

§ 351.305

19 CFR Ch. III (4-1-03 Edition)

percent representative of that portion must be summarized. A submitter should not create a public summary of business proprietary information of another person.

(2) If a submitting party discovers that it has failed to bracket information correctly, the submitter may file a complete, corrected business proprietary version of the submission along with the public version (see § 351.303(b)). At the close of business on the day on which the public version of a submission is due under paragraph (c)(2) of this section, however, the bracketing of business proprietary information in the original business proprietary version or, if a corrected version is timely filed, the corrected business proprietary version will become final. Once bracketing has become final, the Secretary will not accept any further corrections to the bracketing of information in a submission, and the Secretary will treat non-bracketed information as public information.

(d) *Nonconforming submissions.* (1) *In general.* The Secretary will return a submission that does not meet the requirements of section 777(b) of the Act and this section with a written explanation. The submitting person may take any of the following actions within two business days after receiving the Secretary's explanation:

(i) Correct the problems and resubmit the information;

(ii) If the Secretary denied a request for business proprietary treatment, agree to have the information in question treated as public information;

(iii) If the Secretary granted business proprietary treatment but denied a claim that there was a clear and compelling need to withhold information under an administrative protective order, agree to the disclosure of the information in question under an administrative protective order; or

(iv) Submit other material concerning the subject matter of the returned information. If the submitting person does not take any of these actions, the Secretary will not consider the returned submission.

(2) *Timing.* The Secretary normally will determine the status of information within 30 days after the day on which the information was submitted.

If the business proprietary status of information is in dispute, the Secretary will treat the relevant portion of the submission as business proprietary information until the Secretary decides the matter.

§ 351.305 Access to business proprietary information.

(a) *The administrative protective order.* The Secretary will place an administrative protective order on the record within two days after the day on which a petition is filed or an investigation is self-initiated, or five days after initiating any other segment of a proceeding. The administrative protective order will require the authorized applicant to:

(1) Establish and follow procedures to ensure that no employee of the authorized applicant's firm releases business proprietary information to any person other than the submitting party, an authorized applicant, or an appropriate Department official identified in section 777(b) of the Act;

(2) Notify the Secretary of any changes in the facts asserted by the authorized applicant in its administrative protective order application;

(3) Destroy business proprietary information by the time required under the terms of the administrative protective order;

(4) Immediately report to the Secretary any apparent violation of the administrative protective order; and

(5) Acknowledge that any unauthorized disclosure may subject the authorized applicant, the firm of which the authorized applicant is a partner, associate, or employee, and any partner, associate, or employee of the authorized applicant's firm to sanctions listed in part 354 of this chapter (19 CFR part 354).

(b) *Application for access under administrative protective order.* (1) Generally, no more than two independent representatives of a party to the proceeding may have access to business proprietary information under an administrative protective order. A party must designate a lead firm if the party has more than one independent authorized applicant firm.

(2) A representative of a party to the proceeding may apply for access to business proprietary information under the administrative protective order by submitting Form ITA-367 to the Secretary. Form ITA-367 must identify the applicant and the segment of the proceeding involved, state the basis for eligibility of the applicant for access to business proprietary information, and state the agreement of the applicant to be bound by the administrative protective order. Form ITA-367 may be prepared on the applicant's own word-processing system, and must be accompanied by a certification that the application is consistent with Form ITA-367 and an acknowledgment that any discrepancies will be interpreted in a manner consistent with Form ITA-367. An applicant must apply to receive all business proprietary information on the record of the segment of a proceeding in question, but may waive service of business proprietary information it does not wish to receive from other parties to the proceeding. An applicant must serve an APO application on the other parties in the same manner and at the same time as it serves the application on the Department.

(3) To minimize the disruption caused by late applications, an application should be filed before the first questionnaire response has been submitted. Where justified, however, applications may be filed up to the date on which the case briefs are due, but any applicant filing after the first questionnaire response is submitted will be liable for costs associated with the additional production and service of business proprietary information already on the record. Parties have five days to serve their business proprietary information already on the record to applicants authorized to receive such information after such information has been placed on the record.

(c) *Approval of access under administrative protective order; administrative protective order service list.* The Secretary will grant access to a qualified applicant by including the name of the applicant on an administrative protective order service list. Access normally will be granted within five days of receipt of the application unless there is a question regarding the eligibility of

the applicant to receive access. In that case, the Secretary will decide whether to grant the applicant access within 30 days of receipt of the application. The Secretary will provide by the most expeditious means available the administrative protective order service list to parties to the proceeding on the day the service list is issued or amended.

§ 351.306 Use of business proprietary information.

(a) *By the Secretary.* The Secretary may disclose business proprietary information submitted to the Secretary only to:

- (1) An authorized applicant;
- (2) An employee of the Department of Commerce or the International Trade Commission directly involved in the proceeding in which the information is submitted;
- (3) An employee of the Customs Service directly involved in conducting a fraud investigation relating to an antidumping or countervailing duty proceeding;
- (4) The U.S. Trade Representative as provided by 19 U.S.C. 3571(i);
- (5) Any person to whom the submitting person specifically authorizes disclosure in writing; and
- (6) A charged party or counsel for the charged party under 19 CFR part 354.

(b) *By an authorized applicant.* An authorized applicant may retain business proprietary information for the time authorized by the terms of the administrative protective order. An authorized applicant may use business proprietary information for purposes of the segment of a proceeding in which the information was submitted. If business proprietary information that was submitted in a segment of the proceeding is relevant to an issue in a different segment of the proceeding, an authorized applicant may place such information on the record of the subsequent segment as authorized by the APO.

(c) *Identifying parties submitting business proprietary information.* (1) If a party submits a document containing business proprietary information of another person, the submitting party must identify, contiguously with each
