Dr. Joshua Lederberg
University of Wisconsin
College of Agriculture
Madison 6, Wisconsin

Dear Dr. Lederberg:

I will, of course, be happy to see you when you arrive here about June 3rd or 4th. There is still a possibility that I may be able to attend the SAB meetings, but in any case, hope you will have time to visit our laboratories here.

With kind regards,

Respectfully,

Harry Eagle, Chief
Experimental Therapeutics
National Microbiological Institute
