

The Louisiana Department of Natural Resources will be consulted regarding consistency with the Coastal Zone Management Act. The Louisiana Department of Wildlife and Fisheries will be contacted concerning potential impacts to Natural and Scenic Rivers and Streams. The Louisiana Department of Environmental Quality will review the action for consistency with applicable laws regarding the discharge of dredged material as it relates to impacting water quality and will provide the State of Louisiana Water Quality Certification.

d. *Environmental Consultation and Review.* The U.S. Fish and Wildlife Service (USFWS) will be assisting in the documentation of existing conditions and assessment of effects of project alternatives through Fish and Wildlife Coordination Act consultation procedures. Consultation will be accomplished with the USFWS and the National Marine Fisheries Service (NMFS) concerning threatened and endangered species and their critical habitat. The NMFS will be consulted on the effects of this proposed action on Essential Fish Habitat. The DSEIS or a notice of its availability will be distributed to all interested agencies, organizations, and individuals.

4. Public scoping meetings are to be scheduled throughout the DSEIS preparation period. Based on available funding the tentative meeting locations will be Baton Rouge, Lafayette and St. Martinsville, LA. Exact dates and meeting facility will be announced by public notice at a later date. The purpose of the scoping meeting is to provide the agencies and the interested public with the initial conceptual designs, known preliminary designs and other designs under consideration for the proposed management unit project for the Buffalo Cove Management Unit and issues concerning its construction and operation. If determined to be feasible and appropriate for implementation (based upon the determinations of the operational effectiveness of the BCMU) scoping meetings will also provide the agencies and the interested public with the initial conceptual designs, preliminary designs known and designs under consideration for the proposed for the conditionally authorized management units and issues concerning their construction and operation. These scoping meetings will be sequenced such that the data stream from the ongoing monitoring (associated with the 10 elements in the BCMU) can be utilized to assist in the formulation and design of elements planned for the three conditionally authorized management units. The scoping process,

more importantly, will provide the opportunity to solicit public views on the proposed action and provide input to development of project alternatives. The initial scoping meetings will focus on the Buffalo Cove Management Unit (including the operational success of the ten elements described in EA No. 366, modification of those ten elements and construction of new elements for the Buffalo Cove Management Unit) and preliminary discussions of problems and possible alternatives for the three conditionally authorized management units. As additional information is available on the operational effectiveness of the monitored EA No. 366 elements and as the existing conditions and potential management alternatives for the conditionally authorized management units are better defined, the agenda of the scoping meetings will be expanded to address the feasibility of implementing the conditionally authorized management units.

5. *Estimated Date of Availability.* Funding levels will dictate the date when the DSEIS is available. The earliest that the DSEIS is expected to be available is in the fall of 2012.

Dated: July 18, 2005.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and 34 CFR 386.20 and are listed in the application package.

2. *Review and Selection Process:* Additional factors we consider in selecting an application for an award are the geographical distribution of projects in each Rehabilitation Training program category throughout the country (see 34 CFR 385.33(a)) and the past performance of the applicant in carrying out similar training activities under previously awarded grants, as indicated by factors such as compliance with grant conditions, soundness of programmatic and financial management practices, and attainment of established project objectives (see 34 CFR 385.33(b)).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The Rehabilitation Long-Term Training program is designed to provide academic training in areas of personnel shortages.

The goal of the Rehabilitation Services Administration's (RSA) Rehabilitation Long-Term Training program is to increase the number of qualified vocational rehabilitation personnel working in State vocational rehabilitation agencies or related agencies. At least seventy-five percent of all grant funds must be used for direct payment of student scholarships. Each grantee is required to track students receiving scholarships and must maintain information on the cumulative support granted to RSA scholars, scholar-debt in years, program completion data for each scholar, dates each scholar's work begins and is completed to meet his or her payback agreement, current home address, and the place of employment of individual scholars.

Grantees are required to report annually to RSA on these data using the RSA Grantee Reporting Form, OMB# 1820-0617, an electronic reporting system. The RSA Grantee Reporting Form collects specific data regarding the number of RSA scholars entering the rehabilitation workforce, in what rehabilitation field, and in what type of employment (e.g. State agency, nonprofit service provider, or practice group). This form allows RSA to measure results against the goal of increasing the number of qualified vocational rehabilitation personnel working in State vocational rehabilitation agencies or related agencies.

DEPARTMENT OF EDUCATION

Arbitration Panel Decision Under the Randolph-Sheppard Act

AGENCY: Department of Education.

ACTION: Notice of arbitration panel decision under the Randolph-Sheppard Act.

