- **Element Three**—School and community mental health preventive and treatment intervention services;
- **Element Four**—Early childhood psychosocial and emotional development programs;

III. Eligibility Information

1. **Eligible Applicants:** LEAs or consortia of LEAs that have not received funds or services under the SS/HS initiative during any previous fiscal year.

2. **Cost Sharing or Matching:** This program does not involve cost sharing or matching.

3. **Other:** The applicant must include in its application two memoranda of agreement demonstrating the commitment of the required SS/HS partners. Two agreements must be signed by the required partners (as described in paragraphs (a) and (b)) and dated no earlier than six months prior to the SS/HS application deadline. Applicants must also include information in the application that supports the selection of the identified local law enforcement and juvenile justice partner and describe how those partners' activities will support and be integrated in the SS/HS strategy. Applicants must contact their State Department of Mental Health to identify the relevant local public mental health authority. Mental health entities that have no legal authority in the administrative oversight of the delivery of mental health services are not acceptable as the sole mental health partner. Each SS/HS application must include the local public mental health authority as a partner. (The local public mental health authority is not required to provide mental health services to the target population but must provide administrative control or oversight of the delivery of mental health services.)

(a) The first of these two agreements is the Memorandum of Agreement for the SS/HS Partners. This agreement must contain the signatures of the school superintendent and authorized representatives for the local public mental health authority and local law enforcement and juvenile justice agencies. This agreement must include the following information: A mission statement for the SS/HS partnership; the goals and objectives of the partnership; desired outcomes for the partnership; a description of how information will be shared among partners; and a description of the roles and responsibilities of each partner. Applicants submitting as a consortium

of LEAs must demonstrate partnership with the relevant local law enforcement agency (or agencies), public mental health authority (or authorities) and juvenile justice agency (or agencies) for each of the participating LEAs in the consortium. Applicants must indicate those instances where a local law enforcement agency, public mental health authority, or juvenile justice agency has authority or jurisdiction for one or more of the participating LEAs in the consortium.

(b) The second of these two agreements is the Memorandum of Agreement for Mental Health Services. This agreement must contain the signatures of the school superintendent and the authorized representative of the local public mental health authority. The local public mental health authority must agree to provide administrative control and/or oversight of the delivery of mental health services. This agreement also must state procedures to be used for referral, treatment, and follow-up for children and adolescents with serious mental health problems. Applicants submitting as a consortium of LEAs must demonstrate partnership with the relevant public mental health authority (or authorities) for each of the participating LEAs in the consortium. Applicants must indicate those instances where a local public mental health authority has authority/jurisdiction for one or more of the participating LEAs in the consortium.

4. Equitable Participation of Private Schools: LEAs that receive an SS/HS grant are required to provide for the equitable participation of private school children, their teachers, and other educational personnel in private schools located in areas served by the grant recipient. In order to ensure that grant program activities address the needs of private school children, the LEA must engage in timely and meaningful consultation with private school officials during the design and development of the program. This consultation must take place before any decision is made that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate. Administrative direction and control over grant funds must remain with the grantee.

In order to ensure equitable participation of private school children, teachers and other educational personnel, the LEA must consult with private school officials on issues such as: How children's needs will be identified; what services will be offered; how and where the services will be provided; who will provide the services;

how the services will be assessed and how the results of assessment will be used to improve those services; the amount of funds available for services; the size and scope of the services to be provided; how and when decisions about the delivery of services will be made; and the provision of contract services through potential third-party providers.

See Section 9501 of the Elementary and Secondary Education Act as reauthorized by the No Child Left Behind Act of 2001.

5. Maintenance of Effort: An LEA may receive an SS/HS grant only if the State Educational Agency finds that the combined fiscal effort per student or the aggregate expenditures of the LEA and the state with respect to the provision of public education by the LEA for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

5. Funding Restrictions: No less than 7 percent of a grantee's budget for each year may be used to support costs associated with local evaluation activities. To determine urbanicity and the maximum amount they are eligible to apply for, all applicants except BIA schools must use the district locale code on the National Public School and School District Locator website (available online at www.nces.ed.gov/ccd/districtsearch) and the definitions established in the notice of final priority, selection criteria, requirements, and definitions for the SS/HS program, published elsewhere in this issue of the **Federal Register**, for rural, suburban and urban to determine urbanicity. These measures constitute the Department's indicators of success for this initiative. Consequently, applicants for a grant under this program are advised to give careful consideration to these four measures in conceptualizing the design, implementation, and evaluation for their proposed project. If funded, applicants will be asked to collect and report data annually to document their success in addressing these performance measures.
