As a result of the ITC's final determination, in accordance with section 706(a) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, countervailing duties on all unliquidated entries of OTR tires from the PRC entered, or withdrawn from warehouse, for consumption on or after December 17, 2007, the date on which the Department published its preliminary affirmative countervailing duty determination in the **Federal Register**, and before April 15, 2008, the date on which the Department instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of OTR tires made on or after April 15, 2008, and prior to the date of publication of the ITC's final determination in the **Federal Register** are not liable for the assessment of countervailing duties, due to the Department's discontinuation, effective April 15, 2008, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute the suspension of liquidation for OTR tires from the PRC, effective the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC's final injury determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the rates noted below:

| Guizhou Tire Co., Ltd. (GTC) | 2.45 |
| Hebei Starbright Tire Co., Ltd. (Starbright) | 14.00 |

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this proceeding and to which we have responded are listed in the Appendix to this notice and addressed in the Issues and Decision Memorandum ("*Final Decision Memo*"), which is hereby adopted by this notice. Parties can find a complete discussion of the issues raised in this administrative review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit of the main Department building. In addition, a copy of the *Final Decision Memo* can

be accessed directly on our Web site at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the *Final Decision Memo* are identical in content.

Rescission of Review

In our *Preliminary Rescission*, in accordance with 19 CFR 351.213(d)(3), we preliminarily rescinded the review for all four orders for Truper. For these final results, in accordance with 19 CFR 351.213(d)(3), we are continuing to rescind this administrative review with respect to all four orders for Truper. The Department verified data from Truper, which supports its claim that it did not export subject merchandise to the United States during the POR. Furthermore, no party placed evidence on the record demonstrating that Truper exported the merchandise identified above during the POR to the United States since the issuance of the *Preliminary Rescission*. Therefore, in accordance with 19 CFR 351.213(d)(3) and consistent with the Department's practice, we are rescinding this administrative review with respect to the hammers/sledges, picks/mattocks, axes/adzes, and bars/wedges for Truper.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a) and 777(i) of the Tariff Act of 1930, as amended.

Dated: August 28, 2008.

David M. Spooner,
Assistant Secretary for Import Administration.
