ADVERTISEMENTS.

A Card to Newspaper Advertisers

AND BUSINESS MEN.

In 1865 we organized an agency to make contracts for the insertion of advertisements in the journals of the country.

Our business has grown from year to year, until we are now the authorized and trusted agents of more than 7,000 newspapers, and include among our patrons fully three-fifths of all those who do advertising in journals printed beyond their own immediate neighborhoods.

Aiming to still further increase our business, we submit a few of the reasons which we think ought to have weight with intelligent advertisers (for whom we mainly do business):

1st. A varied and extended experience.

2d. An organization for transacting business promptly, whether with one newspaper or a thousand.

3d. The certainty that we can always procure the best terms.

4th. The employment of experienced and skilled labor in every department, so as to execute the very best work without additional expense to the advertiser, and at the shortest notice.

5th. Being in daily communication with the leading newspapers, and the largest patrons of most of them, we are confident that the really leading newspapers throughout the country do now give us more business confidence than they do any other parties whatsoever.

To address a newspaper audience, so as to secure their attention, requires skill and experience, and to be able to do so from day to day is a labor requiring much ingenuity and constant study.

The value of an advertisement is not so much in its size or the frequency with which it is printed, as in the completeness with which it supplies the desired information to the reader.

We pay attention to the preparation of attractive advertisements to be inserted in choice positions in the leading newspapers of the large cities, including New York and Philadelphia.

For this class of advertising cheapness is a word which cannot be considered. To procure conspicuous positions, to attract the eye and secure the confidence of those who read the great journals, is work for which every advertiser who has first-class goods to dispose of can afford to pay.

Printed proofs are prepared for the approval of the advertiser before publication, when requested.

We seek the patronage of business men, of merchants, and manufacturers, the skilled artisan, and the thrifty and inventive mechanic, the earnest worker in every pursuit, confident that by our perfect facilities for every kind of newspaper advertising we can do better work for less money than it is possible for private parties to do.

GEO. P. ROWELL & CO., Newspaper Advertising Agents,
PRINCIPAL OFFICE: 41 PARK ROW, NEW YORK.
(Will Shortly Remove to No. 10 Spruce Street.)

Extract from *NEW YORK TIMES*, June 14, 1875.

Ten years ago Messrs. Geo. P. Rowell & Co., established their Advertising Agency in New York City. Five years ago they absorbed the business conducted by Mr. John Hooper, who was the first to go into this kind of enterprise. Now they have the satisfaction of controlling the most extensive and complete advertising connection which has ever been secured, and one which would be hardly possible in any other country but this. They have succeeded in working down a complex business into so thoroughly a systematic method that no change in the newspaper system of America can escape notice, while the widest information upon all topics interesting to advertisers is placed readily at the disposal of the public.

Revista Industrial.

A THIRTY-SIX-PAGE BRAZILIAN ILLUSTRATED INDUSTRIAL REVIEW OF AGRICULTURE, RAILROADS AND PUBLIC WORKS, FINANCE AND TRADE.

PUBLISHED MONTHLY IN NEW YORK FOR CIRCULATION IN BRAZIL.

From its start, seven years ago, the NOVO MUNDO has constantly paid close attention to the development of the natural resources of Brazil, and the very success of that paper has taught its publisher and founder that Brazil—the fifth greatest country in the world in size, and in natural wealth, perhaps the very first—ought to have a special magazine devoted to the promotion of her material progress.

This REVISTA INDUSTRIAL is the first paper of its kind ever printed in the Portuguese language, and is destined to have the greatest circulation of any newspaper in South America, as it comes to supply a great need felt by all intelligent Brazilians of a special organ for the most vital material interests of their country.

The REVISTA INDUSTRIAL will dwell lengthily on Brazilian agriculture, and try to induce it to employ more generally the admirable labor-

saving machines and tools in common use in the United States. It will be the accepted railroad organ of Brazil, the publisher having secured the services of the three leading R. R. engineers of the empire as regular contributors to that department. New and important inventions will always be noted, and works of public utility will be fully described, as well as the leading manufactures of the United States. Finally, the REVISTA will supply its readers with fresh financial news, and with elaborate articles, having in view to bring the United States and Brazil into more intimate commercial relations.

ADVERTISERS

will find this paper the most useful medium for announcing heavy articles in the extensive and prosperous empire of Brazil.

DAILY AND WEEKLY.

OFFICE, 34 PARK ROW, CORNER BEEKMAN STREET, NEW YORK.

Daily, Six Dollars a Year; Three Dollars for Six Months; Fifty Cents a Month; Two Cents a Copy (Including Postage).

THE "EVENING MAIL" HAS LONG SINCE TAKEN ITS PLACE IN THE FOREMOST RANK OF THE NEW YORK CITY DAILIES, AND ITS ADVERTISING SPACE IS EAGERLY SOUGHT AFTER AND LIBERALLY PATRONIZED BY THE BEST BUSINESS HOUSES IN THE CITY.

It is a thoroughly independent organ of the honest men of both political parties who hate official corruption; who desire the adoption of some scheme of Civil Service Reform; who want the national taxes so adjusted and reduced as to impose the fewest possible burdens on industry and commerce; who are opposed to railroad and other monopolies; who are opposed to unnecessary legislation by the Federal Government; who are in favor of temperance reform; who are interested in education, charitable and religious movements, and generally to those who believe that the increasing evils of our time demand fearless, non-partisan newspapers which will sustain the cause of Truth, Honesty, and practical Christianity on all occasions and under all circumstances.

The Weekly Mail.

Two Dollars and Fifty Cents a Year; One Dollar and Twenty-Five Cents for Six Months; Sixty-Five Cents for Three Months (Including Postage).

The WEEKLY MAIL contains the most careful selections from the editorials and other matter published in the EVENING MAIL's daily editions, and in addition much equally interesting and valuable material, literary and other, omitted from the Daily for lack of space.

There will be found an Insurance Department, a Literary Department, an Art Department, a Dramatic Department, a Musical Department, a Fashion Department, a Summary of all Important News, a Record of all Noteworthy Current Events, Correspondence from all Parts of the World, &c., &c., &c.

The Insurance Department of the WEEKLY MAIL has been universally recognized by State insurance officials, the Insurance Press, and leading Life and Fire Managers, as, beyond comparison, the most successful attempt yet made to invest the subject of Insurance with that degree of interest and vivacity which will compel the attention of casual readers. The people study it; the Insurance papers quote it; agents welcome it; and underwriters everywhere endorse it. The WEEKLY MAIL is peculiarly adapted for circulation among Insurance Agents, and has been so recognized by those companies whose agents have been supplied with it.

At the reduced rate of subscription—\$2 50 a year, ONE DOLLAR AND TWENTY-FIVE CENTS for six months, SIXTY-FIVE CENTS for three months (postage prepaid), TEN CENTS per single copy—the WEEKLY MAIL is, beyond question, the Cheapest, as well as the Best, Weekly Newspaper in the Country. Payne's Sunday Press.

JERSEY CITY, NEW JERSEY.

SETH WILBUR PAYNE.....EDITOR.

SUBSCRIPTION PRICE, \$1 50 A YEAR.

The PRESS is the only Sunday paper in Jersey City, or in Hudson County, N. J., with its population of nearly a quarter of a million. It is conceded to be one of the liveliest and most readable papers in America. Every line is Original. Read what the Papers of the country say of it.

The Jersey City *Evening News* says: "It is crammed with interesting news and excellent miscellaneous reading, every line of which is original."

The Jersey City *Daily Argus* says: "It is overflowing with news and gossip, and makes a most readable paper."

The Jersey City *Evening Journal* says: "It is local in its character, highly interesting and eminently readable, and has no doubt become a fixture in this city."

The Vineland *Independent* says: "It is editorial or contributed matter on the outside, backside, inside, and front side. Nothing 'patent' about it, unless the originality that sparkles in every paragraph should be patented on account of its rarity. We can truthfully say that it is the brightest and wittiest of all our exchanges. It is just the thing to clear the cobwebs out of one's brain of a Sunday morning, and prepare him for sober, solid thought."

The Dover, N. J., *Index* says: "Like an egg full of meat, PAYNE'S SUNDAY PRESS, of Jersey City, comes to us 'chuck full' of journalistic enterprise, and bristling all over with good, solid reading matter."

The Jersey City *Herald* says: "Mr. Seth Wilbur Payne, editor of PAYNE'S SUNDAY PRESS, is one of the most industrious and persevering journalists in New Jersey. He has had a large amount of newspaper experience, and is making the PRESS really a racy paper."

The Hoboken *Journal* says: "Mr. Payne is known as one of the best writers of our State, and PAYNE'S SUNDAY PRESS is an exceedingly lively and interesting paper."

The Bayonne, N. J., *Times* says: "The man who has had the nerve to travel over Europe on foot, the pluck and endurance to 'foot it' across this continent, and the courage to speak the truth in behalf of right and justice, and go to prison on account of it, is a man calculated to make a 'lively paper'—and this Mr. Payne is pre-eminently making of PAYNE'S SUNDAY PRESS in Jersey City."

The Harrison, N. J., *Despatch* says: "It has literary tone, a spicy and polished finish that cannot be attained in the rush of getting up a daily paper. Mr. Payne is brilliant, witty, and smooth in his writings, and is making a paper of special interest and pleasure to every newspaper reader in the country."

The Albany *Sunday Press* says: "It fairly bristles with sprightliness, and if the people of Jersey City and surroundings do not give it a circulation of 20,000 they ought to be punished with having no newspapers at all."

The Schenectady *Gazette* says: "PAYNE'S SUNDAY PRESS is the title of a new paper in Jersey City, published by Seth Wilbur Payne, formerly editor and proprietor of the *Utica Daily Bee*. Mr. Payne is undoubtedly the best paragraphist in the United States."

The Kinderhook, N. Y., *Weekly Notes* says: "It is the brightest and newsiest paper that comes to our table. Its editor, Mr. Seth Wilbur Payne, possesses a wide reputation as a brilliant writer."

The Swedesboro, N. J., *Times* says: "Its editor has a knack of saying what he desires to say in a few words, and drives the nail home with one blow."

The *Evening Palisades*, published in West Hoboken, N. J., by C. Chauncey Burr, says: "Seth Wilbur Payne, the widely known journalist, who was immured eleven weeks in the Albany Penitentiary for publishing in his *Utica Daily Bee* words which saved a poor woman named McCartney from the gallows, and caused the judge, Doolittle, before whom she was tried, to leap from a steamboat in mid ocean a few months later, is now the editor of PAYNE'S SUNDAY PRESS, in Jersey City. Mr. Payne is unquestionably the best newspaper paragraphist to-day in the United States, as is his SUNDAY PRESS one of the brightest and most entertaining."