SUMMARY: The Department gives notice that on November 9, 2004, an arbitration panel rendered a decision in the matter of *Arland Stratton v. Illinois Department of Human Services, Office of Rehabilitation Services (Docket No. R-S/03-1)*. This panel was convened by the U.S. Department of Education, under 20 U.S.C. 107d-1(a), after the Department received a complaint filed by the petitioner, Arland Stratton.

FOR FURTHER INFORMATION CONTACT: You may obtain a copy of the full text of the arbitration panel decision from Suzette E. Haynes, U.S. Department of Education, 400 Maryland Avenue, SW., room 5022, Potomac Center Plaza, Washington, DC 20202-2800. Telephone: (202) 245-7374. If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (*e.g.*, Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION: Under section 6(c) of the Randolph-Sheppard Act (the Act), 20 U.S.C. 107d-2(c), the Secretary publishes in the **Federal Register** a synopsis of each arbitration panel decision affecting the administration of vending facilities on Federal and other property.

Background

This dispute concerns the alleged improper termination of Mr. Arland Stratton's vending license as a blind licensee under the Randolph-Sheppard vending facility program by the Illinois Department of Human Services, Office of Rehabilitation Services, the State licensing agency (SLA), in violation of the Act (20 U.S.C. 107 *et seq.*), the implementing regulations in 34 CFR part 395, and State rules and regulations.

A summary of the facts is as follows: Mr. Arland Stratton (complainant) operated Vending Facility #451 (Facility #451) at the Illinois Prairie Rest Area, I-57 in Champaign, Illinois, until April 1, 2002, when his vending license was terminated.

Previously, on March 28, 2002, complainant alleged that he reported to his business counselor at the SLA during the counselor's onsite visit to Facility #451 that a possible bookkeeping error may have resulted in his using program assets for personal use. Upon complainant's disclosure of the alleged bookkeeping error, the business counselor informed the SLA's Director of the Business Enterprise Program (BEP). The Director of the BEP instructed the business counselor to do a complete inventory of Facility #451 and to remove the keys from complainant's possession.

Complainant further alleged that the SLA's termination of his vending operator's license and removal from Facility #451 occurred without first providing him with an opportunity for a full evidentiary hearing, in violation of the Act and implementing regulations.

The SLA alleged that complainant, as a blind vendor, had been licensed, trained, and certified in the operation and management of vending facilities in the Illinois BEP. The SLA also stated that complainant was aware of the policies governing vending facilities and, in particular, the rules concerning use of program funds for personal use.

The SLA further alleged that in August 2001 the complainant's business counselor found him to be deficient in financial management practices and his paperwork to be unorganized. In January 2002, complainant received a written reprimand for a second violation of a State rule regarding accounting procedures. On March 19, 2002, the complainant's business counselor scheduled a financial audit. At the time of the audit, the business counselor alleged that complainant provided incomplete and incorrect paperwork, and the vendor was given one week to provide all of the correct information.

Following termination of his vending license, complainant filed for an administrative hearing. The hearing was held on June 10, 2002. In a decision dated July 8, 2002, the hearing officer affirmed the SLA's decision to terminate complainant's vending license and removal from Facility #451. The SLA adopted the hearing officer's decision as final agency action, and complainant sought review of that decision by a Federal arbitration panel.

Arbitration Panel Decision

The issues heard by the panel were: (1) Did the SLA violate 20 U.S.C. 107 *et seq.*, the implementing regulations in 34 CFR part 395, and its own regulations in allegedly improperly terminating the vendor's operating license and removing him from Facility #451, and (2) Did the SLA violate Federal law by removing the complainant as the vendor of Facility #451 and terminating his license before providing him with a full evidentiary hearing in those decisions?

After reviewing all of the records and hearing testimony of witnesses, the panel ruled as follows: On the first issue, the panel ruled that the Federal regulations in 34 CFR 395.7(b) provide for the termination of a vendor's license *after* an SLA has afforded the vendor a full evidentiary hearing and must be applied as written. The panel concluded that a vendor's license could not be terminated before a State fair hearing was held. However, the panel noted that the SLA's authority to remove complainant from his facility was not in question as distinguishable from terminating his vending license.

Concerning the second issue, the panel ruled that the termination of complainant's vending license was not consistent with the rehabilitative purposes of the Act to provide training and additional services to blind licensees.

Finally, the panel was divided on the appropriate remedy. The majority of the panel ruled that complainant's license must be restored, and, upon successful completion of a retraining program, complainant was to be placed in a suitable location with provisions for follow-up supervision and training by the SLA. The panel further ruled that, since the SLA had not previously collected the outstanding debt from complainant, it should be forgiven allowing him to begin anew.

One panel member concurred with the majority decision on the finding of a violation but dissented in part regarding the appropriate remedy, believing that complainant was entitled to lost wages, compensatory relief, and attorney's fees.
