Scoping Document Motorized Travel Plan

Dixie National Forest

December 15, 2006

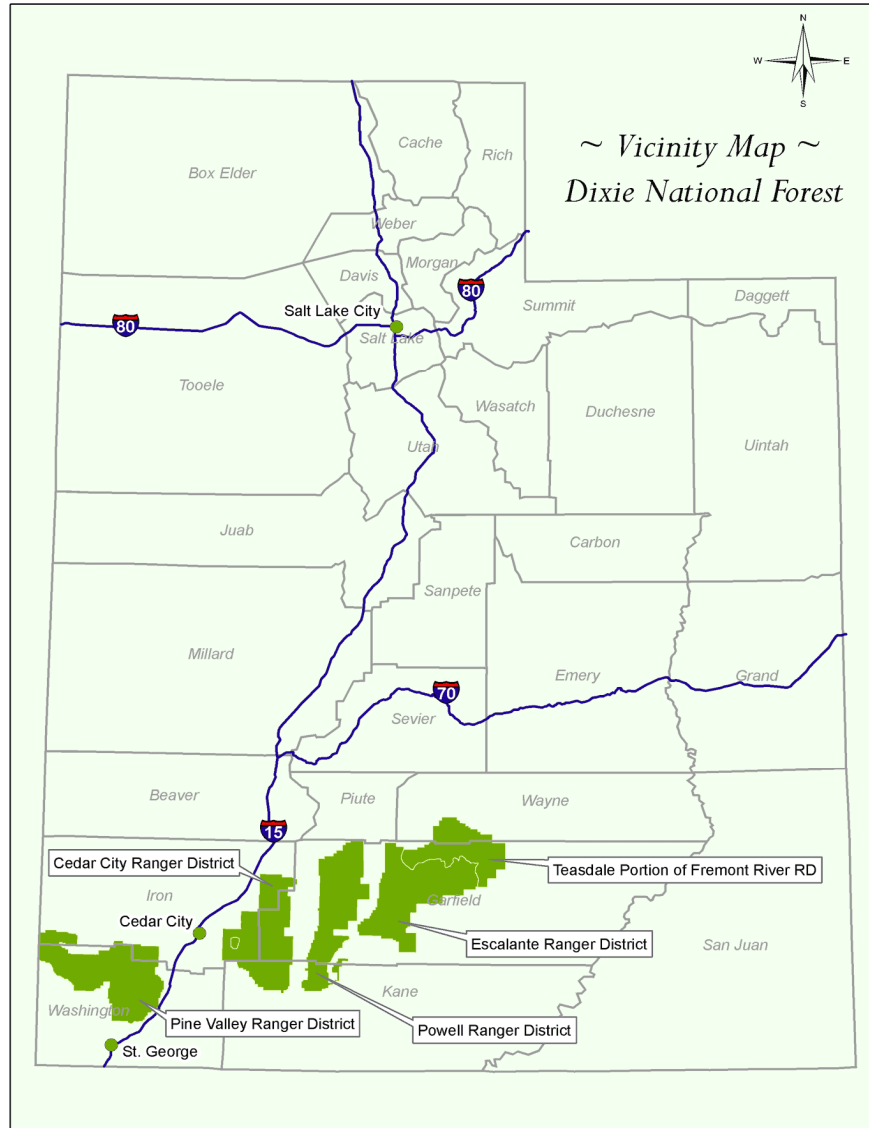

Garfield, Iron, Kane, Piute, Washington and Wayne Counties, Utah

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TTY). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TTY). USDA is an equal opportunity provider and employer.

Project Summary

The Dixie National Forest intends to prepare an environmental impact statement (EIS) for the Forest Service to establish a system of designated roads, trails and areas for motorized vehicle use, thereby developing a motorized travel plan. A new motorized travel plan is needed to improve the management and enforcement of motor vehicle use on these National Forest System lands and meet the requirements of national policy for travel management.

Project Area Description

The project area is defined by the boundaries of Dixie National Forest, including the Pine Valley, Cedar City, Powell and Escalante Ranger Districts, as well as the Teasdale portion of the Fremont River Ranger District, now administered by the Fishlake National Forest. For the purpose of this notice, the Dixie National Forest will include the Fremont River Ranger District.

Purpose and Need for Action

The purpose of this project is to designate a system of authorized roads, trails or areas for motor vehicle use in order to better protect natural resources, provide legal access, improve recreation management and enforcement related to motor vehicle use. This purpose and need is in accordance with 36 CFR Parts 212, 251, 261, and 295 Travel Management; Designated Routes and Areas for Motor Vehicle Use; Final Rule (hereinafter referred to as the “final rule”).