THE ONLY WOMAN'S LITERARY MAGAZINE WEST OF THE MISSISSIPPI.

The Golden Dawn.

A LITERARY JOURNAL FOR WOMEN.

Published Monthly, at 113 Leidesdorff Street, San Francisco, California.

DORA DARMOORE, EDITOR AND PROPRIETOR.

The GOLDEN DAWN has a larger and more efficient corps of contributors than has ever been obtained by any literary journal on the Pacific Coast.

TO THE FRIENDS OF WOMAN.

The GOLDEN DAWN occupies a distinct field in journalism; advocating as it does a broader and more extended sphere for Woman than has thus far been assigned to her. Wider avenues in the World of Work, whether manual or intellectual, and better opportunities to enter the professions and compete for the honorable emoluments arising from them, should be opened to her. She should be educated more liberally and prepared, mentally and physically, for the higher and nobler callings for which nature and nature's God intended her. The purity and queenhood of the Home should be maintained supreme by Woman. Zealously, but guarded by the principles of moderation and judgment, and with becoming dignity, the GOLDEN DAWN will battle for the establishment of these principles, and the realization of that more perfect day for Woman, and consequently for humanity, of which the present is but the early dawn.

Business men and women who are in sympathy with the principles and objects of this journal are respectfully solicited to place their business advertisements in its columns, a limited space being set apart for this purpose. Its wide circulation, among the homes of California and the Pacific Coast, constitutes it the best advertising medium of its class in the West. Its low subscription price enables all to read the GOLDEN DAWN. By aiding the paper you aid Woman.

The REVIEW is a four-page paper, size of page 15;x22, and is devoted to the interests of the postal service, publishers and news agents. It contains each month a general resume of the doings of the Post Office Department, in all its ramifications, and in full all changes, rulings, appointments, general and special orders of the Postmaster-General, etc., etc., issued for the government of the service; also a careful compilation of general postal news.

OUR NEWSPAPER SUBSCRIPTION DEPARTMENT.

Another distinctive feature of the REVIEW is our clubbing agency. Probably four-fifths of the newspaper subscriptions of the country are taken by postmasters, news agents, and publishers, who, in most cases, from inability to raise a full club, are compelled to pay full rates or a high club price. Our list comprises 500 of the leading periodicals of the country, which we send singly, direct from publishers, on agents' order, to any post-office, at a low club rate. We will furnish special lists for publishers desiring to offer a clubbing list in connection with their own paper. Our circulation is large and rapidly increasing, reaching over 2,500 post-offices, and as an advertising medium is not excelled. A limited number of advertisements carried at reasonable rates. Local notices 15 cents per line. Will exchange with all publishers who publish a club list. Specimen copies free. All postmasters, news agents, and publishers are entitled to agents' prices on first orders. Address all communications to H. A. KENYON, Dwight, Illinois.

THE CIRCULATION OF THE "GRAPHIC."

We have few subscribers to some of the New York evening papers, but THE DAILY GRAPHIC'S sales are as a hundred to one of any of them; in fact, it is the only New York evening paper we sell from the counter. HENRY TAYLOR, Manager Baltimore News Company, Baltimore, Md.

THE DAILY GRAPHIC sells better with us than all the rest of the New York dailies put together. CHARLES N. PAVER, Manager Cincinnati News Company, Cincinnati, O.

THE GRAPHIC is the only New York evening paper sold here.

THE GRAPHIC stands very well with other dailies. It is the only evening New York daily received. POWERS PAPER COMPANY, Springfield, Mass.

I sell more copies of THE DAILY GRAPHIC than of any other New York paper except the *Herald*, and it is just about an even thing between them. I sell no other New York evening paper. JOHN C. TAYLOR, Springfield, Mass.

[Summit (Miss.) Sentinel.]

It is truly astonishing how rapidly this illustrated daily has increased in circulation, and become so popular with the Southern people within the last few months. It is received in almost every household in the country. It is edited with marked ability, and a great many papers clip from it extensively.

[Bridgeport (Ct.) Standard.]

Nothing in the line of an authentic pictorial record of the times ever approached THE GRAPHIC in enterprise or success.

The Christian Cynosure.

A RELIGIOUS, UNDENOMINATIONAL, FAMILY JOURNAL, DEVOTED TO REFORM IN
CHURCH AND STATE.

A Large Sixteen-page Weekly, at Two Dollars and Twenty Cents per Year.

OPPOSITION TO SECRET SOCIETIES THE PROMINENT OBJECT.

Secret Societies swindle men out of their money, their freedom, and their Christianity. Their
despotic rule is now felt in all our cities, towns, and villages.

THE "CHRISTIAN CYNOSURE"

teaches that God alone is Lord of the conscience, and hath left it free from the doctrines and
commandments of men. That Christ is the only Lawgiver, and the Bible the only law in religion.
Hence, all attempts to bind the conscience, even to good, by secret, and intimidating or solemn
oaths, pledges, and ceremonies, are impious rivalships of the religion of Christ; and when
salvation is promised by the human rites and precepts of such "orders," they are substitutes for
the atonement, and attempts to cut the only connection between man and his Maker.

It maintains that secret, centralized societies are in their nature different from and opposed
to popular government, and that their oaths and extraordinary obligations should be suppressed
by law; and that foresworn men are disqualified for jurors, and unfit to legislate or execute laws
for a free people.

VALUABLE MISCELLANEOUS FAMILY READING, CHILDREN'S DEPARTMENT, RELIGIOUS
AND GENERAL NEWS, MARKET REPORTS, ETC., ETC., ARE FOUND
IN EVERY NUMBER.

The "Cynosure" is Mailed Weekly to Nearly All the States and Territories, and to
Canada; hence, is a Valuable Medium for Advertisers.

The Cricket on the Hearth.

AN ILLUSTRATED JOURNAL OF LITERATURE, ROMANCE, USEFUL KNOWLEDGE, ETC.

Sixteen Pages (Sixty-Four Columns), Monthly.

THE BEST, CHEAPEST, AND MOST POPULAR PAPER OF ITS CLASS.

IMPORTANT TO ADVERTISERS:

The publishers of THE CRICKET ON THE HEARTH are among the most extensive advertisers of periodicals in the United States, and this fact, combined with the intrinsic excellence and extreme cheapness of their journal, has obtained for it a very wide circle of readers. Its circulation extends to every State and Territory in the Union, and is now growing more rapidly than any paper of its class published. Its subscribers have been obtained solely by advertising, and are, therefore, from the nature of things, that class of people who read and answer advertisements. THE CRICKET ON THE HEARTH is a monthly, and is proportionately more valuable than a weekly, inasmuch as, being issued less frequently, it is preserved, read and kept before the attention of the reader for a longer time. The paper is pasted at the back, and the leaves cut by machinery, giving the advertising pages unusual prominence, and reading matter is placed on every page. All leading advertisers who have patronized our columns during the past year pronounce it the best medium extant for the prices charged.

NEW YORK, SEPT. 2, 1876.—"For the past half-year, I have advertised extensively in THE CRICKET ON THE HEARTH, published by F. M. Lupton & Co., 37 Park Row, and the result has been eminently satisfactory. I can recommend it as one of the best mediums with which I am familiar, for the price charged."—E. C. LONDON.

"We keep an account, so far as possible, of the amount of business brought us by each medium in which we advertise, and find that THE CRICKET is much above the average."—H. L. PRATT, Pres. Millers Falls Co.

"I am well satisfied with THE CRICKET as an advertising medium."—S. R. LUDDEN, E. Lincoln, Maine.

"I have received a large number of answers from parties who mention THE CRICKET, from nearly every State in the Union. As an advertising medium I think THE CRICKET is first-class."—E. L. AKEHURST, Utica, N. Y.

"I think your paper an excellent medium for advertising. I only wish there were more such monthlies to advertise in."—HARRY BURNS, Pittsburg, Pa.

ADVERTISING RATES.—Twenty-five cents per line, agate measurement. We allow a discount of ten per cent. on three consecutive insertions; fifteen per cent. on four; twenty-five per cent. on six; thirty-three and a third per cent. on twelve. We want every responsible advertiser in the United States to give our columns a trial. Having done so, if it doesn't pay, we won't ask you to continue it. Contracts may be made direct, or through the agency of Messrs. Rowell & Co.

The Spectator.

AN AMERICAN REVIEW OF INSURANCE. PUBLISHED MONTHLY.

The SPECTATOR is the most widely-circulated and influential review of insurance published in the world. As an eminent and trustworthy authority upon all questions relating to the several branches of insurance, it occupies a position of acknowledged pre-eminence, and no business man who truly appreciates the importance of safe insurance can afford to be without it. The information which it gives affords the only trustworthy, popular means of reaching a correct estimate of the relative credit and standing of companies.

The SPECTATOR is, of course, an invaluable publication for insurance agents and insurance stockholders and directors; but it has a large circulation among banks, bankers, and the manufacturing interests, who are beginning to experience intimately the want of its valuable information.

The SPECTATOR is one of the most beautiful publications in the United States. Every number contains over 64 quarto pages, printed in the most faultless and elegant style of typography.

WHY ADVERTISERS PREFER THE "CINCINNATI TIMES."

BECAUSE it holds the leading position, with a circulation much larger than any other paper published in the West. It has Ten Thousand Two Hundred and Forty (10,240) Local Agents. Thus the aggregate circulation of the DAILY and WEEKLY TIMES reaches the grand total of 185,343 copies weekly, or 9,637,836 copies yearly.

[From the Western Christian Advocate, Cincinnati, O.]

"The articles are carefully selected, most of them brief, and, in the aggregate, covering a very large number of subjects. The Cincinnati Weekly Times has a circulation of over One Hundred Thousand, having subscribers in every State and Territory of the Union."

[From the Weekly Blade, Pella, Iowa.]

"The WEEKLY TIMES has for many years been a great favorite all over the West, and has steadily increased in circulation until it now reaches over One Hundred Thousand weekly. We say emphatically that there is no better paper published than the Times."

[From the Wayne, West Virginia, Advocate.]

"Differing with the TIMES politically, we can not but admit its consistency in so far as it is a political journal. As an advertising medium it has no equal in the West, circulating as it does over One Hundred Thousand copies of its weekly edition in the various States and Territories, and nearly Fourteen Thousand copies of its daily editions."

The best evidence of the value of an advertising medium is the testimony of advertisers themselves:

FAR AHEAD OF ANY.

GREAT WESTERN GUN WORKS, }
 Pittsburgh, Pennsylvania. }

Publishers Cincinnati Times:

GENTLEMEN—One year ago I contracted for advertising in over 2,000 papers, and among them all of the leading papers of the country. I so arranged the advertisements that I could tell exactly from what papers I received replies, and I kept a correct account of them for three months. The result shows that in the number of letters received the TIMES stands second on the list, and for the amount of money invested it is far ahead of any.
 J. H. JOHNSON.

