Note: Compiled from Bureau of Census' official statistics. Data reflect revisions through 06/10/2005. Data for 1983-88 are estimated, based on the HS. Pre-1983 data are on a Schedule A/E basis and adjusted to match the latest trade definitions as closely as possible.

Last updated 06/20/05. Next update in Spring 2006.

Total Goods (1)

^{1.} Includes nonmonetary gold, military grant aid, special category shipments, trade between the U.S. Virgin Islands and foreign countries, and undocumented exports to Canada. Adjustments were also made for carryover. Import values are based on transaction prices

whenever possible ("f.a.s." for 1974-1979 and Customs value thereafter). Pre-1974 import data do not exist on a transaction price valuation basis.

2. Manufactured goods include commodity sections 5-9 under Schedules A and E for 1970-1982 and SITC Rev. 3 for 1983-forward. Manufactures include

Manufactured goods include commodity sections 5-9 under Schedules A and E for 1970-1982 and STTC Rev. 3 for 1983-forward. Manufactures include undocumented exports to Canada, nonmonetary gold (excluding gold ore, scrap, and base bullion) and special category shipments.
 Census data concordances link the 1980-1992 data into the best possible time series. Data for 1970-1979 are not linked and are from published sources.

Import values are f.a.s. for 1974-1979 and Customs value thereafter; these values are based on transaction prices while maintaining a data series as consistent as possible over time. Pre-1974 import data do not exist on a transaction price valuation basis. 1991 imports include revisions for passenger cars, trucks, petroleum and petroleum products not included elsewhere; see footnote 7 on page 18 for more details.

^{4.} Agricultural products for 1983-forward use the latest Census definition that excludes goods previously classified as manufactured agricultural products.

^{5.} Mineral fuels include commodity section 3 under SITC Rev. 1 (1970-1976), SITC Rev. 2 (1977-1982) and SITC Rev. 3 (1983-on).

^{6.} Data for 1983 are on the old (non HS) basis of commodity classification. Some earlier years deleted from this table for space considerations.

^{7.} Source: FT-900 (exhibit 15). Sometimes, Census updates totals but not components; therefore, this table may differ from other sources.