Overall, increased recreational use and demand on the Dixie National Forest, including increased off-highway vehicle (OHV) use, has been linked to the immense population growth of southwestern Utah, Salt Lake City and Las Vegas, Nevada over the past decade. Concurrent growth of subdivisions located within and adjacent to the Dixie National Forest has also occurred, accounting for hundreds of building permits issued annually for private residential and vacation homes. Increased OHV use and related impacts have been observed surrounding these growing forest communities.

Similar situations have occurred throughout the nation, leading to a final rule that governs OHVs and other motor vehicle use on national forests and grasslands. While Forest Service Chief Dale Bosworth states that OHV use is a legitimate form of recreation, he has identified unmanaged recreation—especially impacts from OHVs—as one of the key threats facing national forests today. Locally, as well as regionally and nationally, unmanaged OHV use on federal lands has resulted in unplanned roads and trails, erosion, watershed and habitat damage, impacts to cultural sites, and increasing degradation of recreational experiences, especially a loss in opportunities for solitude, primitive hunting and other quiet experiences. Perceptions of crowding and user conflict are occurring in some areas of the forest, often pertaining to more intense seasonal activities such as big-game hunting.

Proposed Action

For the purposes of this project and notice, the term “route” is used to define a motorized road or trail, mapped to a location on the ground. The term “authorized route” is a National Forest System road or trail that is designated for motor vehicle use pursuant to 212.51 in the final rule. An “unauthorized route” is a motorized road or trail not designated for motor vehicle use pursuant to 212.51 in the final rule.

This proposal, subsequent alternatives and decision will include the following components:

1. Cross-country Travel:
 - a) Prohibition of motorized cross-country travel (off designated roads or trails) except in designated areas. Motorized cross-country travel will be prohibited except as specified for permitted uses, such as dispersed camping, firewood gathering, emergency fire suppression, search and rescue, law enforcement, military operations and Forest Service administrative use and purposes.

2. Designation of Authorized National Forest System Roads and Motorized Trails:
 - a) Closure of currently authorized routes that will not be designated for motorized use, and therefore removed from the National Forest System of roads and motorized trails. These routes may be decommissioned from the National Forest System.
 - b) Designation of unauthorized routes that will be added to the National Forest System of roads and motorized trails, thereby becoming authorized routes.
3. Designation of Authorized Uses of National Forest System Roads and Motorized Trails:
 - a) Designation of routes that will be open to all uses.
 - b) Designation of routes needed to accommodate administrative activities and permitted uses.
 - c) Designation of routes needed for access to private lands, rights-of-way, easements, and other jurisdictions.
 - d) Designation of routes with seasonal restrictions, or that allow only certain types of vehicles.
4. Construction or Relocation of Designated National Forest System Roads and Motorized Trails: construction or relocation of routes to improve the transportation system, or to meet evaluation findings specified through the environmental analysis.

The Forest Service will analyze and document direct, indirect, and cumulative environmental effects in the development of a range of alternatives. The route evaluations performed in the pre-planning stage of this project will be updated accordingly, as analysis is conducted and additional input is provided internally, by the public and other governments.

It should be noted that private land and land under the jurisdiction of other governments are located within this project boundary, but route segments contained within those lands have been excluded from this designation process. Proposed designations for routes on national forest lands have been made while considering adjacent land uses and a variety of legal situations. Ongoing coordination with non-forest entities will continue throughout this project.

In 1996, the Dixie National Forest began inventorying every motorized route on the forest. This effort resulted in a broad GPS (Global Positioning System) motorized route inventory, completed the summer of 2005. According to the Infra Database for the Dixie National Forest, approximately 6,153 total miles of motorized routes have been inventoried, with 3,856 miles accounting for authorized routes and 2,297 miles being unauthorized routes. The total number of routes on the inventory is approximately 8,071, with 2,344 being authorized routes and 5,727 being unauthorized routes. This Infra Database information was used in the Notice of Intent; however, the project GIS (Geographic Information System) data is considered the most current and complete data available. GIS data was used in the development of the proposed action and does not include roads on private land and roads going off forest, as the Infra Database does. Several useful GIS figures are provided in Tables 1 and 2 of this document.