HEAD OF THE LIST.

NEW YORK CITY.

Proprietors of the Cincinnati Weekly Times:

GENTLEMEN—We have advertised in the Weekly Times for some four or five years, and consider it one of the best mediums for that purpose in the country.

Experience has convinced us that there are but ten or twelve papers altogether in the Union in which it really pays to advertise our business, and the Times comes close up to the head of the list.

From the Resolutions adopted by the Convention of School Commissioners and Superintendents, Rochester, N. Y., December 30th, 1875:

RESOLVED, That THE SCHOOL BULLETIN is worthy of and should receive the earnest support of all who have the best interests of education at heart.

A NEWSpaper: not a VIEWSpaper.

The School Bulletin

AND NEW YORK STATE EDUCATIONAL JOURNAL.

ILLUSTRATED. SIXTEEN TO TWENTY-FOUR PAGES. MONTHLY. \$1 A YEAR.

THE SCHOOL BULLETIN inaugurates a new era in educational journalism, aiming to be not a magazine but a newspaper; to deal not with theories but with facts; to present not papers and addresses but accurate and condensed statistics, reports and descriptions of *existing* systems, schools, buildings, methods. In short, by presenting what every teacher ought to know, and can here most easily learn, it aims to be indispensable to every thinking educator. The demand for this information may be inferred from the fact that the following text books, now used in all large schools in New York, and extensively throughout the country, are re-printed from the BULLETIN:

1. Common School Law for Common School Teachers.
2. The Regents' Questions, 1866-1867. Six different editions.
3. Studies in Articulation. By Principal J. H. Hoose, Cortland State Normal School.
4. Lessons in the Civil Government of the State of New York. By H. C. Northam, State Conductor of Institutes.

IN THE STATE OF NEW YORK

THE BULLETIN is the recognized school paper of the State, and is the only one which has any support from the County Commissioners, Institute Conductors, and other school officers. Outside of New York city and Brooklyn it has more than **five times the paid circulation of all other school journals combined**. It is absolutely the only medium through which announcements to New York teachers will reach the eyes of those interested.

OUTSIDE OF NEW YORK STATE

THE BULLETIN has a large and constantly-increasing circulation. The estimation in which it is held may be judged from the following voluntary testimonials:

<p>"Spicy and sound too, I think."—<i>John D. Philbrick, Supt. of Schools, Boston.</i></p> <p>"A complete thesaurus of news, facts, methods, and suggestions indispensable to teachers."—<i>Ariel Parish, Supt. of Schools, New Haven, Conn.</i></p> <p>"It is not a mummy, as too many educational</p>	<p>journals are, but full of the driving blood of today."—<i>H. S. Jones, Supt. of Schools, Erie, Penn.</i></p> <p>"A grand success for giving the pith of information in a nutshell. We like to know what is going on without looking over thirty or forty journals."—<i>A. H. Andrews & Co., Chicago.</i></p>

THE "INDEPENDENT PRESS" IS THE BEST ADVERTISING MEDIUM IN THIS COUNTY.

We make liberal terms to those wishing to pay **cash** for the use of our columns; but to those who wish to dispose of their wares to us, and have us pay *first* or *second* cost for them in cash, and pay the profits in advertising, we would say they need not consult us, as we have no money to pay; but if any one wishes to dispose of goods, and take the **full amount** in advertising, we can trade with them, but not otherwise.

Liquor Dealers and Lottery Swindlers will find our columns a poor medium for them, as we shall take no such advertisements at any price. **Samples Free.**

Advertisers abroad always desire to secure mediums which cannot fail to be a means of profit to them. They, as a matter of course, look to the several peculiar advantages of the publications in which they desire to advertise. A paper that circulates among a class of readers who are liberal and intelligent, certainly occupies an enviable position, and the weekly that has largely among its readers the mechanic and artisan, cannot fail of being an excellent advertising sheet. The FREE PRESS admirably fills all these requirements. Having been established since July, 1875, and been constantly under the personal surveillance of the publishers, who have not spared pains nor expense to render it invaluable, alike to reader and advertiser, it has attained a standing in its immediate vicinity that is *par excellence*. Advertisers cannot do better than by writing to the publishers for terms. All may rely upon gentlemanly and straightforward treatment. Send to the publishers for rates.

It takes the broadest meaning of Health, Physical, Intellectual and Moral, and shows how to become strong, healthy and handsome. It teaches how to cook, how to eat, how to dress, etc., so as to reach the highest perfection, happiness and working power.

The following is from a brother of William Carpenter, the Great Physiologist of the University of London, and Author of Carpenter's "Principles of Physiology."

I do not know any similar publication which is likely to do so much good. It appears to me vastly superior to most health journals at the same price. I hope its circulation will be widely extended among parents, teachers and clergymen, and among intelligent young persons of both sexes; get all the subscribers you can.

The Bonham News.

A LIVE DEMOCRATIC NEWSPAPER FOR THE FARMERS, MERCHANTS, MECHANICS, AND ALL OTHER HONEST PEOPLE OF FANNIN AND ADJOINING COUNTIES OF TEXAS.

SUBSCRIPTION: \$2, INVARIABLY IN ADVANCE.

The Publishers have reason to believe that at the present time the circulation of the NEWS is larger than that of any other political paper in the Second Congressional District.

The distinctive features which have contributed to this gratifying result, and which we shall faithfully endeavor to maintain, are:

1st.—Blunt, plain-spoken candor on political topics, and fearless denunciation of venality and corruption wherever found.

2d.—A thorough resume of the news of the day from all parts of the country, in the most condensed form possible.

3d.—A vivid and complete compendium of incidents, accidents, happenings here and there, and items of interest or information from every quarter of Texas.

4th.—A local department which challenges comparison with that of any other paper in the State—being a weekly record of everything of interest transpiring in Fannin county.

As an indication of the esteem in which the NEWS is held by its cotemporaries, we present the following **unsolicited commendations** from various Texas journals:

- "The BONHAM NEWS is an excellent paper."—*Denison News*.
- "The BONHAM NEWS is one of the best of our Democratic exchanges."—*Sherman Patriot*.
- "The BONHAM NEWS is the liveliest, newsiest paper of its size in the State."—*Lockhart News Echo*.
- "The BONHAM NEWS is among the very best and ablest conducted papers in the State."—*Gainesville Gazette*.
- "The BONHAM NEWS is decidedly the best country newspaper in the State—no exception."—*Gainesville Herald*.
- "The BONHAM NEWS is one of the most unswerving advocates of Democracy and the people's interests that the State contains."—*Meria Ledger*.
- "The BONHAM NEWS is one of the most useful papers in the State. Everything that happens in the State is referred to, briefly and to the point."—*Denton Monitor*.
- "The BONHAM NEWS has stemmed the storm for ten years. It is among the best of our exchanges, and we can but wish it a successful career for ten times ten."—*Guadalupe Times*.
- "The BONHAM NEWS is the most industriously edited, and one of the best papers in Texas. It doesn't like the *Statesman*, but it deserves more than we say in its commendation."—*Austin Statesman*.
- "We have received a copy of the BONHAM NEWS, and gladly place it on our exchange list. It is the spiciest, most readable paper we have seen for many a day."—*Belton Journal*.
- "If there is a better paper in Texas; if there is a country paper in the South, whose columns are more carefully filled with general information and news items than the NEWS, it fails to visit our court."—*North Texan*.
- "There is no weekly paper in the State upon which more intelligent editorial labor is put in the way of editorials and condensation of news than the BONHAM NEWS. The NEWS is carefully, laboriously, intelligently, and as a consequence, ably edited."—*Waco Register*.
- "The BONHAM NEWS is not only one of the neatest, but one of the best conducted newspapers in Texas. If Texas had a few more fearless and independent journals like the NEWS, and fewer of the time-serving order, the tone of journalism in the State would be much improved."—*Sherman Register*.

Ogden is the commercial and mining wholesale market and great shipping point for Western Wyoming, Nevada, Northern Arizona, Idaho, Montana, and Utah.

The FREEMAN has a circulation of **2,925**, being read over a larger region than France, Germany, and Spain combined, and is the best advertising medium between the Rockies and the Sierra Nevadas.

Its present editors are the same who edited the *Frontier Index* in nine of the terminal towns of the Union Pacific railroad during the work of construction, the *Index* having been destroyed by a mob of ruffians at Bear River City. The Weekly Press

FOR 1877.

THE GREAT FAMILY JOURNAL OF THE COUNTRY.

The liberal support and encouragement received by the WEEKLY PRESS during the centennial year have determined the proprietor to relax none of the efforts which in the past have contributed to its high standing as a paper for the fireside, the workshop, the farm, or the furnace, and made its presence always welcome throughout all portions of Pennsylvania and adjoining States, and in fact all over the country.

In addition to full telegraphic reports of current events by Associated Press and Atlantic Cable, its large staff of Special Correspondents at Washington and elsewhere will keep its numerous readers advised of the latest movements in the political, social, and business world, including the financial and commercial transactions at the principal money centres of the country. It will also still retain all the special leading features in which it has achieved pre-eminence, including its

Foreign Correspondence, Agricultural Page, and Literary Standing.

In a word, it will present each week a complete compendium of ALL THE NEWS OF THE WORLD. No better medium for ascertaining the drift of public opinion, and keeping abreast of the progressive movements of the new century just dawning, can be obtained than the WEEKLY PRESS for 1877. As a Pennsylvania paper it commends itself to the support of the people of our own state or temporarily residing elsewhere.

Its Agricultural Page is a marked specialty. Its management is under the exclusive control of Mr. THOMAS MEEHAN, whose reputation throughout the whole country as a practical and successful agriculturalist is well known. Mr. MEEHAN's high scientific position in Europe and the United States is a matter of common fame, and his flourishing farm and nursery near this city are the best evidences of his practical fitness for his important position.

Literary Character.—In its literary character the WEEKLY PRESS has always ranked prominent among the journals of Pennsylvania. The name of Dr. R. SHELTON MACKENZIE, not to mention the other brilliant writers who contribute to its pages, is alone sufficient guarantee of its position and standing.

The New York Mercury.

THIRTY-NINTH VOLUME.

