Notice is hereby given that on March 6, 2008, a proposed Supplemental Consent Decree in *United States v. NCR Corp. and Allfirst Financial Center, National Association*, Civil Action No. 01-593-SLR, was lodged with the United States District Court for the District of Delaware.

In a civil action filed on August 31, 2001, under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), the United States sought recovery of response costs from NCR Corporation and Allfirst Financial Center, National Association (predecessor to Manufacturers and Traders Trust Company), in connection with the NCR Corporation Superfund Site in Millsboro, Delaware ("the Site"). The Consent Decree reserved the right of the United States to seek further response costs from the defendants. Pursuant to that reservation of rights, the United States now seeks to recover response costs incurred since February 14, 2001. The proposed Supplemental Consent Decree lodged on March 6, 2008, resolves the liability of the defendants for response costs incurred by the United States in connection with the Site between February 14, 2001 and August 1, 2006, and requires defendants to pay \$124,765 in reimbursement of response costs incurred through August 1, 2006.
