Date: March 20, 2003

To: Regional Forester, R4:

The Dixie National Forest and the Fishlake National Forest have completed Forest Scale Roads Analysis as required by 36 CFR and FSM 7712. The Roads Analysis followed the process described in Miscellaneous Report FS-643, Roads Analysis: Informing Decisions About Managing the National Forest Transportation System.

Key findings of this Forest Scale Roads Analysis include that the current/historic funding for roads related activities is not adequate to meet identified needs. The analysis did not identify a need for Forest Plan amendment(s).

The Roads Analysis for the Dixie National Forest and the Fishlake National Forest was completed on January 10, 2003. A copy of the Roads Analysis has been sent to the Regional Office.

If you have any questions, please contact Frank Fay at (435) 896-9233.

Sincerely,

MARY C. ERICKSON