The thirty-ninth volume of the NEW YORK MERCURY also commenced with the year 1877, and, after experiencing so long and flattering an existence in the world of enterprising journalism, the universality of its popularity may be at once conceded. Embracing, as it does, all the respectable classes of the community within the scope of its readers, and catering, as it does, to the taste of those engaged in every branch of respectable industry, it is necessarily a favorite with all who love interesting variety—all who desire to combine entertainment with instruction—all who relish the light literature of the age as well as the more solid pabulum of science and daily history. The MERCURY is pre-eminently

A FAMILY NEWSPAPER,

prepared with a peculiar eye to household claims and household necessities. It is, at the same time, a **Newspaper for the Million**, adapted to fascinate not only those who think profoundly, but those who prefer to float gayly over the radiant surface of current events. It is the best story paper extant, uniting in one weekly sheet all the stirring excellence and charming variety to be found in any other half dozen publications. The completed arrangements for 1877 embrace

A BRILLIANT SUCCESSION OF EXCITING SERIAL ROMANCES

from the pens of the best writers on both sides of the Atlantic. No extent of pecuniary outlay will deter the proprietor of the MERCURY from **commanding first-class talent** in every branch of every department.

THE WEEKLY TABLE-TALK

is an ever fresh and exclusive feature of this journal, and overflows with diverting anecdotes, vivacious poetry, and quaint conceits.

IN THE AMUSEMENT WORLD

the MERCURY will continue to maintain its superiority as an honest and liberal exponent. It will still present, by its widely organized system of correspondence and its indefatigable resolution to excel all competition, vivid picture, in every issue, of the movements and success of each member of the different professions, imparting at the same time such other intelligence as may be interesting to show people, and also to the public. **No other paper in the world** can possibly exhibit such a combination of excellence in point, variety, quality, and quantity.

OUR ONLY TERMS OF SUBSCRIPTION:

The NEW YORK MERCURY, with its fifty-six columns of sterling, original matter, will continue to be issued at Eight Cents a copy, and sold by all newsmen and periodical-dealers in America. To mail subscribers our terms for 1877 will be (cash in advance):—Single copies, **\$3 50** a year; three copies, **\$10**. Write plainly the name of post-office, county, and State. Specimen copies sent free to all applicants. Address WILLIAM CAULDWELL, Proprietor of the NEW YORK MERCURY, No. 128 Fulton Street, New York City.

The MORNING HERALD will be conducted with vigor and enterprise. It will lay before its readers every morning, Sunday included, a complete summary of the news of the world.

Its publication has been undertaken to meet the popular demand for a cheap morning paper, containing the news of the day, city, suburban, domestic and foreign, collected by active reporters and the full resources of the telegraph.

In politics the MORNING HERALD will maintain a thoroughly independent attitude, but it will vigorously sustain all measures calculated to produce the good of the whole people, without regard to any party predilection. The HERALD will, therefore, be the zealous advocate of a general curtailment of public expenses; the reduction of taxation, and other essential reforms necessary for the public welfare. It will ever encourage and support honest measures, or enterprises tending to the growth and prosperity of Cincinnati

The HERALD will be a real wide-awake, but carefully-conducted newspaper, in the fullest sense of the term, and as such it confidently anticipates general support.

The MORNING HERALD will be sold by agents for ONE CENT per copy, or it will be delivered at the residence or place of business of subscribers seven days for ten cents.

The New York "Herald of the West."—The Kansas City TIMES' Fast Newspaper Train, carrying early copies of that paper between Kansas City and Topeka during the Session of the Legislature, January, 1876.

The Kansas City Times,

Now recognized and acknowledged as the leading journal of the New West, takes another step forward, and now does what no other publishers of this section have ever dared to do—make a sworn statement as to their actual circulation. The original of the following affidavit is preserved, and will be found on file with Messrs. Geo. P. Rowell & Co. We will also continue during the year to file monthly or quarterly sworn statements of our circulation with Messrs. Rowell & Co., and other leading advertising agents in various cities, and are ready at any time to furnish *bona fide* advertisers with affidavits of the circulation of any of our editions. Our motto is, "So much circulation for so much money," and if advertisers wish to reach the people of the rich and prosperous region in which the TIMES circulates, we are willing to meet them half way and convince them the TIMES is the proper medium through which to reach five times as many as through any other paper in this section. And we shall simply charge for our advertising space in reasonable proportion to the circulation we are able to show.

The Independent.

CONCEDED THE LEADING PAPER OF SOUTHERN KANSAS.

F. B. MCGILL, EDITOR AND PUBLISHER, OSWEGO, LABETTE CO., KANSAS.

SUBSCRIPTION: \$2 PER ANNUM, IN ADVANCE.

The INDEPENDENT, enlarged and improved, enters its sixth year with unprecedented success. The largest circulation in Southern Kansas. Farmers contribute to it. Mechanics and laborers write for it. Scientists, physicians, lawyers, geologists, and theologians contribute to its columns. Every live business man takes an interest in it. It is emphatically **the people's paper**, and stands upon the broad foundation of **equal rights** before the law; equal standing of man before man; recognizes the fact that the intelligent, industrious laborer, whatever may be his calling or profession, is the noblest work of God. The INDEPENDENT is all its name indicates. It is **independent of all individual interests**, factions, rings, cliques, and ambitious, unprincipled politicians. It aims to advocate the right at all times and under all circumstances without fear or favor. Its aim is to advocate just principles, whether popular or unpopular, and labor to educate the masses to all means of reform required. While it adheres strictly to the principles as enunciated in the republican platform, it does not permit itself to be so blinded by party prejudices that it cannot see the clogs that have attached themselves to our party by the drift of popular current; but cuts loose from the dead weights, and knowingly permits no rascal to hide himself behind the party cloak. The INDEPENDENT is in the interest of the people; from the honest masses it derives its support. The farmer, the mechanic, the banker, the merchant, the laborer, all classes and professions are patrons of the INDEPENDENT, and take pride in its popularity and prosperity. For rates of advertising address the Publisher, or apply to Geo. P. Rowell & Co., New York, the *only* authorized agency of the INDEPENDENT.

PUBLISHED WEEKLY AT

SUMMERVILLE.....CHATTOOGA COUNTY.....GEORGIA.

CLEMENT & SON, EDITORS AND PROPRIETORS.

A peculiar feature of the GAZETTE is that as a *neighborhood paper* it perhaps is not excelled by any county journal in the whole country. It is the only paper in the county, and is eagerly read by the firesides of a staunch and industrious rural population. Advertisers cannot so directly or quickly reach the county population by any other means. It has the confidence and patronage of its county people, and therefore can better introduce advertisers to them than any sheet published abroad.

TO ADVERTISERS.

Manufacturers everywhere, who are seeking trade with the South and West, will find the HOME AND FARM their best advertising medium for the following reasons: We print and circulate a larger issue than any other paper south of the Ohio river. Our paper goes directly into the hands of the best farmers of the South and West, as well as to the mechanic and merchant of these two sections. Our subscription list is now FIFTY THOUSAND, and increasing rapidly. When we say that our circulation is fifty thousand, we do not base this statement on any suppositions, but mean just what our words imply, and as substantiating proof we refer to the certificate of Messrs. Jno. P. Morton & Co., which will be found under prospectus of HOME AND FARM for 1877.

We have a large circulation in every one of the Southern States, including Maryland and West Virginia, and in the States west of the Mississippi river from Texas to Iowa; also in Illinois and Indiana.

"No pent up Utica contracts our powers,
But the whole boundless universe is ours."

Good business men seek the best channels to make their business known, and are apt to "put their money where it will do the most good." Such men, we think, will appreciate at a glance the advantages we offer them.

We will entertain advertisement proposals for none other than first-class articles, and such as have been shown to have merit, and anything advertised in our columns will, by its admission, have our indorsement.

This is to certify that we print the "Home and Farm," and our regular issue for B. F. Avery & Sons is 50,000 semi-monthly. JOHN P. MORTON & CO.

**INDISPUTABLE FACTS.**

128 WILLIAM ST., NEW YORK, Nov. 4th, 1876.

This is to certify that we have furnished THE ILLUSTRATED WEEKLY sufficient paper during the last four weeks to print 192,500 copies, or a weekly average of 48,125 copies.

(Signed) JESSUP & MOORE.

101 CHAMBERS ST., NEW YORK, Nov. 4th, 1876.

This is to certify that we are the printers of THE ILLUSTRATED WEEKLY, and we have printed during the past four weeks for its regular editions 192,500 copies, making a weekly average of 48,125 copies.

(Signed) D. H. GILDERSLEEVE & CO.

POST OFFICE, NEW YORK CITY, Nov. 14th, 1876.

This is to certify that the firm of Chas. Clucas & Co. have paid for postage on the regular editions of THE ILLUSTRATED WEEKLY, the sum of three hundred and ninety-eight and twenty-eight one-hundredths (\$398 28) dollars, during the past four weeks.

(Signed) H. G. PEARSON, Assistant Postmaster.

It is a very simple matter to arrive at the circulation with the above indisputable figures as a basis. The postage is two (2) cents per pound, therefore, \$398.28 represents 19,914 pounds. Weigh one copy or ten copies of the paper. Ten copies will be found to weigh just one pound—hence, ten times the number of pounds, 19,914, gives the actual circulation as 199,140 copies, from which must be deducted the weight of back numbers, which we send out in considerable quantities, and which would reduce the total regular circulation for past four weeks to 192,500 copies, as stated in above certificates, or an average weekly circulation of 48,125 copies.

We present the above facts for the consideration of advertisers, in the belief that they contain the essential information that the advertiser values.

A specimen copy will be mailed, post-paid, to any applicant, which will speak for the character and typographical appearance of the paper.

P R O S P E C T U S .

The BOSTON JOURNAL OF COMMERCE has no concern with politics, except in so far as they affect BUSINESS. The interests of commerce, trade, and manufactures will be faithfully guarded and advanced by this paper, and not those of either political party. Where other papers work for the success of a party, this paper works to make business good, and it attacks any and all who are impeding that result.

Where POLITICS now reign supreme at Washington, we shall labor to cause the condition of business to be a matter of concern. And there is work to be done.

American manufactured goods must secure AN EXPORT TRADE. To do this favorable legislation must be obtained.

COMMERCIAL TREATIES must be made wherever such will open markets for our manufactures. Among those earnestly needed may be mentioned a Reciprocity Treaty with Canada, and a Commercial Treaty with France.

Taxation of late years has been heaped upon active capital and business, until the burden can no longer be borne. Economy must be insisted upon from National, State, Municipal, and Town officers, and everywhere extravagance and unnecessary expenditures must cease.

THE NATIONAL BANKS are taxed so that many are thinking of either decreasing their capital or closing up entirely—either of which would be disastrous to business.

Manufacturers using RAW MATERIALS in the manufacture of goods, tools, etc., must have all such at as low cost as possible, that they may export their products and compete with European makers. For this purpose nominal rates of duty must be levied upon all raw materials.

Hard pan must be permanently reached, and CONFIDENCE imparted to capital by active steps being taken to carry out the RESUMPTION PLEDGE, January 1, 1879.

