

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of section 6 of the Act⁸ in general, and furthers the objectives of section 6(b)(4) of the Act⁹ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Exchange believes that the proposed credit represents an equitable allocation of reasonable dues, fees, and other charges because floor brokers are integral to the Exchange's market model and the proposed credit lessens the impact on floor brokers of the competitive disadvantage arising out of the difficulty they experience in availing themselves or their customers of liquidity credits on other markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Exchange Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is filed pursuant to section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(2) of Rule 19b-4 thereunder¹¹ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by a self-regulatory organization. Accordingly, the proposal is effective upon Commission receipt of the filing. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

change is consistent with the Act. Comments may be submitted by any of the following methods:
