

I, (name and title), currently employed by (person), certify that (1) I have read the attached submission, and (2) the information contained in this submission is, to the best of my knowledge, complete and accurate.

(2) For the person's legal counsel or other representative:

I, (name), of (law or other firm), counsel or representative to (person), certify that (1) I have read the attached submission, and (2) based on the information made available to me by (person), I have no reason to believe that this submission contains any material misrepresentation or omission of fact.

**§ 351.304 Establishing business proprietary treatment of information.**

(a) *Claim for business proprietary treatment.* (1) Any person that submits factual information to the Secretary in connection with a proceeding may:

(i) Request that the Secretary treat any part of the submission as business proprietary information that is subject to disclosure only under an administrative protective order,

(ii) Claim that there is a clear and compelling need to withhold certain business proprietary information from disclosure under an administrative protective order, or

(iii) In an investigation, identify customer names that are exempt from disclosure under administrative protective order under section 777(c)(1)(A) of the Act.

(2) The Secretary will require that all business proprietary information presented to, or obtained or generated by, the Secretary during a segment of a proceeding be disclosed to authorized applicants, except for

(i) Customer names submitted in an investigation,

(ii) Information for which the Secretary finds that there is a clear and compelling need to withhold from disclosure, and

(iii) Privileged or classified information.

(b) *Identification of business proprietary information.* (1) *In general.* A person submitting information must identify the information for which it claims business proprietary treatment by enclosing the information within single brackets. The submitting person must provide with the information an explanation of why each item of bracketed information is entitled to business

proprietary treatment. A person submitting a request for business proprietary treatment also must include an agreement to permit disclosure under an administrative protective order, unless the submitting party claims that there is a clear and compelling need to withhold the information from disclosure under an administrative protective order.

(2) *Information claimed to be exempt from disclosure under administrative protective order.* (i) If the submitting person claims that there is a clear and compelling need to withhold certain information from disclosure under an administrative protective order (see paragraph (a)(1)(ii) of this section), the submitting person must identify the information by enclosing the information within double brackets, and must include a full explanation of the reasons for the claim.

(ii) In an investigation, the submitting person may enclose business proprietary customer names within double brackets (see paragraph (a)(1)(iii) of this section).

(iii) The submitting person may exclude the information in double brackets from the business proprietary information version of the submission served on authorized applicants. See § 351.303 for filing and service requirements.

(c) *Public version.* (1) A person filing a submission that contains information for which business proprietary treatment is claimed must file a public version of the submission. The public version must be filed on the first business day after the filing deadline for the business proprietary version of the submission (see § 351.303(b)). The public version must contain a summary of the bracketed information in sufficient detail to permit a reasonable understanding of the substance of the information. If the submitting person claims that summarization is not possible, the claim must be accompanied by a full explanation of the reasons supporting that claim. Generally, numerical data will be considered adequately summarized if grouped or presented in terms of indices or figures within 10 percent of the actual figure. If an individual portion of the numerical data is voluminous, at least one

## § 351.305

## 19 CFR Ch. III (4-1-03 Edition)

percent representative of that portion must be summarized. A submitter should not create a public summary of business proprietary information of another person.

(2) If a submitting party discovers that it has failed to bracket information correctly, the submitter may file a complete, corrected business proprietary version of the submission along with the public version (see § 351.303(b)). At the close of business on the day on which the public version of a submission is due under paragraph (c)(2) of this section, however, the bracketing of business proprietary information in the original business proprietary version or, if a corrected version is timely filed, the corrected business proprietary version will become final. Once bracketing has become final, the Secretary will not accept any further corrections to the bracketing of information in a submission, and the Secretary will treat non-bracketed information as public information.

(d) *Nonconforming submissions.* (1) *In general.* The Secretary will return a submission that does not meet the requirements of section 777(b) of the Act and this section with a written explanation. The submitting person may take any of the following actions within two business days after receiving the Secretary's explanation:

(i) Correct the problems and resubmit the information;

(ii) If the Secretary denied a request for business proprietary treatment, agree to have the information in question treated as public information;

(iii) If the Secretary granted business proprietary treatment but denied a claim that there was a clear and compelling need to withhold information under an administrative protective order, agree to the disclosure of the information in question under an administrative protective order; or

(iv) Submit other material concerning the subject matter of the returned information. If the submitting person does not take any of these actions, the Secretary will not consider the returned submission.

(2) *Timing.* The Secretary normally will determine the status of information within 30 days after the day on which the information was submitted.

If the business proprietary status of information is in dispute, the Secretary will treat the relevant portion of the submission as business proprietary information until the Secretary decides the matter.

[63 FR 24401, May 4, 1998]

### § 351.305 Access to business proprietary information.

(a) *The administrative protective order.* The Secretary will place an administrative protective order on the record within two days after the day on which a petition is filed or an investigation is self-initiated, or five days after initiating any other segment of a proceeding. The administrative protective order will require the authorized applicant to:

(1) Establish and follow procedures to ensure that no employee of the authorized applicant's firm releases business proprietary information to any person other than the submitting party, an authorized applicant, or an appropriate Department official identified in section 777(b) of the Act;

(2) Notify the Secretary of any changes in the facts asserted by the authorized applicant in its administrative protective order application;

(3) Destroy business proprietary information by the time required under the terms of the administrative protective order;

(4) Immediately report to the Secretary any apparent violation of the administrative protective order; and

(5) Acknowledge that any unauthorized disclosure may subject the authorized applicant, the firm of which the authorized applicant is a partner, associate, or employee, and any partner, associate, or employee of the authorized applicant's firm to sanctions listed in part 354 of this chapter (19 CFR part 354).

(b) *Application for access under administrative protective order.* (1) Generally, no more than two independent representatives of a party to the proceeding may have access to business proprietary information under an administrative protective order. A party must designate a lead firm if the party has more than one independent authorized applicant firm.
