Source: U.S. Census Bureau
 Internet Release date: April 2, 2001

Note: 1990 Census population counts are as published in 1990 census reports and do not include changes published subsequently due to boundary or other changes. In Puerto Rico, a zona urbana represents the governmental center of a municipio (which is the equivalent of a county). Zonas urbanas are treated as Census Designated Places, as there are no incorporated places in Puerto Rico. See additional documentation at bottom of table.
