

Accelerate your search — accelerate your discovery

www.ScienceAccelerator.gov

The DOE **Science Accelerator**—a new research tool speeding discovery by providing superior access to quality science content. The DOE **Science Accelerator** provides a real-time search, ranking results for citations, documents, and other science information.

With just one query, search:

Recent R&D Results

- DOE Information Bridge
www.scienceaccelerator.gov/bridge
- E-Print Network
www.scienceaccelerator.gov/eprints
- Science Conference Proceedings
www.scienceaccelerator.gov/scienceconferences

R&D Project Descriptions

- DOE R&D Project Summaries
www.scienceaccelerator.gov/rdprojects
- Federal R&D Project Summaries
www.scienceaccelerator.gov/fedrnd

Legacy R&D Results (1943 forward)

- DOE R&D Accomplishments
www.scienceaccelerator.gov/accomplishments
- DOE Patents
www.scienceaccelerator.gov/doepatents
- Energy Citations Database
www.scienceaccelerator.gov/energycitations

Other Science Resources

- Energy Science and Technology Software Center
www.scienceaccelerator.gov/estsc
- EnergyFiles
www.scienceaccelerator.gov/energyfiles

Customize your search experience:

- Search by document, title, author and/or date
- Select which resources to search, or search ALL
