make its final determination concerning injury within 45 days after publication of the Department's final determination. If both the Department's and the ITC's final determinations are affirmative, the Department will issue an antidumping duty order.

Administrative Protective Order Access

Administrative protective orders previously granted in the original investigation will remain in effect. Any necessary amendments for changes in staff must be submitted promptly. Parties must use the APO application

form in effect at the time of the original investigation, Form ITA-367(3.89).

We are issuing and publishing this determination under section 733(f) of the Act and 19 CFR 353.15.

Dated: January 10, 2008.

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On September 12, 2007, the Department of Commerce ("the Department") published *Helical Spring Lock Washers From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review*, 72 FR 52073 ("Preliminary Results"). This review covers the period October 1, 2005, through September 30, 2006. The final results are currently due by January 10, 2008.

Extension of Time Limit for Final Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a final determination in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results are published. The Act further provides, however, that the Department may extend that 120-day period to 180 days after the preliminary results if it determines it is not practicable to complete the review within the foregoing time period.

The Department finds that it is not practicable to complete the final results of the administrative review of helical spring lock washers from the People's Republic of China within the 120-day period due to complex issues the parties have raised regarding which countries to exclude from certain surrogate values. In accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the final results of this review by 5 days to 125 days after the date on which the preliminary results were published. Therefore, the final results are now due no later than January 15, 2008.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: January 10, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Honey From the People's Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is currently conducting the aligned semi-annual 2005-2006 new shipper review and 2005-2006 administrative review of the antidumping duty order on honey from the People's Republic of China ("PRC"). The period of review ("POR") for both the new shipper review and administrative review is December 1, 2005, through November 30, 2006. Five respondents reported that they had no exports or sales of the subject merchandise during the POR; therefore, we are preliminarily rescinding our review of these companies. We preliminarily determine that Wuhu Qinshi Tangye Co., Ltd. ("Wuhu Qinshi"); Jiangsu Light Industry Products Imp & Exp (Group) Corp. ("Jiangsu Light"); Qinhuangdao Municipal Dafeng Industrial Co., Ltd. ("QMD"); and Inner Mongolia Altin Bee-Keeping ("IMA") have failed to cooperate by not acting to the best of their ability to comply with our requests for information and, as a result, should be assigned a rate based on adverse facts

available. Additionally, we have preliminarily determined that, because the Department has not calculated antidumping duty margins in this segment of the proceeding, the two separate rate companies in the administrative review will be assigned the separate rate margin from the most recent segment of this proceeding in which such a rate was calculated, which in this case is the less than fair value ("LTFV") investigation. Finally, we have preliminarily determined that QHD Sanhai Honey Co., Ltd. ("QHD Sanhai"), the new shipper respondent, did not make sales of subject merchandise to the United States below normal value. If these preliminary results are adopted in our final results of this review, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries of subject merchandise during the POR.

Interested parties are invited to comment on these preliminary results. We will issue the final results no later than 120 days from the date of publication of this notice.

EFFECTIVE DATE: January 16, 2008.
