POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:**STORAGE:**

Records will be stored in the International Freight Data System Database located at the System Manager site as well as at each participating DOT OA site. Any IFDS paper records will be stored at the Research and Innovative Technology Administration, Room E36-120, U.S. DOT Headquarters Building. There is one database (IFDS), which contains international freight data for use by DOT and maintained by RITA. The IFDS obtains its data for the Department of Transportation via an interface with the Department of Homeland Security, U.S. Customs and Border Protection, International Trade Data System.

RETRIEVABILITY:

Records are retrievable by an individual's name and the categories listed in "Categories of records in the system."

SAFEGUARDS:

Access to the system is limited to authorized users of IFDS and the system administrator managing user IDs and passwords. Physical access to the system and manual records is restricted through security guards and access badges required to enter the facility where IFDS equipment and records are located. The manual records storage location, Room E36-120, is locked when not in use.

RETENTION AND DISPOSAL:

Records maintained in the IFDS cover the most recent two to three year period depending upon the participating OA's particular needs and authorities. Historical data will be archived and maintained in a secure manner in accordance with federal regulations governing electronic data records retention and disposal in accordance with the National Archives and Records Administration's record retention schedule. Standard Form 115 will be used to gain authority for the disposition of the records.
