Dr. Joshua Lederberg
Department of Genetics
The University of Wisconsin
College of Agriculture
Madison 6, Wisconsin

Dear Dr. Lederberg:

Your recent letter to Dr. Steinhaus has come to my attention. Dr. Steinhaus is at present in the East and is not expected to return until the latter part of January so I have taken it upon myself to go through his files and select the enclosed list of references. Since I am not very familiar with this field I do not pretend that the list is a complete one. It is quite possible that I may have overlooked the most important papers.

When Dr. Steinhaus returns, your letter will, of course, come to his attention and he can then rectify any serious omissions I may have made. In the meantime, I hope you will find these references of some use to you.

Yours sincerely,

Kenneth M. Hughes
Assistant Specialist in
the Experiment Station
