Full Text of Announcement

I. Funding Opportunity Description

Purpose of the Program: The School-Based Student Drug-Testing program awards grants to LEAs and public and private entities to develop and implement, or expand, school-based drug-testing programs for students.

Priorities: These priorities are from the notice of final eligibility and application requirements, priorities, and selection criteria for this competition, published elsewhere in this issue of the **Federal Register**.

Absolute Priority: For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Mandatory Random and Voluntary Student Drug-Testing Programs. Under this priority, we will provide Federal financial assistance to eligible applicants to develop and implement, or expand, school-based mandatory random or voluntary drug-testing programs for students in one or more grades 6 through 12. Any drug-testing program conducted with funds awarded under this priority must be limited to one or more of the following:

(1) Students who participate in the school's athletic program;

(2) Students who are engaged in competitive, extracurricular, school-sponsored activities; and

(3) A voluntary drug-testing program for students who, along with their parent or guardian, have provided written consent to participate in a random drug-testing program.

Applicants that propose voluntary drug testing for students who, along with their parent or guardian, provide written consent, must not prohibit students who do not consent from participating in school or extracurricular activities.

Note: Applicants are encouraged to ensure, to the extent feasible, that all students who participate in the drug-testing program remain in the random drug-testing pool for the entire academic year.

Competitive Preference Priority: Within this absolute priority, we give competitive preference to applications that address the following priority.

For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applications from this

competition, this priority is a competitive preference priority. Under 34 CFR 75.105(C)(2)(i) we will award 10 additional points to applicants that propose mandatory random drug testing in two or three schools and 15 additional points to applicants that propose mandatory random drug testing in four or more schools. Although students in grades from 6 through 8 may be drug tested under this priority, competitive preference points will only be credited for applicants that propose, at a minimum, drug testing of students in three or more grades from 9 through 12.

This priority is:

National Evaluation of Mandatory Random Student Drug-Testing Programs. Under this priority, we will provide Federal financial assistance to eligible applicants to develop and implement school-based mandatory random drug-testing programs for students in one or more grades from 6 through 12. Any drug-testing program conducted with funds awarded under this priority must be limited to one or more of the following:

(1) All students who participate in the school's athletic program; and

(2) All students who are engaged in competitive, extracurricular, school-sponsored activities.

Applicants for this priority must propose drug testing in two or more schools within the same LEA that do not have an existing drug-testing program in operation. Drug testing must include, at a minimum, students in three or more grades from 9 through 12. In addition, applicants for this priority must:

(1) Not have a voluntary testing component proposed as part of their program;

(2) Provide an assurance that the schools randomly assigned to not begin mandatory random drug testing will not implement any drug-testing program for the duration of the national evaluation;

(3) Agree to cooperate with all data collection activities that the national evaluation will conduct in all the schools;

(4) Develop and implement mandatory random drug-testing policies and procedures to be carried out consistently in all schools selected to implement drug testing;

(5) Institute a policy of mandatory random drug-testing for the entire academic year in the schools selected to implement drug testing;

(6) Ensure that, to the extent feasible, all eligible students who participate in the random drug testing pool for the entire academic year; and

(7) Agree to participate in the national evaluation and provide an assurance that the applicant will cooperate with the national evaluator in obtaining parental consent for student participation in surveys that the national evaluator will administer in all the selected schools (control and experimental).

At the time of the grant award, the Department of Education's evaluator will randomly assign the schools either to receive the intervention (mandatory random drug testing) or not receive the intervention (no mandatory random drug testing). The evaluator will collect outcome data in both sets of schools.

Application Requirements: The following requirements apply to all applications submitted under this program:

(1) Applicants may not submit more than one application for an award under this program.

(2) Applicants may not have been the recipient or beneficiary of a grant in 2003 under the Department of Education Demonstration Grants for Student Drug-Testing competition.

(3) Non-LEA applicants must submit a letter of agreement to participate from an LEA. The letter must be signed by the applicant and an authorized representative of the LEA. Letters of support are not acceptable as evidence of the required agreement.

(4) Funds may not be used for the following purposes:

(a) Student drug tests administered under suspicion of drug use;

(b) Incentives for students to participate in programs;

(c) Drug treatment; or

(d) Drug prevention curricula or other prevention programs.