CHEAP TRANSPORTATION must be provided our manufacturers, whereby they can ship their goods to the West in competition with those located in other sections. Inflated rates of freight must no longer be exacted in order to sustain the inflated capital and reckless extravagance of railroad corporations.

The rule of TRADE-UNIONS is a monstrous imposition upon active capital; and all so-called labor organizations, organized to exact high wages from manufacturers and employers, are antagonistic to the true interests of the nation, and severe impediments to prosperity.

The BOSTON JOURNAL OF COMMERCE will earnestly espouse the interests of manufacturers and business men in the above briefly outlined measures and evils. Our speech shall be plain, candid, and tainted with no fear, alliance, or any other interest than that of MAKING BUSINESS GOOD. We seek reward through that channel alone, relying that when the good harvest can be brought about we shall be rewarded with our share. Meanwhile we ask the active co-operation of all who seek GOOD TIMES.

To-day, NO SIMILAR PAPER IN THIS COUNTRY HAS AS LARGE A CIRCULATION AS THE BOSTON JOURNAL OF COMMERCE; and advertisers are invited to see the paper printed and judge for themselves. This paper is taken by LIVE, WIDE-AWAKE BUSINESS MEN and MANUFACTURERS throughout this country and the Provinces. In spite of dull times its circulation the past year has increased 60 per cent., and is still rising. We get business because we seek it; we mean business, and keep a sharp eye on the business interests; we are for business "first, last, and always."

The Mountain Echo.

KEYSER, WEST VIRGINIA.

The MOUNTAIN ECHO is an eight-column paper, 28x40. Published every Thursday. Is the only republican paper published east of the Alleghany Mountains, at Keyser, West Virginia. Keyser is the county seat of Mineral county, on the Baltimore and Ohio railroad, 200 miles west of Baltimore. This place, formerly known as New Creek, in 1874 contained only a population of 250; now, by the B. & O. R. R. Co. making it the end of the Second Division, locating here machine shops, and erecting one of the largest round houses in the U. S., it is an incorporated town containing over 2,000 inhabitants, and is the only outlet to the railroad from the counties of Grant, Hardy, and Pendleton. The MOUNTAIN ECHO has a large circulation in the counties of Mineral, Grant, Hardy, Pendleton, and Hampshire, which counties probably send more cattle to the great cities, once or twice a year, than any other section of the country. As an advertising medium, for these reasons, the MOUNTAIN ECHO is one of the best in the State for merchants, mechanics, and manufacturers. To all who advertise in the MOUNTAIN ECHO, the editor is ready at all times to give confidential advice in regard to any business matters in the State. The subscription price is \$1 75 a year. Advertising rates as liberal as any other paper in the State. Sample copies sent free. Address

The Oread,

OF THE MOUNT CARROLL SEMINARY,

Is published by the OREAD SOCIETY of the Institution. It is a twenty-two-page quarto, with a circulation of two thousand, extra issues being made for gratuitous circulation at different periods of the year. **As an Advertising Medium,** educational and college journals are rapidly gaining the position merited. "No other periodicals are so thoroughly read, none are so carefully preserved and so often referred to as these; and the advertisements are carefully examined, and reaching, as they do, the families of the most intelligent and cultivated classes, the advertisements gain a conspicuity not to be found in any other equally large line of journals published in the world."

The large class of teachers who are interested in school journals make the advertising space especially desirable to publishers and dealers in school apparatus.

This Institution was incorporated in 1852. Of it, says Rev. J. A. Smith, D. D., of Chicago: "We feel warranted in pronouncing this school, for all the highest purposes of an education, one of the best in our knowledge. * * * We regard it as unsurpassed in the West, whether as respects the judiciousness of the discipline or the substantial value of the instruction."

The OREAD, as the organ of an institution twenty-five years old, has a circulation far superior to local papers, as it goes to the old students, scattered to nearly every State in the Union, from Maine to Oregon and California, and from Minnesota to Texas, giving it superior value as an advertising medium.

THE LARGEST AND MOST WIDELY-CIRCULATED PAPER PUBLISHED IN
SOUTH-WEST VIRGINIA.

TERMS: TWO DOLLARS PER ANNUM.

THREE PAPERS IN ONE.

Taking the place of the *Roanoke Times* in April, 1876, and shortly thereafter purchasing and adding to its circulation the subscription list of the *Virginia Monitor*, formerly published at Rocky Mount, Virginia, and more recently those also of the *Martinsville Courier*, formerly published at Martinsville, Henry county, Virginia, the CONSERVATIVE is really three papers in one, of which fact advertisers should make a note.

The town of Salem, in which it is published, is situated at the head of the famous Valley of Virginia, and is the county seat of the beautiful and fertile county of Roanoke. The country around is inhabited by a well-doing and prosperous class of farmers and planters. The population of the town is 2,900; but apart from Salem and its immediate surrounding country, the CONSERVATIVE has a very large audience in South and South-west Virginia, and therefore offers very superior advantages to advertisers.

The CONSERVATIVE is an official organ in two Congressional Districts, embracing twenty-three counties, and containing a population of over 300,000. Besides its general circulation in Virginia, the CONSERVATIVE has a scattering circulation in upwards of twenty other States and Territories.

The POST is now well advanced in its second year of publication, and its existence can no longer be hinted at as ephemeral. It has steadily gained in favor among the citizens of Cleveland and vicinity, and enjoys the patronage of a large number of readers and advertisers, thus giving assurance that it is a fixed fact! Sunday newspapers are recognized throughout the country as of as much importance, and as necessary for public information and benefit, as those published on other days of the week. They require no more, indeed even less, labor performed upon them on the first day of the week, than the Monday editions of the daily papers. Those who are extremely scrupulous as to the work being done on Sunday, cannot consistently reject the one without also rejecting the other. No better advertising medium in the State. Sunday papers are even more generally and carefully read than ordinary daily papers. All business communications must be addressed to the POST COMPANY, Cleveland, Ohio.

Being a firm believer in the efficacy of printer's ink ourselves, we make it a point to satisfy our advertisers that we control two of the best advertising mediums in the State, and that we rather largely *under-estimate* than *over-estimate* our average circulation, which is not the case with all publishers. A glance at either the ELK RIVER WEEKLY NEWS or the ANOKA SUN AND REPUBLICAN will satisfy advertisers of the truth of the above statements. All orders for advertisements for either paper should be sent to either the "Anoka" Office, or No. 5 City Hall, Minneapolis, Minnesota.

The CUMBERLAND PRESBYTERIAN is a Weekly Newspaper, 32x47, quarto, and has NINE THOUSAND *bona fide* subscribers. Is issued simultaneously at Nashville, Tennessee, and St. Louis, Missouri. As an advertising medium it scarcely has a rival among the great Religious Newspapers of the day, for it is the only weekly published under the auspices of the Cumberland Presbyterian Church—a denomination of more than *one hundred and twenty-five thousand* communicants. In the South, South-West, West, and North-West, there is scarcely a post-office to which the paper does not go. The CUMBERLAND PRESBYTERIAN is under the control of the Board of Publication of the Cumberland Presbyterian Church, and said Board is located in Nashville, Tennessee. As the CUMBERLAND PRESBYTERIAN is the only weekly published in the entire denomination, it is confidently believed that before the close of the year 1877, the subscription list of the paper will be increased by many additional thousands. The CUMBERLAND PRESBYTERIAN is a consolidated paper—the result of the union of three weeklies, the *Banner of Peace*, Nashville, Tennessee, the *Cumberland Presbyterian*, St. Louis, Missouri, and the *Texas Cumberland Presbyterian*, Tehuacana, Texas.

To those engaged in *legitimate* trade and commerce, therefore, the CUMBERLAND PRESBYTERIAN affords almost extraordinary advantages as a medium through which said business can be made known to the public; but under no circumstances and at no price will “blind advertisements” be put in its columns. The Oddfellows' Banner

AND LITERARY COMPANION

Is a weekly paper, in the third year of its existence, and is devoted, as its name indicates, to the interest of the Independent Order of Oddfellows, and the publication of choice literary matter and family miscellany. It is the recognized

NATIONAL ORGAN OF ODDFELLOWSHIP,

and has the largest circulation of any weekly publication of the Order in the world. No Odd-fellow who desires to keep thoroughly posted in the works of our grand fraternity can afford to be without it, and the literary matter it contains will be highly

ENTERTAINING AND INSTRUCTIVE IN THE FAMILY CIRCLE.

IN TWO YEARS THE CIRCULATION GREW TO 7,000 COPIES,

and the third year is adding quite an increase to its subscription list. It is printed on a heavy, complete Campbell press, manufactured expressly for the proprietors, and is capable of printing 1,200 papers per hour. The BANNER goes to every State and Territory in the Union, and to the British possessions; and we receive daily the most flattering good wishes for continued success in our labors.

With the flattering success which has already attended the BANNER, we have hopes that by continued energy and application that soon its list of post-offices will include all where Oddfellowship is known in this country and in foreign lands.

The subscription price is placed at the very low sum of \$2 per year, in advance, or \$1 for six months, in advance—a sum much less than the subscription price of the various literary weeklies of the country. It is a handsome, eight-page paper, and its columns are restricted to the publication of the most chaste reading matter, nothing of a questionable character being allowed.

It shall, from time to time, advocate such measures as will interest Oddfellows, and it shall ever be an able and fearless defender of the glorious principles upon which our noble Order is founded.

A limited number of unexceptionable advertisements inserted at \$300 per column. Correspondence solicited and promptly answered. Send remittances by registered letter or P. O. money order.

Fort Benton is one of the oldest towns in Montana Territory; is the great fur centre of the North-West, and county seat of Choteau county. The town is situated at the head of navigation on the Missouri river, and has an immense floating population. The Connecticut Western News.

PUBLISHED AT

CANAAN, LITCHFIELD CO., CONNECTICUT.

Was established in 1871 by J. L. PEASE, its present Editor and Proprietor, and has a circulation weekly of nearly twelve hundred copies. This paper makes a specialty of local news, recognizing as a vital truth this fact: that success is measured out to a country journal in proportion to the amount of attention given to news of a purely local character, and the success of the CONNECTICUT WESTERN NEWS, in a field never before occupied by a successful newspaper, has been far beyond the most sanguine anticipations of the publisher, and it is now firmly established as **the Home Paper** of the North-western section of the State. The space allotted to advertisements in the NEWS is limited to a certain number of columns, beyond which they cannot be received and inserted. Its readers must never be disappointed in the amount of reading matter they will expect to find, consequently the advertising space is especially valuable to advertisers, and is always occupied by a first-class patronage, which has never, in one instance, been obtained by personal solicitation.

