

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Approved by the Office of Management and Budget

August 18, 2008.

**SUMMARY:** The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

**FOR FURTHER INFORMATION CONTACT:**

Leslie Haney, *Leslie.Haney@fcc.gov*, (202) 418–1002.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060–1119.

*OMB Approval Date:* August 12, 2008.

*Expiration Date:* August 31, 2011.

*Title:* Information Collection

regarding Redundancy, Resiliency and Reliability of 911 and E911 Networks and/or Systems as set forth in the Commission's Rules (47 CFR 12.3).

*Form No.:* Not applicable.

*Estimated Annual Burden:* 74

responses; 120 hours for local exchange carriers, 72 hours for commercial mobile radio service providers, and 40 hours for interconnected Voice over Internet Protocol service providers per response; 7,792 hours total per year.

*Obligation to Respond:* Mandatory.

*Nature and Extent of Confidentiality:*

These reports will contain sensitive data and, for reasons of national security and the prevention of competitive injury to reporting entities, Section 12.3 of the Commission's rules specifically states that all reports will be afforded confidential treatment. Data in these reports will be considered confidential information that is exempt from routine public disclosure under the Freedom of Information Act (FOIA) Exemption 4. See 47 CFR 0.457 and 5 U.S.C. 552(b)(4); see also Homeland Security Presidential Directive 7, Part 10. These reports will be shared pursuant to a protective order with only the following three entities, if the entities file a request for the information: The National Emergency Number Association, The Association of Public Safety Communications Officials,

and The National Association of State 9–1–1 Administrators. All other access to these reports must be sought pursuant to procedures set forth in 47 CFR 0.461. Notice of any requests for inspection of these reports will be provided to the filers of the reports pursuant to 47 CFR 0.461(d)(3).

*Needs and Uses:* The Commission, in order to help fulfill its statutory obligation to make wire and radio communications services available to all people in the United States for the purpose of the national defense and promoting safety of life and property, released an Order (FCC 07–107) that adopted a rule requiring analysis of 911 and E911 networks and/or systems and reports to the Commission on the redundancy, resiliency and reliability of those networks and/or systems (47 CFR 12.3). It is critical that Americans have access to a resilient and reliable 911 system irrespective of the technology used to provide the service. These analyses and reports on the redundancy, resiliency, and dependability of 911 and E911 networks and systems will further this goal. This requirement will serve the public interest and further the Commission's statutory mandate to promote the safety of life and property through the use of wire and radio communication. See 47 U.S.C. 151.

This rule obligates local exchange carriers (LECs), commercial mobile radio service (CMRS) providers that are required to comply with the wireless 911 rules set forth in Section 20.18 of the Commission's rules, and interconnected Voice over Internet Protocol (VoIP) service providers to analyze their 911 and E911 networks and/or systems and file a detailed report to the Commission on the redundancy, resiliency and reliability of those networks and/or systems. LECs that meet the definition of a Class B company set forth in Section 32.11(b)(2) of the Commission's rules, non-nationwide commercial mobile radio service providers with no more than 500,000 subscribers at the end of 2001, and interconnected VoIP service providers with annual revenues below the revenue threshold established pursuant to Section 32.11 of the Commission's rules are exempt from this rule. The reports are due 120 days from the date that the Commission or its staff announces activation of the 911/E911 network and system reporting process.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Approved by the Office of Management and Budget

August 19, 2008.

**SUMMARY:** The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

**FOR FURTHER INFORMATION CONTACT:**

Leslie Haney, *Leslie.Haney@fcc.gov*, (202) 418–1002.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060–0805.

*OMB Approval Date:* July 2, 2008.

*Expiration Date:* July 31, 2011.

*Title:* 700 MHz Eligibility, Regional

Planning Requirements, Interference Protection Criteria and 4.9 GHz Guidelines (47 CFR 90.523, 90.527, 90.545, and 90.1211).

*Form No.:* Not applicable.

*Estimated Annual Burden:* 21,116 responses; 2.89236 hours per response; 61,075 hours total per year.

*Obligation to Respond:* Mandatory (47 CFR 90.523); required to obtain or retain benefits (47 CFR 90.523, 90.527, and 90.545); and voluntary.

*Nature and Extent of Confidentiality:* There is no need for confidentiality.

