ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Performance Review Board Membership

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice.

SUMMARY: Notice is given of the appointment of members to a performance review board for Architectural and Transportation Barriers Compliance Board.

FOR FURTHER INFORMATION CONTACT: Lawrence W. Roffee, Executive Director, Architectural and Transportation Barriers Compliance Board, 1331 F Street, NW., Suite 1000, Washington, DC 20004-1111. Telephone (202) 272-0001.

SUPPLEMENTARY INFORMATION: Section 4314(c) of Title 5, U.S.C., requires each agency to establish, in accordance with regulations, one or more Senior Executive Service (SES) performance review boards. The function of the boards is to review and evaluate the initial appraisal of senior executives' performance and make recommendations to the appointing authority relative to the performance of these executives. Because of its small size, the Architectural and Transportation Barriers Compliance Board has appointed SES career appointees from other Federal boards to serve on its performance review board. The members of the performance review board for the Architectural and Transportation Barriers Compliance Board are:

- Mary L. Johnson, General Counsel, National Mediation Board;
- Joel R. (Rick) Schapira, Deputy General Counsel, Defense Nuclear Facilities Safety Board;

- Debra Carr, Associate Deputy Staff Director, U.S. Commission on Civil Rights.

Lawrence W. Roffee,
Executive Director.

DEPARTMENT OF COMMERCE

Bureau of the Census

[Docket Number 070619208-7209-01]

American Indian Areas (AIAs) for the 2010 Census—Proposed Criteria and Guidelines

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of proposed program revisions and request for comments.

SUMMARY: The Bureau of the Census (Census Bureau) defines American Indian areas (AIAs) as the geographic entities within the United States that are specifically defined for the collection, tabulation, and presentation of decennial census data for federally and/or state-recognized American Indian tribes. The AIAs will be used to collect, tabulate, and present data for the 2010 Census, period estimates from the American Community Survey (ACS) after 2010, and potentially other Census Bureau statistical data. More specifically, for the 2010 Census, AIAs consist of the following types of geographic entities:

- American Indian reservations (AIRs).
- Off-reservation trust lands (ORTLs).
- Oklahoma tribal statistical areas (OTSAAs).
- Tribal designated statistical areas (TDSAAs).
- State designated tribal statistical areas (SDTSAAs).
- Tribal census tracts (tribal tracts).
- Tribal block groups.
- Tribal subdivisions on AIRs, ORTLs, and OTSAAs.
- Census designated places (CDPs) on AIRs, ORTLs, and OTSAAs.

The geographic entities listed above include both legal and statistical geographic entities (see "Definitions of Key Terms" section). The Census Bureau is not proposing any new types of AIAs for the 2010 Census. The Census Bureau is specifically seeking comments on the following proposed changes for the 2010 Census, but will consider all submitted comments:

- Change the term "State Designated American Indian Statistical Areas" (SDAISAs) to "State Designated Tribal Statistical Areas" or SDTSAAs.

• Clarify the definition and purpose of OTSAAs. In addition, because all former AIRs in Oklahoma were delineated as OTSAAs for Census 2000, the Census Bureau proposes that no new OTSAAs may be delineated for the 2010 Census, and to the extent possible, OTSA boundaries for the 2010 Census should be consistent with those defined for Census 2000. The Census Bureau also seeks to avoid defining joint use area OTSAAs for the 2010 Census.

• Clarify the definition, purpose, and the criteria and guidelines for TDSAAs and SDTSAAs.

• Identify tribal census tracts and tribal block groups as separate statistical geographic entities distinct from "standard" county-based census tracts and block groups.

The Census Bureau will provide responses to comments received as part of the publication of the final criteria in the **Federal Register** at a future date.

The Census Bureau has three geographic partnership programs through which it collects updates to the inventory, boundaries, and attributes of AIAs for the 2010 Census: The annual Boundary and Annexation Survey (BAS), the State Reservation Program, and the Tribal Statistical Areas Program (TSAP). Both the BAS and the State Reservation Program provide the process for reviewing and updating those AIAs that are legal geographic entities: AIRs and ORTLs under the governmental authority of federally recognized American Indian tribes, tribal subdivisions within these federally recognized AIRs and ORTLs, and AIRs for state-recognized American Indian tribes. The TSAP provides the process for reviewing and updating those AIAs that are statistical geographic entities: OTSAAs, tribal subdivisions within OTSAAs, TDSAAs, SDTSAAs, tribal census tracts, tribal block groups, and CDPs. Each of these programs is discussed in more detail within the **SUPPLEMENTARY INFORMATION** section of this **Federal Register** notice.

For information regarding similar programs for Alaska Native Areas (ANAs), please refer to the **Federal Register** notice titled "Alaska Native Areas (ANAs) for the 2010 Census—Proposed Criteria and Guidelines" (73 FR 14203; March 17, 2008).

DATES: Written comments must be submitted on or before June 30, 2008.

ADDRESSES: Please direct all written comments on this proposed program to the Director, U.S. Census Bureau, Room 8H001, Mail Stop 0100, Washington, DC 20233-0001.