It takes the place of the late *Texas Iron Age* and the *Jefferson Democrat*, and starts with the combined subscription lists of these two papers, and many new subscribers, which insures it the largest circulation of any weekly in the State, and we are determined to make it in all respects the representative newspaper of the great South-West.

The TRANS CONTINENTAL IRON AGE is a business and family journal, devoted to the interests of the manufacturer, merchant, farmer, mechanic, and laboring man. While it will be a fearless and faithful advocate of democratic principles, it will in no sense be a mere partisan sheet, but rather a bold and determined champion of all the people. It will defend and uphold their rights, and maintain their interests against the usurpations of power, and the depredations of official plunderers, preferring to fall in their defence rather than rise by a betrayal of their confidence. It will ardently labor to promote the material interests of Texas, the development of her vast and splendid railroad enterprises. The salubrity of the climate, the fertility of the soil, the variety of the productiveness, and social advantages of the State, will be fully reviewed. It will be one of the aims of the TRANS-CONTINENTAL IRON AGE to cultivate a pure, literary taste, and to disseminate useful information. Tales of power and interest, poetry, articles on science, art, fashion, and music, will be found in its ample pages. The latest local and general news, a report of the markets, with a synopsis of the proceedings of Congress and our State Legislature, when in session, will be given in its columns.

On all questions which agitate the country, it will speak with freedom and candor, boldly advocating what is believed to be right, and fearlessly denouncing what is known to be wrong, without regard to party or men. We start with a larger subscription list than has ever been attained by any daily paper published in East Texas. TO BUSINESS MEN WHO WISH TO REACH BUSINESS MEN.

The Commercial and Tobacco Leaf,

RICHMOND, VIRGINIA,

HAS NO EQUAL AS A WHOLESALE OR GENERAL ADVERTISING MEDIUM BETWEEN BALTIMORE AND NEW ORLEANS, THE EXTENT AND CHARACTER OF ITS CIRCULATION BEING CONSIDERED.

THE ONLY PURELY MERCANTILE JOURNAL IN THE STATE.

It is, in addition to its subscription list, sent out as a price-current by many leading commission merchants who vary their lists weekly, and thousands of copies are distributed by parties whose establishments are described in its editorial columns.

Special Trade Editions of Many Thousand Copies are Issued Spring and Fall; also, a Large Holiday Edition.

The following extract from a late editorial truthfully sets forth some of the inducements offered to advertisers:

"We have, during the past year, written up over a hundred of our leading mercantile and manufacturing houses, each of which has distributed on an average a thousand copies, and when to these are added the papers sent out by our leading commission merchants, and our special Spring, Fair, and Holiday Editions, advertisers can form some idea of the advantages offered by the COMMERCIAL, especially when they remember that the circulation is always changing, and that every copy goes to a picked man—merchant, manufacturer, or leading farmer. Our tobaccoists have scattered it broadcast by tens of thousands among the trade from Maine to California, and not content with this, have distributed it by thousands in Europe and Australia. Our great iron founders have introduced it to their customers everywhere, as have also our agricultural implement, furniture, and machine manufacturers, as well as merchants in every line of business, wholesale and retail. Our price-current is the fullest and most reliable ever published in this city, and is now recognized authority in such matters.

WHY IT PAYS TO ADVERTISE IN THE "COMMERCIAL."

- 1st. Because its circulation is large.
 - 2d. Because its circulation is varied and constantly changing.
 - 3d. Because its circulation is among men of means and standing.
 - 4th. Because it is read by more merchants and leading farmers than any other paper in this section.
 - 5th. Because it is on file at most of the leading hotels and watering places in the State.
 - 6th. Because it goes in packages of from one to one hundred copies to over two thousand post-offices in Virginia, West Virginia, and North Carolina.
- To sum up, a Large Circulation, a Good Circulation, a Varied Circulation, and Low Rates are our inducements.

The Albany Law Journal. .

A WEEKLY RECORD OF THE LAW AND THE LAWYERS.

The LAW JOURNAL has been published for seven years with steadily-increasing success, and its regular circulation is believed now to be much greater than that of any similar periodical ever published.

It has been the aim of its conductors to make the LAW JOURNAL one of the very best of professional journals—one that should not only furnish to the profession the results of the latest important adjudications, both of this country and of England, but that should also discuss, ably and intelligently, all matters of legal importance and all questions affecting the interests of the profession.

While the LAW JOURNAL will be continued in the same general style, and upon the same plan as heretofore, some new features will be introduced during the coming years which will greatly add to its interest and utility. Each number will contain among its contents the following:

- First.*—Two or more original leading articles upon legal subjects.
- Second.*—Current topics, in which legal topics of current interest will be discussed with ability and independence.
- Third.*—Notes of case, containing brief expositions of the more important recent American and English decisions.
- Fourth.*—Abstracts of all decisions of the Supreme Court of the United States, of the decisions of the New York Court of Appeals and Supreme Court, and of the important decisions of the courts of the other States.
- Fifth.*—Full reports of decisions which are thought to be of especial interest and importance.
- Sixth.*—Critical notices of new law-books, written with ability and candor, and designed to give the profession a fair and reliable estimate of the legal works constantly issuing from the press.
- Seventh.*—General and special correspondence.
- Eighth.*—A weekly summary of home and foreign legal intelligence.
- Ninth.*—The General Statutes of New York printed in a supplement.

The LAW JOURNAL is published every Saturday, and each number contains twenty royal octavo double-column pages. It is entirely independent of all local or sectional influence, but in plan and contents is eminently national and is intended for the profession of the whole country.

Subscription price: \$5 a year, in advance, free of postage. Volume began January 1st. An extra copy sent free to any one getting up a club of five new subscribers. Specimen copies sent free on application. Advertisements: ten cents per line (nonpareil).

Each successive issue is an earnest of its character and a guarantee of improvement in its contents.

We are warranted in the affirmation that this paper is largely approved by the business men of the United States, because of their hearty patronage hitherto, and the steady growth of the subscription list without personal solicitation. But it is the belief of the publishers that the usefulness of the TRADE LIST should be very much extended, and that many thousands of names should be added to the roll of its patrons. With this end in view it addresses all non-subscribers into whose hands it may chance to fall with an invitation to examine its general scope and plan and the character of its contents, with special reference to the following points:

1. Market Reports—Their fullness, thorough revision and comprehensive exhibit of the prominent markets of the West.

2. Manufacturing Statistics—Both local and general, furnishing a complete record of the country's industries in successive issues.

3. Commercial Intelligence—From the great trade centers of the world, giving a weekly *resume* of the most important movements of grain and merchandise, and all notable changes in mercantile affairs.

4. Scientific News—Constituting a record of the latest discoveries in this country and Europe, from the most reliable sources. Many of these chapters appear originally in the TRADE LIST, and are widely copied.

5. Industrial Progress—Reports of manufacturing concerns and their noteworthy products, with such historical memoranda as may be regarded of general interest.

The Christian Recorder.

631 PINE STREET.....PHILADELPHIA, PENNSYLVANIA.

B. T. TANNER, D. D., EDITOR; H. M. TURNER, LL.D., PUBLISHER.

Is a large eight-page, forty-eight column paper, circulating principally among the colored people in all of the States in the Union, the Territories, Canada, Hayti, Liberia, San Domingo, and the Choctaw Nation (Indian Territory), and especially from Maryland to Texas, and the Mississippi Valley. It being the only official organ of the African M. E. Church, which has at the present time upwards of 300,000 communicants, and over 10,000 church edifices, makes it one of the most valuable advertising mediums in the country, as it reaches a class of people that is reached by no other paper. There are upwards of 5,000,000 colored people in the United States, and their trade (as all know) is valuable. Whoever would send word into the choicest homes of our people, to give information of any desirable article of manufacture or trade, or to secure the services of young men or young women to act as agents for the introduction of the best inventions, or as canvassers for the sale of good publications throughout the country, can find no means of communication with them so valuable as the columns of the CHRISTIAN RECORDER. Our rates are low, inasmuch as the circulation of the paper is rapidly increasing, it having gained 4,700 actual subscribers since July last, without any extra exertions on our part.

The Anti-Monopolist.

THE STATE ORGAN OF THE INDEPENDENT PARTY OF MINNESOTA.

This party is now an established reality in the State of Minnesota, sustained by thousands of votes, and with a perfected State organization. It will enter the field next year prepared to make a still more vigorous canvass for success; committees and clubs will be organized in every county, and it will not give up the contest until it has carried the State or forced the dominant party, whichever that may be, to adopt its principles.

THE ANTI-MONOPOLIST

Is the State organ of this great and rapidly-growing party. Its circulation extends into every county and nearly every township of the State. It is read by farmers, mechanics, merchants, politicians, and men of all classes. As an advertising medium it is not excelled in the North-west.

PRINCIPLES.

IT WILL BE DEVOTED TO THE ESTABLISHMENT OF THE FOLLOWING PRINCIPLES:

I.—That no peace can come to a distracted and embittered country through either of the old party organizations; they represent the passions and resentments of sections, and the wrath and hates of a terrible civil war.

II.—That the success of a new party upon new issues would assuage the evil passions of the country; divide up the popular vote upon a new basis; destroy the race-politics of the South, and assure the nation peace and repose.

III.—That the powers of government should not be used to enrich the few and impoverish the many, but to arrest the aggressions and cunning of the few. In other words, "to take care of the poor, because the rich can take care of themselves."

IV.—To this end a policy of finance is necessary which shall insure employment to labor, prosperity to the whole people, and the crushing out of all tendencies to aristocracy and class-privileges.

V.—That it is not so necessary to resume specie payments for the benefit of the capitalist, as it is to resume prosperity for the benefit of the impoverished and suffering multitude.

VI.—That the demonetization of silver was intended to increase the value of money at the expense of labor, and to enrich the creditor class at the expense of the debtor class; it is a reversion to barbarism, and can only produce the most destructive consequences.

VII.—That all the paper currency required by the people should be issued directly by the general government, without cost to the people, beyond the cost of printing it; and that we are opposed to the withdrawal of the greenbacks.

We ask all parties who agree with us in the support of these principles to aid us in placing the ANTI-MONOPOLIST in every house. We are entering upon events which will either destroy liberty or establish it firmly and forever on the face of the earth. Let each do his part toward the circulation of the truth. We propose to make it a first-class News-paper; also to devote space each week to *literary* and *scientific* matter; and to discuss fearlessly, in our editorial columns, every public question which may concern the welfare of the people.

Terms.—Our terms will be as follows, we pre-paying postage in each case:—Single copy, 1 year, \$2; 6 months, \$1; 3 months, 50c. In clubs of five or more, to one address, as follows:—For 1 year, \$1 50 each, with an extra copy, free, to the party getting up the club.

