Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement

of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's assumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders ("APOs")

This notice also serves as a reminder to parties subject to APOs of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is in accordance with section 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Certain Cased Pencils from the People's Republic of China: Extension of Time Limit for Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 25, 2008.

FOR FURTHER INFORMATION CONTACT:

Alexander Montoro at (202) 482-0238 or Shane Subler at (202) 482-0189; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On January 28, 2008, the Department published a notice of initiation of administrative review of the antidumping duty order on certain cased pencils from the People's

Republic of China, covering the period December 1, 2006 through November 30, 2007. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 73 FR 4829 (January 28, 2008). The current deadline for the preliminary results of this administrative review is September 2, 2008.¹

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("the Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results of review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Extension of Time Limit for Preliminary Results

The Department requires additional time to review and analyze the sales and cost responses in this administrative review. Moreover, the Department requires additional time to analyze complex issues related to surrogate value selections. Because the Department requires additional time to analyze the information, issue supplemental questionnaires, and possibly verify the information, it is not practicable to complete this review within the originally anticipated time limit (*i.e.*, by September 2, 2008). Therefore, the Department is extending the time limit for completion of the preliminary results by 112 days to not later than December 22, 2008, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

¹ We note that Monday, September 1, 2008, is 245 days after December 31, 2007, the last day of the anniversary month of the antidumping order for this proceeding. September 1, 2008, is Labor Day. When a deadline falls on a weekend or federal holiday, the Department's practice is to use the next business day as the appropriate deadline. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

Dated: August 18, 2008.

Acting Deputy Assistant Secretary for Import Administration.

RIN 0648-XJ31

Fisheries of the Northeast Region; Fisheries of the Southeast Region; Highly Migratory Species

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of determination of overfished and overfishing conditions.

SUMMARY: This action serves as a notice that NMFS, on behalf of the Secretary of Commerce (Secretary), has determined that northeast smooth skate, South Atlantic red snapper, and Gulf of Mexico gray triggerfish are overfished and that northeast thorny skate is subject to overfishing. NMFS notified the respective regional fishery management councils (Councils) responsible for these fisheries of its determination. The Councils are required to take action within 1 year following notification by NMFS that overfishing is occurring, a stock is approaching overfishing, a stock is overfished, a stock is approaching an overfished condition, or existing remedial action taken to end overfishing or rebuild an overfished stock has not resulted in adequate progress. In

addition, the Secretary has determined that the highly migratory species blacknose shark is overfished and overfishing is occurring.

FOR FURTHER INFORMATION CONTACT: Seanbob Kelly, telephone: (301) 713-2341.

SUPPLEMENTARY INFORMATION: Pursuant to sections 304(e)(2) and (e)(7) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1854(e)(2) and (e)(7), and implementing regulations at 50 CFR 600.310(e)(2), NMFS, on behalf of the Secretary, notifies fishery management councils when overfishing is occurring, a stock is approaching overfishing, a stock is overfished, a stock is approaching an overfished condition, or existing action taken to end previously identified overfishing or rebuilding a previously identified overfished stock or stock complex has not resulted in adequate progress.

On June 20, 2008, the NMFS approved Amendment 30A to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico and implemented it with a final rule published in the **Federal Register** (73 FR 38139; July 3, 2008). Amendment 30A established management targets and thresholds for Gulf of Mexico gray triggerfish that were previously undefined. Based on these new status determination criteria the NMFS found that the Gulf of Mexico gray triggerfish is overfished using an earlier stock assessment (SEDAR 9, 2006).

Amendment 30A includes a rebuilding plan for Gulf of Mexico gray triggerfish.

On July 8, 2008, the NMFS Southeast Regional Administrator sent a letter notifying the South Atlantic Fishery Management Council (South Atlantic Council) that South Atlantic red snapper is overfished. The South Atlantic Council must submit a rebuilding plan for red snapper within one year of that notification.

On July 21, 2008, the NMFS Northeast Regional Administrator sent a letter notifying the New England Fishery Management Council (New England Council) that smooth skate is overfished and that thorny skate is undergoing overfishing. Thorny skate is currently under a rebuilding plan. The New England Council must therefore ensure that overfishing is ended and that the stock rebuilds on schedule. Copies of the notification letters sent to the fishery management councils for the aforementioned determinations are available at <http://www.nmfs.noaa.gov/sfa/statusoffisheries/SOSmain.htm>.
