

APPENDIX 7

PUBLIC LANDS IDENTIFIED FOR DISPOSAL

This appendix lists the legal descriptions of BLM-administered lands that may be suitable for consideration for disposal. These lands were nominated for disposal by the public or were identified by BLM staff as not needed for implementation of BLM management goals and policies. This appendix reflects a number of changes made to Appendix 9 published in the Draft Roswell RMP/EIS, which resulted from BLM and public review and comment. This list is not intended to be inclusive.

The lands identified in this appendix would be disposed under the authority of Sections 203 (sales) and 206 (exchanges) of the Federal Land Policy and Management Act of 1976, based on the disposal criteria listed in Appendix 5. Other authorities (e.g., Recreation and Public Purposes Act) could apply, as well. Because this preliminary list of lands has not had close scrutiny to actually determine the suitability of these lands for disposal, it is not possible at this time to identify the specific authority under which disposals would be made.
