HOUSTON 6

Dr. J. Lederberg  
Department of Genetics  
University of Wisconsin  
Madison, Wisconsin

Dear Doctor Lederberg:

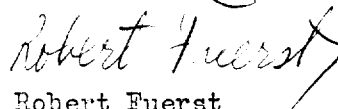

I have received the six amino acid mutants and the Prototroph of Escherichia coli all of which you were so kind to send me. I also found the reprint which was enclosed in the package and even tho I had read the original article, found it to be quite useful for my reprint file.

I have transplanted all the cultures and all replants grew well.

I thank you very much for sending me the mutants and I hope my request for them has not caused you too much inconvenience.

Please don't hesitate to write to me at any time when there is anything I am able to do in return. Thanking you again, I remain

Very sincerely yours,

Robert Fuerst
