Dear Joshua:

Just returned from Italy and heard of your winning the Lilly Award. I'm exceedingly happy about this, as you should expect me to be from what you know of my past unsuccessful efforts in your behalf.

Congratulations both to you and Esther!

Cordially,

T. M. Sonneborn

md

P.S. - I hear by the grapevine that Skaar goes to CSH. I'm completely in the dark about his moves, his work with you, your estimate of him, etc. Why doesn't he at least keep me informed of his moves? Does he think I'm not interested?