We believe very few routes were missed in completing the inventory; therefore, the inventory will provide the base data layer for this travel planning project. As part of public involvement for this project, if important routes appear to have been omitted from the inventory, please bring them to our attention.

The extensive route inventory has allowed the Dixie National Forest to conduct a route-by-route assessment for this planning effort. This assessment involved a detailed agency review of each motorized route for known or potential effects to the environment, legal access issues or other social uses, and was augmented by pre-planning public input. Broad, landscape-scale and site specific considerations were made, identifying opportunities to improve watershed and wildlife habitat health, as well as the connectivity of communities, and recreational access. We also considered opportunities to improve non-motorized and motorized trail systems and to facilitate desirable recreation activities.

Pursuant to 212.50 of the final rule, a number of previous or pending administrative decisions that allow, restrict, or prohibit motor vehicle use on National Forest System roads, trails or areas have been incorporated as previously designated into this travel planning project.

Nature of Decision to be Made

On November 2, 2005, the Forest Service announced final travel management regulations governing OHVs and other motor vehicle use on national forests and grasslands (36 CFR Parts 212, 251, 261, and 295 Travel Management; Designated Routes and Areas for Motor Vehicle Use; Final Rule). In compliance with this national policy, the responsible officials will decide on motorized areas and routes that will be added to or deleted from the current authorized system. The responsible officials will also decide on the type and season of motorized use to be allowed on the authorized system.

All routes not designated to the motorized travel system will be considered unauthorized routes, and motorized use of those routes will be illegal. Motorized cross-country travel will be prohibited except as specified for the purposes of dispersed camping, firewood gathering, emergency fire suppression, search and rescue, law enforcement, military operations and Forest Service administrative use, including uses authorized by permit.

Any user-made motorized route that is developed after the decision will be considered to be unauthorized, and will be closed or removed by the Forest Service upon discovery. No public process or analysis will be necessary to remove such a route.

The following vehicles and uses are exempted from the prohibitions to motorized cross-country travel by 36 CFR part 212.51:

- Aircraft;
- Watercraft;
- Over-snow vehicles [Note: Limited seasonal and all winter restrictions of over-snow vehicles are included in the proposed actions consistent with CFR 36 part 212.81]
- Limited administrative use by the Forest Service;
- Use of any fire, military, emergency, or law enforcement vehicle for emergency purposes;
- Authorized use of any combat or combat support vehicle for national defense purposes;
- Law enforcement response to violations of law, including pursuit; and
- Motor vehicle use that is specifically authorized under a written authorization issued under Federal law or regulations.

The proposed action also includes the following specifications regarding motorized cross-country travel:

Dispersed Camping: The limited use of motor vehicles within 150 feet of roads and motorized trails will be allowed solely for the purposes of dispersed camping, in areas determined through this analysis. This access will not authorize creation of new campsites or travel ways. Motorized travel between multiple dispersed campsites, establishment of motorized play areas, racetracks, or travel across wet meadows or riparian areas will be prohibited. In addition, distance designations may be removed over time as dispersed campsite inventories are completed and routes are designated to desired locations.

Parking: Parking a safe distance alongside designated routes will be permitted if wet meadows, stream corridors / riparian areas, and undisturbed areas are avoided. Closed gates cannot be blocked.

Game Retrieval: Based on the new travel rule, the Regional Forester, in consultation with Forest Supervisors of Utah and Idaho, has determined that game retrieval will not be allowed on any National Forest lands in Region 4. Legally tagged game may be retrieved using non-motorized means only. Substantial off road impacts on the Dixie National Forest occur during hunting season, primarily from scouting and stalking game on ATVs and other motorized vehicles, and also from retrieving game. There is no consistent, logical or enforceable means to assure that a given cross-country exemption for game retrieval will not result in conflicts with other hunters and recreationists, or that can dependably avoid resource impacts. This policy is consistent with current and/or planned restrictions on other forests, the BLM, and other public lands in Utah.

Antler Shed Gathering: Antler shed gathering areas may be accessed from open designated routes. However, motorized vehicles may not be used off-route to search for sheds. This use typically occurs in the spring when snow cover is patchy, soils are moist, and when mule deer and elk are using critical winter ranges. Some antler shed hunters are the cause of substantial off-route impacts because they use motorized vehicles to “grid” the ground on closely spaced transects. There is no consistent, logical or enforceable means to assure that a given cross-country exemption for antler shed hunting can avoid undesirable user conflicts or resource impacts. Also, this use directly conflicts with the need to protect critical mule deer winter range habitat. This policy is consistent with current restrictions on other forests and public lands in Utah including big game habitat managed by the Utah Division of Wildlife. With the travel rule in place, the Forest Supervisor no longer has the authority to permit such use.