HEJMDAL is an established and widely-circulated paper, having been in existence for about four years, and we are sparing no expense and effort for spreading the paper throughout the United States. We are continually sending thousands of copies as samples to Danes and Norwegians, whose names and addresses we can ascertain, and we keep an agent constantly employed travelling throughout the country for the sole purpose of distributing our paper and soliciting subscriptions for same. As an advertising medium, through which to reach the Danish-Norwegian population, both in this country and Europe, we claim it far superior to any other paper published, and are at any time ready to substantiate our claim with facts and figures.

TO ADVERTISERS.

The DAILY NEWS has the largest circulation of any daily published in the United States. We are willing to show our books to any advertiser who wishes to examine them, to satisfy him that what we say is correct. The price charged for advertisements in the DAILY NEWS is not more, and in some cases it is less, than the price charged by journals which have not more than half or even one-third the circulation of the NEWS. Advertisements inserted in all three editions without extra charge.

The "Daily News" is now the Cheapest Advertising Medium in Existence.

The WEEKLY NEWS has a large circulation in every section of the country. Merchants, manufacturers, patent medicine dealers, and all classes of business men will find its columns a very valuable medium to advertise in.

The SUNDAY NEWS has a large circulation throughout the city and along the lines of the railroads leading from the city. Advertisements inserted on liberal terms—at lower rates than in any other Sunday paper published, when circulation is taken into consideration.

DIE TAGES-NACHRICHTEN has the largest circulation of any German daily newspaper published in the world.

All classes of merchants and dealers who are seeking for German trade will find advertisements in the columns of the TAGES and SONNTAGS-NACHRICHTEN reach a larger number of readers than they would by any other channel.

The Carolina Messenger AND THE Weekly Transcript and Messenger.

PUBLISHED AT

GOLDSBORO.....NORTH CAROLINA.

Two excellent family newspapers. The only conservative-democratic papers published in Goldsboro and Wayne county. The semi-weekly contains twenty-eight columns, and the weekly thirty-six columns. The last is the **Largest Political Paper** in the State, and gives all the latest local, county, State, and general news, as well as market reports, and a variety of reading for the farm and fireside, consisting of original and carefully-selected stories, essays, poetry, and articles on agriculture, art, science, and the rural arts.

The **MESSENGER** is in its 18th volume, and has already a larger circulation than has ever been attained by any paper in the State, thus practically proving that our efforts to make it the **Paper for the People** have not been unavailing. We have local correspondents in nearly all the Eastern counties, and in many of the Western. We also issue, each year, for *gratuitous distribution*, the **Messenger Almanac**, a valuable book of reference, gotten up at a considerable expense, solely in the interest of our publications, and to increase their circulation.

TO ADVERTISERS.

We have no hesitation in saying that the **MESSENGER** and **TRANSCRIPT AND MESSENGER** are among the best advertising mediums in the Southern States, especially when the advertiser desires reaching the agricultural classes; and we will be happy at any time to furnish references to leading advertisers, who will testify to this fact. Our rates are liberal, and only the advertisements of reliable houses are admitted.

✶ We insert business cards, not exceeding 1½ inch space, in both papers, at \$25 a year, payable quarterly.

AN ILLUSTRATED SPANISH-AMERICAN MAGAZINE.

Subscription in the United States.....\$5 per Annum.
Subscription in Spanish-America.....\$6, Gold, per Annum.

This magazine, by its highly artistic illustrations and select literature, has secured a very extensive circulation in all countries where the Spanish language is spoken.

It furnishes to families, literary men, and general readers, the benefits and pleasures of a literary, instructive, pictorial magazine; while *by avoiding any interference whatever with politics or religion*, its influence and field of circulation are not impaired by restrictions or prohibitions from the Spanish Government of Cuba or from any of the Spanish-American Republics.

As an advertising medium it offers, for this reason, especial advantages to manufacturers and merchants who desire to introduce their products into those markets. Besides a large number of resident agents, the Publishers have three persons constantly travelling in Spanish-America in the interest of the magazine, and through their instrumentality will send and distribute circulars, catalogues, or any other matter which advertisers may desire.

This magazine now circulates in Mexico, Central America, Cuba, Porto Rico, and other West Indies, United States of Colombia, Venezuela, Ecuador, Peru, Bolivia, Chili, and Buenos Ayres; thus reaching a total of over thirty-five millions of inhabitants, all of whom are consumers of the products of the United States.

Franklinville is one of the largest towns on the B. N. Y. & Philadelphia R. Geo. P. Rowell & Co., New York, and Rowell & Chesman, St. Louis, Agents.

The Catholic Review.

A WEEKLY NEWSPAPER.

SUITABLE FOR SUNDAY READING IN CATHOLIC FAMILIES.

COMMENDED TO THE PATRONAGE OF THE FAITHFUL BY THE BISHOP OF BROOKLYN, HIS EMINENCE CARDINAL McCLOSKEY, THE ARCHBISHOP OF NEW YORK, A LARGE NUMBER OF OTHER AMERICAN PRELATES, AND HIS EMINENCE CARDINAL CULLEN, ARCHBISHOP OF DUBLIN.

The reasons why the CATHOLIC REVIEW has obtained the largest and most profitable advertising patronage given to any Catholic paper are: 1.—The extent of its circulation in the dioceses of New York, Brooklyn, and Newark, which include over *one million Catholics*. In these sections its circulation exceeds that of any Catholic paper, and it goes to over 5,000 post offices in the East and West. 2.—The character of its circulation, the convenience of its form, the beauty of its type and paper, the carefulness of its press-work, are qualities which gratify the correct taste of the educated classes, and justify the expectations of superior qualities in the editorial matter. 3.—By its enterprise in the collection of news, and by its calm, dignified and unyielding tone in the statement of facts and discussion of opinions it has won an unapproachable reputation. Its circulation is, therefore, correspondingly valuable in character. The CATHOLIC REVIEW is the cheapest, handsomest, and best Catholic paper published.

Its Value as an Advertising Medium may be inferred from the character of the men who constantly advertise with us, such as A. T. Stewart & Co., Arnold & Constable, Devlin & Co., Ridley & Son, Chickering & Sons, Meriden Britannia Company, Reed & Barton, Macy & Co., Johnson Bros., Royal Canadian, Home, Continental, Fire, Niagara, Phoenix, Equitable, Mutual, New York, United States, Universal Washington, and other well known Fire and Life Insurance Companies, together with the chief book and art publishers, and many others of the leading houses of New York. All who desire to reach by advertisements the families, the colleges, the churches, the bishops and priests, the various religious and educational institutions of the Catholic community will find the CATHOLIC REVIEW an unsurpassed medium.

A HINT TO ADVERTISERS.

Advertisers should remember that the Catholics number at least *one-fifth*, and probably *one-fourth* of the population of the United States. That they are a wealthy and powerful body whose trade is worth looking for will be evident to any one who considers the immense undertakings they have successfully carried through in this country. No other denomination has such churches, colleges, schools, convents or houses of mercy. If any advertiser wants to know what Catholic paper is most highly esteemed by the secular papers, let him remember that the *World* says: "The CATHOLIC REVIEW is the best and best informed of the Catholic papers," and also, "It has already become known throughout the Christian world, and has received the endorsement of the highest church authorities, among them their Eminences the Cardinal Archbishop of Dublin, and the Cardinal Archbishop of New York. From its first issue the CATHOLIC REVIEW has constantly grown in interest, until now any man, let his religious faith be what it may, will find himself edified and instructed by a perusal of its columns. Its religious arguments are presented in a liberal spirit; its historical and miscellaneous departments are always attractive, while its general make-up is equal, in point of beauty and mechanical finish, to the best of its contemporaries." The *Tribune* says: "It affords evidence of being edited with care and ability, and is not excelled in the comprehensiveness of its news by the older organs of Catholic opinion in Europe." The Catholic papers also give even stronger testimony in its favor. Archbishop Perche's paper, the *Catholic Propagator*, of New Orleans says: "We regard the CATHOLIC REVIEW as the most skillfully conducted ably written, and generally interesting of all the Catholic papers published in this country." The *Montreal True Witness* says: "No abler paper is published on this continent. It is a credit to its conductors, and a blessing to the community among whom it circulates. As Catholics we are proud of it." Address

PROF. QUICK, author of *Educational Reformers*, in an article in the English Monthly Journal of Education for July, 1875, writes:

Those who know the wealth of German pædeutical literature often lament the poverty of our own. But many a man has hunted for his spectacles while they were on his forehead; and many a reader in this country has groped about in the twilight of a foreign language for what he might have seen in the broad daylight of his own. . . . Indeed, the history of education and treatises upon everything connected with education may be read without having recourse to any foreign literature whatever. This will no doubt seem very startling; but we can assure our readers that we are not speaking without book, or indeed without the very books we are talking of. . . . We have before us the chief educational works that have been published in the United States, and we find that we already have a large educational literature in our own language. A great deal of this literature owes its origin to the energy and educational zeal of one man, the Hon. Henry Barnard, who was the first "Commissioner of Education" in the United States. Many years ago he formed "a plan of a series of publications to be issued monthly or quarterly, and devoted exclusively to the History, Discussion, and Statistics of Systems, Institutions, and Methods of education in different countries." This plan he has carried out on a grand scale, and we now have his "American Journal of Education" in 24 volumes of seven or eight hundred pages each. An index to the whole work will be published shortly, and the title might then very fitly be changed to *Barnard's Cyclopædia of Education*.

This great work, however, can never be generally accessible to the majority of students. The price alone (£20) must exclude it from private libraries. But it may be consulted at public libraries, at the British Museum *e. g.*, and at South Kensington, and it is a mine which may be very profitably worked by the editors of Educational Journals in this country.

But it is now no longer necessary to purchase the whole of the "American Journal" in order to get particular papers in it. Dr. Barnard has lately issued a great number of these papers as separate publications. To show what stores of literature already exist in English we publish the list (600 titles) at the end of this number.

PROF. HODGSON, Edinburgh University, one of the most practical and vigorous educators of the age, in an address before the Educational Institute of Scotland, in September, 1875, spoke of the want of a History of Education in the English Language, but in a prefatory note to the pamphlet edition to the address adds:

Since this address was printed, my friend, Mr. Quick, has called my attention to Dr. Barnard's AMERICAN JOURNAL OF EDUCATION, which really contains, though not in continuous form, a History and, it may be said, an Encyclopædia of Education. Papers extracted from it, to the number of six or seven hundred, may now be purchased separately. A list of these is published at the end of the *Monthly Journal of Education* for July last. [Dr. Barnard, it is understood, will, in 1876-7, issue a continuous and Comprehensive History of Education, more complete, so far as British and American Systems and Institutions are concerned, than Ramer, Fritz, Schmid, or Palmer.]

