Background

Section 651 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) required the Centers for Medicare and Medicaid Services (CMS) to conduct the Expansion of Coverage for Chiropractic Services Demonstration. This two-year demonstration (designed to evaluate the feasibility and advisability of expanding coverage of chiropractic services under Medicare) began on April 4, 2005 in selected geographic areas (the states of New Mexico and Maine, 26 northern counties in Illinois, Scott County in Iowa, and 17 central counties in Virginia).

One of the services that chiropractors are allowed to bill for under the demonstration is CPT 98943 (chiropractic manipulative treatment, extraspinal, one or more regions).

Note: You should be aware that this CPT is covered only under this demonstration.

Therefore, effective for dates of service January 1, 2007 through March 31, 2007, your carriers and Part A/B Medicare Administrative Contractors (A/B MAC) will use the fee amounts for CPT code 98943 found in Table 1.

Please note that the demonstration will end on March 31, 2007.

Additional Information

The official instruction issued to your Medicare contractor on this issue is available at <http://www.cms.hhs.gov/Transmittals/downloads/R52DEMO.pdf> on the CMS website.

If you have any questions, please contact your carrier or A/B MAC at their toll-free number, which may be found at <http://www.cms.hhs.gov/MLNProducts/downloads/CallCenterTollNumDirectory.zip> on the CMS website.
