

placards prior to submission to the USPS and for maintaining the overall quality of the placards they produce. It is recommended that inspection and testing of Intelligent Mail container placards be performed periodically. Mailers are encouraged to work with their local Mailpiece Design Analyst to validate the accuracy and quality of their placards.

POSTAL SERVICE™

39 CFR Part 111

Waiver of Signature Delivery Process

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: The Postal Service is revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to update the standards regarding delivery of Express Mail® items with waiver of signature and return receipt for merchandise items with waiver of signature. Delivery employees deliver these items to the addressee's mail receptacle or other secure location without first attempting to obtain a signature from the addressee.

DATES: *Effective Date:* August 21, 2008.

FOR FURTHER INFORMATION CONTACT: Monica Grein at 202-268-8411.

SUPPLEMENTARY INFORMATION: Waiver of signature authorizes delivery to be made without obtaining the signature of the addressee or addressee's agent as long as the delivery employee establishes the article can be left in the addressee's mail receptacle or other secure location. By waiving signature, the sender agrees to accept the delivery time and date scan information as valid record of delivery.

When Express Mail® items with waiver of signature and return receipt for merchandise items with waiver of signature are delivered, the delivery employee will sign the PS Form 3849, *Sorry We Missed You*, without attempting to obtain a signature from the addressee. After signing the PS Form 3849, the delivery employee delivers the item to the addressee's mail receptacle or other secure location. This process expedites delivery time because the delivery employee is not required to try to obtain a signature from the addressee or addressee's agent, when a waiver of signature is indicated.

Comments Received: We received one comment on the proposal, from an attorney. The commenter expressed concerns about our process for handling disputes regarding mail delivery when the sender has authorized a waiver of signature.

The delivery employee has always signed the Form 3849 when "waiver of signature" was indicated and we have never provided the delivery employee's name. The only change from the previous process is that the delivery employee no longer needs to attempt to obtain a signature from the addressee first when "waiver of signature" is indicated. Therefore, the manner in which we handle delivery disputes has been well established and will not be changed.

The Postal Service adopts the following changes to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), which is incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 111.1.

[EPA-R05-OAR-2007-0952; FRL-8707-5]

Approval and Promulgation of Revised Municipal Waste Combustor State Plan for Designated Facilities and Pollutants: Indiana; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: EPA is withdrawing the July 8, 2008 (73 FR 38925), direct final rule revisions to Indiana's State Plan to control air pollutants from large Municipal Waste Combustors (MWC). The Indiana Department of Environmental Management (IDEM) submitted the State Plan on August 24, 2007.

In the direct final rule, EPA stated that if adverse comments were submitted by August 7, 2008, the rule would be withdrawn and not take effect. On July 29, 2008, IDEM submitted a comment to EPA. EPA believes this comment is adverse and, therefore, EPA is withdrawing the direct final rule. Specifically, IDEM commented that, in the table for particulate matter, there was a typographical error in identifying the appropriate footnotes for the emission limitations. In addition, IDEM stated that it had recently submitted an agency correction for publication in the Indiana Register to correct the footnotes for mercury and sulfur dioxide in the emission limitations table, and requested that these corrections be part of the final federal approval. EPA will address the comment in a subsequent final action based upon the proposed action also published on July 8, 2008 (73 FR 38954). EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 73 FR 38925 on July 8, 2008, is withdrawn as of August 21, 2008.

FOR FURTHER INFORMATION CONTACT:

Margaret Sieffert, Environmental Engineer, Environmental Protection Agency, Region 5, 77 West Jackson Boulevard (AT-18J), Chicago, Illinois 60604, (312) 353-1151, sieffert.margaret@epa.gov.

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Direct Final Notice of Deletion of the Waste Inc. Landfill Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA), Region V is publishing a direct final Notice of Deletion of the Waste Inc. Landfill Superfund Site (Site), located in Michigan City, Indiana, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is Appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final deletion is being published by EPA with the concurrence of the State of Indiana, through the Indiana Department of Environmental Management (IDEM), because EPA has determined that all appropriate response actions under CERCLA, other than operation, maintenance, and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: This direct final deletion is effective October 20, 2008 unless EPA receives adverse comments by September 22, 2008. If adverse comments are received, EPA will publish a timely withdrawal of the direct final deletion in the **Federal Register** informing the public that the deletion will not take effect.
