The area described contains 292.46 acres, more or less.

This parcel of land is offered for sale to Nye County, Nevada at no less than the fair market value (FMV) of \$818,900 as determined by the authorized officer. An appraisal report has been prepared by a state certified appraiser for the purposes of establishing FMV.

Consistent with Section 203 of FLPMA, the tract of the lands may be sold where, as a result of approved land use planning, the sale of the tract meets the disposal criteria. These lands are identified as suitable for disposal in the BLM Las Vegas Resource Management Plan (RMP), approved October 5, 1998. BLM has determined that the proposed action conforms to the land use plan decision, LD-1, in that RMP. LD-1 provides that the Las Vegas Field Office should dispose of this property to local governmental entities as identified by a local government and is consistent with community plans. The EA, master title

plat, map, and approved appraisal report for the proposed sale are available for review at the Las Vegas Field Office.

This sale meets the criteria found in 43 CFR 2710.0-3(a)(2) which states that disposal of such tract shall serve important public objectives, including but not limited to, expansion of communities and economic development, which cannot be achieved prudently or feasibly on lands other than public lands and which outweigh other public objectives and values, including, but not limited to, recreation and scenic values, which would be served by maintaining such tract in Federal ownership.

Lands totaling approximately 353.12 acres were identified for a non-competitive direct sale under special legislation, Public Law 106-113, through a notice published in the **Federal Register** on March 9, 2001. Of these lands, 60.66 acres, more or less, were conveyed to Nye County by Patent Number 27-2002-0059, dated July 18, 2002. Public Law 106-113 expired on November 29, 2004.

On March 30, 2006, Nye County submitted a letter to the BLM requesting to purchase the remaining 292.46 acres, more or less, of lands pursuant to 43 CFR 2710.0-6(c)(3)(iii), Sections 203 and 209 of FLPMA, and the Federal Land Transaction Facilitation Act (Public Law 106-248). Pursuant to that request from Nye County, the BLM proposes to offer by sale this parcel of land located in the Amargosa Valley.

This parcel is surrounded on the south side by private lands and the remaining sides by public lands. Access to the parcel is from U.S. Highway 95.

A direct sale (without competition) may be utilized, when in the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by direct sale. An example includes, but is not limited to, a tract identified for transfer to State or local government.

Certain minerals for this parcel will be reserved to the United States in accordance with BLM approved Mineral Potential Report, dated February 29, 2000. Information pertaining to the reservation of minerals specific to the parcel is located in the case file and available for review at the Las Vegas Field Office.

The parcel may be subject to applications received prior to publication of this notice if processing the application would have no adverse effect on the marketability of title, or the FMV of the parcel. Encumbrances of records, appearing in the BLM files for the parcel offered for sale, are available for review during business hours, 7:30 a.m. to 4:30 p.m., Pacific Time, Monday through Friday, at the Las Vegas Field Office. BLM is not a party to any 1031 Exchange.

In the event of a sale, the unreserved mineral interests will be conveyed simultaneously with the sale of the land. These unreserved mineral interests have been determined to have no known mineral value pursuant to 43 CFR 2720.0–6 and 2720.2(a).

Acceptance of the sale offer will constitute an application for conveyance of those unreserved mineral interests. The purchaser will be required to pay a \$50 non-refundable filing fee for conveyance of the available mineral interests. In accordance with BLM's authority to conduct direct sales, BLM is borrowing some of the competitive bid procedures as set forth below. The purchaser will have until 4 p.m., Pacific Time, 30 days from the date of receiving the sale offer to accept the offer and submit a deposit of 20 percent of the purchase price, the \$50 filing fee for conveyance of mineral interests, and payment of publication costs to the Las Vegas Field Office. The purchaser must remit the remainder of the purchase price within 180 days from the date of receiving the sale offer to the Las Vegas Field Office. Payments must be received by certified check, postal money order, bank draft, or cashier's check payable to the U.S. Department of the Interior—BLM. Failure to meet conditions established for this sale will void the sale and any monies received will be forfeited. Arrangements for electronic fund transfer to BLM for the balance due shall be made a minimum of two weeks prior to the date you wish to make payment.

The BLM may accept or reject any or all offers to purchase any parcel, or may withdraw any parcel of land or interest therein from sale, if, in the opinion of the authorized officer, consummation of the sale would not be fully consistent with the FLPMA or other applicable laws or is determined to not be in the public interest.

For a period until *July 7, 2008*, interested parties may submit written comments to the Las Vegas Field Office.
