Due to technical difficulties some applicants were unable to submit their proposals electronically on Monday, July 21, 2008. In order to provide all interested parties the opportunity to submit a proposal for the Construction Grant Program, NIST is extending the solicitation period until 3 p.m. Eastern Time, Friday, August 1, 2008. Electronic proposals received between 3 p.m. and 11:59 p.m. Eastern Time on July 21, 2008 will be deemed timely and given full consideration. All NIST Construction Grant Program competition requirements and information announced in the May 27, 2008, **Federal Register** notice apply to proposals submitted during the extended time period with the exception of the review, selection, and grant award processing time that is now expected to be completed by the middle of November 2008.

Executive Order 13132 (Federalism). This notice does not contain policies with Federalism implications as defined in Executive Order 13132.

Executive Order 12866 (Regulatory Planning and Review). This notice is not a significant regulatory action under Sections 3(f)(3) and 3(f)(4) of Executive Order 12866, as it does not materially alter the budgetary impact of a grant program and does not raise novel policy issues. This notice is not an "economically significant" regulatory action under Section 3(f)(1) of the Executive Order, as it does not have an effect on the economy of \$100 million or more in any one year, and it does not have a material adverse effect on the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities.

Administrative Procedure Act and Regulatory Flexibility Act. Prior notice and comment are not required under 5 U.S.C. 553, or any other law, for rules relating to public property, loans, grants, benefits or contracts (5 U.S.C. 553(a)). Because prior notice and an opportunity for public comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. et. seq.) are inapplicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.