*Needs and Uses:* Section 90.523 requires that nongovernmental organizations that provide services which protect the safety of life or property obtain a written statement from an authorizing state or local government entity to support the nongovernmental organization's application for assignment of 700 MHz frequencies.

Section 90.527 requires 700 MHz regional planning committees to submit a plan for use of the 700 MHz general use spectrum in the consolidated narrowband segment 763–775 MHz and 793–805 MHz. It advocates a fair and open process in developing allocation assignments by requiring input from eligible entities in the allocation decisions and the application technical review/approval process. Entities that

seek inclusion in the plan to obtain future licenses are considered third party respondents. *Section 90.545* TV/DTV interference protection criteria, provides that public safety base, control and mobile transmitters in the 763–775 MHz and 793–805 MHz band applicants select one of three ways to meet the TV/DTV interference protection requirements: (1) By utilizing geographic separation in the rule; (2) submitting an engineering study to justify other separations, or (3) obtain concurrence from applicable TV/DTV station(s). *Section 90.1211* authorizes the fifty-five 700 MHz regional planning committees to develop and submit on a voluntary basis a plan on guidelines for coordination procedures to facilitate the shared use of 4940–4990 MHz (4.9 GHz) band. Applicants are granted a geographic area license for the entire fifty MHz of 4.9 GHz spectrum over a geographical area defined by the boundaries of their jurisdiction—city, county or state. Accordingly, licensees are required to coordinate their operations in the shared band to avoid interference, a common practice when joint operations are conducted.

Commission staff will use the information to assign licenses, determine regional spectrum requirements and to develop technical standards. The information will also be used to determine whether prospective licensees operate in compliance with the Commission's rules. Without such information, the Commission could not accommodate regional requirements or provide for the efficient use of the available frequencies. Information provided to, or exchanged among, third parties will be used to establish eligibility and to prevent harmful interference. This information collection request includes rules to govern the operation and licensing of the 700 MHz and 4.9 GHz bands to ensure that licensees continue to fulfill their statutory responsibilities in accordance with the Communications Act of 1934, as amended. Such information will continue to be used to minimize interference, verify that applicants are legally and technically qualified to hold licenses, and to determine compliance with Commission rules.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget

August 14, 2008.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501–3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before *October 24, 2008*. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, (202) 395–5887, or via fax at 202–395–5167 or via internet at

*Nicholas\_A.\_Fraser@omb.eop.gov* and to *Judith-B.Herman@fcc.gov*, Federal Communications Commission, or an e-mail to *PRA@fcc.gov*. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called “Currently Under Review”, (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the

list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

**FOR FURTHER INFORMATION CONTACT:** For additional information, contact Judith B. Herman at 202–418–0214 or via the Internet at *Judith-B.Herman@fcc.gov*.

#### SUPPLEMENTARY INFORMATION:

*OMB Control Number:* 3060–0742.

*Title:* Sections 52.21 through 52.33, Telephone Number Portability (47 CFR Part 52, Subpart C), CC Docket No. 95–116.

*Form No.:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit.

*Number of Respondents:* 1,990 respondents; 1,990 responses.

*Estimated Time Per Response:* 2 hours–50 hours.

*Frequency of Response:* On occasion and one-time reporting requirements, recordkeeping requirement, and third party disclosure requirement.

*Obligation to Respond:* Required to obtain or retain benefits.

*Total Annual Burden:* 5,850 hours.

*Total Annual Cost:* \$91,000.

*Privacy Act Impact Assessment:* N/A.

*Nature and Extent of Confidentiality:* There is no need for confidentiality. The Commission is not requesting respondents to submit confidential information to the Commission. If the Commission requests respondents to submit information which the respondent believes is confidential, they may request confidential treatment of such information pursuant to Section 0.459 of the Commission's rules (*see* 47 CFR 0.459).

*Needs and Uses:* The Commission will submit this information collection to the Office of Management and Budget (OMB) as an extension after this 60 day comment period to obtain the full three year clearance from them. There is no change to the reporting, recordkeeping and/or third party disclosure requirements. However, the Commission is reporting an adjusted increase in the number of respondents filing information with the Commission, and the tariff and cost support estimate has been reduced from 149 hours per response to 50 hours per response.

Thereby, reducing the total annual burden by 8,483 hours. There are four information collection requirements in
