APM 08-13

MEMORANDUM FOR: All Participants in Ginnie Mae Programs

FROM: Michael J. Frenz, Executive Vice President

SUBJECT: Updated Issuer Technical Reporting Specifications for
Ginnie Mae's Reporting and Feedback System ("RFS")

In APM 08-02, dated January 18, 2008, Ginnie Mae provided Issuers with an Issuer Reporting Technical Specification ("IRTS") for RFS. The IRTS provides the technical specifications for Issuers and Servicers regarding Ginnie Mae's changes to the monthly pool, loan package, and loan level reporting processes. Please be advised that the above-referenced document has been updated.

The latest version of the IRTS, which is the operative version, was posted to Ginnie Mae's website on July 31, 2008; it supersedes all previous versions. Issuers are expected to comply with the updated version. Please refer to Section 14 in the IRTS, which highlights what changes have been made since the last release of this document. In addition, Issuers are encouraged to review the [RFS FAQ's](#) and related supporting information on Ginnie Mae's website.

Any additional RFS questions may be submitted via the [RFS Help Desk](#).