The value of the SCIENTIFIC AMERICAN as an advertising medium cannot be over-estimated. It goes into all the machine and work shops in the country, and is taken at the principal libraries and reading rooms in the United States and Europe. A business man wants something more than to see his advertisement in a printed newspaper. He wants circulation. If it is worth 25 cents per line to advertise in a paper of three thousand circulation, it is worth \$3.75 per line to advertise in one of forty-five thousand. See following rates:

Back page, each insertion.....\$1.00 a line. | Business and personal, each insertion, \$1 a line.
 Inside page, each insertion..... 75 a line. |

Engravings may head advertisements at the same rate per line, by measurement, as the letter press. Advertisements must be received at publication office as early as Friday morning to appear in next issue. THE HERALD is unusually known as the most enterprising newspaper, and the most valuable advertising medium in the world. Since the reduction (in accordance with the tendency of the times) in the prices of the Daily and Weekly HERALD, the circulation of both has been rapidly increasing, and the figures above stated are probably much below those which could be shown before the close of the year. The sale of the Daily HERALD on days of exciting news frequently runs up to 150,000 and even 200,000 copies. During the busy season of the year we are forced to issue quintuple sheets, covering one hundred and twenty columns, and our advertising in bulk and number outstrips that of all other papers without any exception. The general rate for advertising in the Daily HERALD is forty cents per line, which is believed to be much lower (considering relative circulation) than any other paper. The advertising rates for Weekly and European editions is fifty cents per line.

Voluntary Correspondence, containing important news, solicited from any quarter of the world; if used, will be liberally paid for. **Our foreign correspondents are particularly requested to seal all letters and packets sent us.**

No note taken of anonymous correspondence. We do not return rejected communications.

NEWLY ESTABLISHED.

In religion it will be Catholic, and it will ever be ready to defend and explain, but never to apologize for, the faith it professes. That Faith it believes to have been established by the Saviour of mankind, and that such a Faith must be necessarily true. But it will always *respect* the belief of others who may differ from it, and will defend the freedom of conscience under all circumstances and in all lands.

It will be the "organ" of no man or set of men. The only "organship" it will admit will be that of truth, right, and justice.

While the IRISH GLOBE will be specially devoted to the interests of the Irish race, it will, nevertheless, be thoroughly American. To the American flag its conductors owe allegiance, and to none other will they ever look for protection. If this land was not the home of our fathers, it is destined to be the home of our children. We stand here on an equal footing with all other races, and our record in American history is pregnant with glory.

This we shall always endeavor to teach in the columns of our journal. We will endeavor to make the Irish immigrant proud of his adopted country, just as we shall endeavor to make the Irish-American of the second generation proud of his ancestral island. We will always defend the American name and the material interests of this country to the utmost of our ability, and will ever combat English ideas and English calumnies, and will contribute as far as in us lies to effect the

total expurgation of the English interest from this continent.

In politics the IRISH GLOBE will be democratic, not in the party sense of that term, but in the sense that all governments to be just must be founded on the will of the governed. Independence of dictation is essential to the usefulness of journalism, and the IRISH GLOBE will uphold and sustain every honest man and every just measure independently of any man or any party, whether in or out of office. As to the different parties who administer the government or dispense the Constitution, it believes that no party ever yet was, or ever will be, perfect. "The *nearest* best in human government," says Edmund Burke, "is the *positive* best," and by that aphorism will the IRISH GLOBE be guided in political affairs.

In the discussion of social questions it will be governed by a spirit of genuine liberality, and will endeavor to cultivate the same feeling in the hearts and minds of its readers. The IRISH GLOBE will likewise be a strenuous advocate of education; and will, year in and year out, advise our immigrant Irish to leave our crowded and demoralizing seaboard cities, and march in serried phalanx to the West, and take possession of the soil. "This is the only land," says Thomas Francis Meagher, "where the Irish can ever hope to reconstruct themselves or become a power." We have to regain here what we lost in Ireland, and this we can never do except we get possession of landed property.

Daily and Weekly Norfolk Virginian.

56 AND 58 ROANOKE AVENUE, NORFOLK, VIRGINIA.
M. GLENNAN, PROPRIETOR.

The VIRGINIAN is an unrivalled medium through which the public of Eastern Virginia and North Carolina may be reached. Its success has been without a parallel in the history of the press of Virginia, and we point with pleasure at the extensive patronage it receives from the hands of the business men of Norfolk.

The DAILY VIRGINIAN contains every morning a summary of the latest foreign and domestic intelligence by telegraph, with a full transcript of local matters. Its commercial department gives accurate quotations of foreign and home markets, receipts, statistics, &c.; and its marine intelligence of the ports of Norfolk, Portsmouth, and Hampton Roads, is complete and full.

The VIRGINIAN has, we believe, with one exception, the largest circulation of any morning daily in Virginia, and the third largest in the State. It exceeds that of any other paper published in Eastern Virginia, and has a city circulation nearly double that of any other, while its weekly is in excess of all the others of the city combined. The country or mail circulation is very extensive through the eastern shore, the peninsula, eastern and south-western Virginia and all through eastern and central North Carolina.

In Proof, our subscription book, bills of regular supplies of paper and postage bills for years back are always open for inspection, and a comparison is challenged.

A PRIVATE PAPER.

The Grocer and Country Merchant.

SAN FRANCISCO, CALIFORNIA.

This paper, now in the third year of its publication, was established and is still conducted by experienced merchants, who hold that the circulation of a commercial paper should be confined strictly to those engaged in active trade, and that whenever a paper containing the *trade* quotations of merchandise is furnished to consumers outside of the mercantile profession, it ceases to be the friend, and at once becomes the most dangerous enemy to the interest of regular dealers.

The price which a merchant pays for his goods at wholesale is his own affair, and no prudent dealer will expose his cost prices to his customers, but, on the contrary, he uses private marks for the sole purpose of maintaining the privacy of his costs, and this privacy is violated by every commercial paper which takes subscribers outside of the regular trade.

We hold that organized opposition to the regular trade, whether it results from Granger combinations, Sovereigns of Industry or Co-operative Unions, is in direct conflict with the welfare of the laboring classes and the community at large, and the influence developed through the readers of our paper in every portion of the Pacific Coast has been, is, and will continue to be, a powerful agent in keeping down these foolish conducts.

We recognize and maintain, that in that interchange of commodities which is called commerce, we find the greatest civilizing influence ever developed among men, and that the "middlemen"—those who invest their means in the products of industry in advance of the requirements of consumption, are the true friends and benefactors of every form of labor—in the factory, on the farm, or elsewhere.

We attach little importance to the arbitrary quotations given in ordinary newspapers, and are confident that the interests of every deserving enterprise would be promoted by abandoning this custom, which from its nature, can be nothing but a pernicious influence. In short, our paper is a steadfast friend and earnest advocate of mercantile interests. Its principles, which cannot be questioned, have been presented and maintained by editorial ability, second to that of no commercial paper in this country, and its influence to-day, among the merchants of the Pacific States and Territories, in all matters relating to trade, is greater than that of all other publications combined. It is read and esteemed by a majority of the merchants in every city, town and hamlet of this portion of the Union, and its subscribers represent an active buying capital and credit of not less than \$300,000,000. This vast sum is in the hands of those who are constantly seeking desirable investments, and manufacturers and dealers who are prepared to give attractive inducements, can through the columns of our paper create a favorable influence on three hundred millions of money, which is used for *buying*, BUYING, and nothing but BUYING.

Those who favor us with their patronage can rest assured that their interests will be presented to the trade through a medium which inspires confidence wherever it is known, and that favorable returns will be the certain result.

The GROCER AND COUNTRY MERCHANT is issued every Friday morning, and is furnished to Merchants *only* at \$2 50 a year, post-paid. Advertising rates made known upon application.

GEO. P. ROWELL & CO'S

SELECT LIST OF LOCAL NEWSPAPERS.

We present the following List of Local Newspapers as the best ever offered on the List Plan. It comprises the names of 1031 newspapers, published in 874 different cities and towns, among which are 31 State Capitals, 336 places of over 5,000 population, and 479 County Seats. There are 179 Daily papers, and the full printed price for the whole, including the dailies, is less than 70 cents a paper per inch per month. The List contains no Co-operative papers—patent insides or outsides. The best paper for local circulation is taken in nearly every city or town represented, and in but rare instances is more than one paper taken in a place. *This List is distinct and separate from any other.*

PRICES :

An advertisement occupying one inch of space will be inserted for one month at the price named at the head of each State. Advertisements occupying more or less than one inch of space, or to be inserted for a longer time than one month, will be subject to the discounts named in the tables annexed.

The LIST SYSTEM offers the cheapest mode of inserting small advertisements for a short time in a large number of papers. The rates are lower than the most extensive advertiser obtains for similar advertisements. On small orders they are no more than one-half—in some cases one-fourth—the schedule prices of the papers. The papers on Geo. P. Rowell & Co's Select List of Local Newspapers are selected from the Secular Press—the Political, Local, Family, and Business Newspapers of the country. In places where a daily is issued it has the preference, as more likely to reach the business community. The selections made are papers of the best character, circulation, and influence. The important advantages in the way of rates are obtained by a system of yearly contracts, whereby space is bought at wholesale and sold at retail. It is the custom in most newspapers to give lower rates for a large order than for a small one. The List plan allows the advantage of a proportionate reduction for a large number of papers. Much care has been taken in making the selection of papers, to have them judiciously distributed over the States, so as to reach all parts. It will be noticed that in most cases where apparently unimportant weeklies are catalogued, they are the only ones issued at COUNTY SEATS, thereby reaching a community not otherwise to be addressed. Occasional changes will necessarily occur in a list of this size. All advertisements to be inserted one month secure four insertions in weeklies and twenty-four in dailies, the month being always counted as four weeks. Eight weeks constitute two months advertising, and twelve weeks three months. Geo. P. Rowell & Co's Select List of Local Papers IS NOT A CHEAP LIST, and must not be confounded with any such. IT IS THE HIGHEST PRICED LIST OFFERED ON THE PLAN, and is distinct from any other.

Files of all the papers are kept at this office (for a period of three months from date of issue) for examination by advertisers or their authorized representatives.

SEVEN HUNDRED NEWSPAPERS.

These lists offer the cheapest, best, surest, and easiest way for advertisers to reach readers outside of the large cities. The price is very much less than it would cost an advertiser to send to each newspaper direct for publication.

Files of the papers for three months back can always be found at our office.

Advertisements are received for the combined lists, or for one or more of the sub-divisions above specified, but not for a portion of the newspapers of any one sub-division.

Advertisements will be published at stated intervals, if desired—that is, every second, third or fourth week—without extra charge.

Estimates will be furnished on receipt of copy of advertisement.

Only 14 cuts or electrotypes required for the 700 papers.
