BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Brown County, WI

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent to prepare an Environmental Impact Statement.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement will be prepared for proposed highway corridor development in the southern part of the Green Bay Metropolitan Area in Brown County, Wisconsin by the Wisconsin Department of Transportation (WisDOT).

FOR FURTHER INFORMATION CONTACT: Stephanie Hickman, FHWA, Suite 8000, 525 Junction Road, Madison, WI 53717; Telephone: (608) 829-7503.

SUPPLEMENTARY INFORMATION: The Federal Highway Administration (FHWA), in cooperation with the Wisconsin Department of Transportation (WisDOT) and the Brown County Planning Commission (BCPC), will prepare an Environmental Impact Statement on proposed highway corridor development in the southern part of the Green Bay metropolitan area. The BCPC completed a transportation plan update in 2005, with an amendment in 2007 that indicates that projected traffic volumes in the southern portion of the Green Bay metropolitan area would require additional improvements to the area.

The plans suggest that the most effective method of handling transportation demand would be the addition of a Fox River bridge and connecting roadway segments. Federal, state and local agencies recognize the need to complete an environmental analysis to identify the best solutions to the projected travel demand issues.

The study area for this EIS includes the Cities of Green Bay and DePere, the Villages of Allouez, Ashwaubenton, Bellevue, and Hobart, and the Towns of Lawrence, Rockland, Glenmore, and Ledgeview.

Public involvement will be solicited throughout this process including involvement from minority and low-income populations in the project study area to ensure that any construction in the area does not create disproportionately high and adverse environmental and health impacts to these communities. Public workshops and a series of public information meetings will be held during the project study. Public notice will be given as to the time and place of all workshops and public information meetings. All meetings and workshops will be held at accessible times and locations. In addition, a public hearing will be held after the Environmental Impact Statement has been prepared.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Additional information may be found on the Brown County Planning Commission Web site at: http://www.co.brown.wi.us/planning_and_land_services/planning/county_web//transportation.html. Comments and questions concerning the proposed action and the Environmental Impact Statement should be directed to the FHWA at the address provided above.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No.: NHTSA-2008-0044]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway

ACTION: Request for public comment on proposed collections of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and budget (OMB). Under procedures established

by the Paperwork Reduction Act of 1995 (PRA), before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatements of previously approved collections. This document describes one collection of information or which NHTSA intends to seek OMB approval. **DATES:** Comments must be received on or before May 12, 2008.

ADDRESSES: Direct all written comments to U.S. Department of Transportation Dockets, W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Laurie Flaherty, Office of Emergency Medical Services, NTI-140, telephone (202) 366-2705, fax (202) 366-7721, NHTSA, 1200 New Jersey Avenue, SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION: Under the PRA, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the Federal Register providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

- (i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) How to enhance the quality, utility, and clarity of the information to be collected;
- (iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:
Title: Enhance 911 (E9-1-1) Grant Program.

OMB Control Number:
Requested Expiration Date of Approval: Three years from the approval date.

Type of Request: New collection.
