Defendants paid a fine of \$400 each, and a total of \$1,000 for restitution/investigative costs. Defendants will complete two years of probation and will perform 24 hours of community service.

The Environmental Services Department uses one of the following methods of legal action to enforce the Environmental Health Code.

- A Permit Revocation** may be initiated against a facility/establishment that has not demonstrated compliance or has been found in violation of any applicable code. Permit revocation may also be initiated against trailer parks, hotels, semi-public swimming pools, and retail food establishments.

- A Permit Suspension** may occur immediately for serious environmental health code violations, which pose a major health hazard. The facility/establishment would not be permitted to operate.

- Citations** are issued for violations of the health code. The citation directs the defendant to appear for arraignment in Justice Court.

- Cease and Desist Orders** are issued for serious violations of the environmental health code. The violation must be corrected immediately and a hearing may be requested. Disregarding the order will result in injunctive action in Maricopa County Superior Court.
