Dear Dr. Lederberg:

Dr. Burkholder has turned over to me your note of January 6, with its enclosures. Permit me to apologize for the inexcusably curt wording of the note you received along with some forwarded material. Please be sure that, over and above being rude, the note was untrue. It goes without saying that we invariably forward mail when we know the addressee's new address.

With repeated apologies,

Sincerely yours,

Mimi Manning
Secretary to P.R. Burkholder
