## Spanish Peaks Fire Contained

Big Sky, MT... The Spanish Peaks Fire, located in the Spanish Peaks Subdivision near Big Sky Montana was contained last night at approximately 10:00 p.m. The fire is burning near the base of the Southern Comfort Ski Run, part of the Big Sky Ski Resort. This roughly five acre fire was human caused and is under investigation.

“The quick response from Big Sky Fire Department, the Gallatin National Forest, and Yellowstone Club was integral to the quick containment of this fire,” said Marna Daley, Gallatin National Forest Public Affairs Officer. “There will be engines on scene today to continue mop up efforts. The two 20 person crews have been cancelled because of last nights successful suppression efforts and the two helicopters have been released.”
