

request the issuance of a driver license and/or a sales tax exemption card for foreign mission personnel and their dependents. The exemption from sales taxes and the operation of a motor vehicle in the United States by foreign mission personnel are benefits under the Foreign Missions Act, 22 U.S.C. 4301 *et seq.*, which must be obtained by foreign missions through the U.S. Department of State, Office of Foreign Missions (DS/OFM). The DS-1972, DS-1972D, and DS-1972T applications provide OFM with the necessary information required to administer the two benefits effectively and efficiently. Sales tax exemption is enjoyed under the provisions of international law but is granted on the bases of reciprocity. The administration of driver licenses at the national level helps the Federal Government identify operators who repeatedly receive citations. This also helps the Federal Government determine the necessary course of action that may be required against an individual's driving privilege. Accordingly, the Federal Government is able to provide consistency of enforcement to the diplomatic community on a national level through a uniform program. The respondents are foreign government representatives assigned to the United States.

Methodology: These applications/information collections are submitted by all foreign missions to the Office of Foreign Missions via the following methods: mail, personal delivery, and/or electronically.

Dated: December 27, 2007.

Claude Nebel,

Deputy Assistant Secretary, Bureau of Diplomatic Security, Office of Foreign Missions, Department of State.
