

Errata

A commenter pointed out that the El Monte Roads Environmental Assessment Figure 2.1 incorrectly labels all the roads through the La Tierra subdivision as Horcado Ranch Road. The roads from Camino la Tierra to the Mariah Ranch (historically known as Horcado Ranch) are currently named as follows: Access through the La Tierra subdivision is on Paseo de la Tierra from its origin at Camino la Tierra to its intersection with Estrada Calabasa West and then proceeds on Estrada Calabasa West to the project area.

The attached map corrects the road names (as displayed in the Santa Fe County GIS) and, per another comment, includes the boundaries of the La Tierra, La Tierra Nuevo, Las Campañas, and Las Dos subdivisions per the Santa Fe Northwest Sector Plan (Santa Fe Northwest Advisory Council 1997, revised 1998). Finally, the new map also corrects the spelling of San Ildefonso Pueblo.