(5) Applicants must:

(a) Identify a target population and demonstrate a significant need for drug testing within the target population;

(b) Explain how the proposed drug-testing program will be part of an existing, comprehensive drug prevention program in the schools to be served;

(c) Provide a comprehensive plan for referring students who are identified as drug users through the testing program to a student assistance program, counseling, or drug treatment if necessary;

(d) Provide a plan to ensure the confidentiality of drug-testing results, including a provision that prohibits the party conducting drug tests from disclosing to school officials any information about a student's use of legal medications;

(e) Limit the cost of site-based evaluations to no more than 10 percent of total funds requested; and

(f) Provide written assurances of the following:

(i) That results of student drug tests will not be disclosed to law enforcement officials;

(ii) That results of student drug tests will be destroyed when the student graduates or otherwise leaves the LEA or private school involved;

(iii) That all positive drug tests will be reviewed by a certified medical review officer;

(iv) That legal counsel has reviewed the proposed program and advised that the program activities do not appear to violate established constitutional principles or State and Federal requirements related to implementing a student drug-testing program; and

(v) That all proposed activities will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA) and the Protection of Pupil Rights Amendment (PPRA).

Program Authority: 20 U.S.C. 7131.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, 99, and 299. 1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. Performance Measure: The Department has established the following GPRA performance measure for the School-Based Student Drug-Testing program: The reduction of the incidence of drug use in the past month and past year. The Secretary has set an overall performance target that calls for the prevalence of drug use by students in the target population to decline by five percent annually.

This measure constitutes the Department's indicator of success for this program. Consequently, applicants

for a grant under this program are advised to give careful consideration to this measure in conceptualizing the approach and evaluation for their proposed project. If funded, applicants will be asked to collect and report data in their annual performance and final reports about progress toward this measure.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Grants for School-Based Student Drug-Testing Programs

AGENCY: Office of Safe and Drug-Free Schools, Department of Education.

ACTION: Notice of final eligibility and application requirements, priorities, and selection criteria.

SUMMARY: The Assistant Deputy Secretary for Safe and Drug-Free Schools announces eligibility and application requirements, priorities, and selection criteria for the School-Based Student Drug-Testing program. We may use these requirements, priorities, and selection criteria for competitions in fiscal year 2005 and later years. We take this action to focus Federal financial assistance on an identified national need. We intend for these requirements, priorities, and selection criteria to increase the use of drug testing as a means to deter student drug use.

EFFECTIVE DATE: These requirements, priorities, and selection criteria are effective August 8, 2005.

FOR FURTHER INFORMATION CONTACT:

Robyn L. Disselkoen or Sigrid Melus, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202-6450. Telephone: (202) 260-3954. E-mail: OSDFSdrugtesting@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: Drug abuse interferes with a student's ability to learn and disrupts the orderly environment necessary for academic achievement. Although drug use among America's youth has declined in recent years, far too many young people continue to use illegal drugs. The Department of Education, through these requirements, priorities, and selection criteria, is encouraging schools and communities to consider the use of mandatory random and voluntary student drug-testing programs as a tool to support other drug-prevention efforts.

We published a notice of proposed eligibility and application requirements, priorities, and selection criteria for this program in the **Federal Register** on April 21, 2005 (70 FR 20739).

Analysis of Comments and Changes

In response to our invitation in the notice of proposed eligibility and application requirements, priorities, and selection criteria, nine parties submitted comments. Three other comments did not address the proposed eligibility and application requirements, priorities, and selection criteria and are not discussed here. An analysis of the comments and of any changes in the eligibility and application requirements, priorities, and selection criteria since publication of the notice of proposed eligibility and application requirements, priorities, and selection criteria follows.

We group major issues according to subject. Generally, we do not address technical and other minor changes and suggested changes the law does not authorize us to make under the applicable statutory authority.

Eligibility Requirements

Comment: One commenter suggested that State educational agencies be able to apply for grant funds.

Discussion: Eligible applicants for this competition include public and private entities. To the extent that a State educational agency meets the definition of a public entity and all other requirements of the competition, it may apply.

Change: None.

Priority 1—Mandatory Random and Voluntary Student Drug-Testing Programs

Comments: Two commenters expressed confusion over the wording in option 3 of Priority 1. In the second paragraph, under option 3, we stated that schools that proposed a voluntary drug-testing program could not prohibit students who did not consent to be drug tested from participating in school or extracurricular activities. Both commenters requested that we insert the word "only" in the sentence as follows: "applicants who propose *only* voluntary drug testing * * *" to clarify that the last paragraph of Priority 1 applies only to option 3, regarding voluntary drug testing, and not to options 1 or 2, mandatory random testing.

Discussion: We agree that the wording in the second paragraph under option 3 could confuse some readers. We intend that the wording apply only to students in a voluntary testing program even when applicants propose projects that combine voluntary and mandatory random components.

Change: We have merged the first and second paragraphs under option 3 to indicate clearly that the requirement applies only to a voluntary drug-testing program.