Methods of closing or removing unauthorized routes may vary and will be determined on a site-specific basis. Closure or removal methods for routes that are not designated as a part of this project will be disclosed prior to decision. Future proposals to change the designations made in this decision will undergo separate analysis and decision, conducted under the National Environmental Policy Act (NEPA).

Preliminary Issues

Alternatives to the proposed action have not been identified at this time; however, the following preliminary issues have been identified:

- Compliance with policy and law, recognition of legal access
- Protection of natural and cultural resources
- Improvement of recreation opportunities, management, enforcement and education
- Consideration of local economies
- Increased public involvement

Public Involvement

Each route has been evaluated using an extensive series of questions developed and reviewed by Dixie National Forest employees, a citizen's working group, interested public and cooperating governments. In October of 2004, a series of workshops were held at Cedar City, St. George, Ruby's Inn, Torrey, and Las Vegas, Nevada. Participants were asked to review the inventory and evaluation questions, and provide feedback on the evaluation process. At the same time, a working group of citizens who provided suggestions for motorized travel in revising the Dixie Land and Resource Management Plan was reconvened to make suggestions for the proposed travel system and evaluation process. Input received from cooperating agencies, the public and the work group has contributed to the proposed action.

Comparison of Proposed Action to Existing Condition

This section provides three comparison tables, focused on distinguishing differences between the proposed action and the existing condition, by ranger district and for the forest.

Table 1: Existing Condition

Approximate miles of National Forest System (NFS) and unauthorized routes, for each Ranger District and for the forest in total. Miles contained in previous and pending decision areas are not included in these figures.

| District | NFS Roads | Unauthorized Routes (Non-NFS) | NFS Roads Open Only for Administrative Use | NFS Roads Open to the Public | NFS Roads with Seasonal or Time of Use Restrictions |
|---|----------------|-------------------------------|--|------------------------------|---|
| D-1 Pine Valley RD | 465.57 | 189.95 | 12.80 | 452.77 | 0 |
| D-2 Cedar City RD | 527.76 | 258.28 | 21.10 | 506.66 | 0 |
| D-3 Powell RD | 600.81 | 444.42 | 18.08 | 582.73 | 0 |
| D-4 Escalante RD | 492.55 | 237.18 | 127.31 | 365.25 | 51.16 |
| D-5 Teasdale (Fremont River) RD | 293.08 | 96.91 | 24.09 | 268.99 | 0.014 |
| Forest Totals | 2379.77 | 1226.74 | 203.38 | 2176.40 | 51.17 |

Approximately 735,943 acres of the Dixie National Forest currently restrict off-road travel. Approximately 1,150,113 acres are currently open for off-road travel.

Note: The USDA Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. Using GIS products for purposes other than those for which they were intended may yield inaccurate or misleading results. The USDA Forest Service reserves the right to correct, update, modify, or replace GIS product without notification.

Table 2: Proposed Action

Approximate miles added to or removed from the National Forest System (NFS) under the Proposed Action, for each Ranger District and for the forest in total. Miles contained in previous and pending decision areas are not included in these figures.

| District | NFS Roads | Unauthorized Routes Added to NFS | NFS Roads Closed (Removed from System) | NFS Roads Open Only for Administrative Use | NFS Roads Open to the Public | NFS Roads with Seasonal or Time of Use Restrictions |
|--|------------------|---|---|---|-------------------------------------|--|
| D-1 Pine Valley RD | 525.77 | 85.98 | 24.46 | 72.24 | 452.16 | 0 |
| D-2 Cedar City RD | 552.76 | 69.86 | 71.49 | 104.97 | 447.81 | 12.18 |
| D-3 Powell RD | 675.02 | 117.69 | 84.19 | 173.28 | 501.73 | 1.56 |
| D-4 Escalante RD | 532.74 | 77.32 | 27.57 | 311.18 | 221.56 | 28.46 |
| D-5 Teasdale (Fremont River) RD | 319.80 | 51.49 | 30.46 | 81.69 | 238.12 | 0 |
| Forest Totals | 2606.09 | 402.34 | 238.17 | 743.36 | 1861.38 | 42.20 |

The proposed action would restrict off-road travel on National Forest lands of the Dixie National Forest. Please refer to Appendix A at the end of this document for a list of specific routes with changes in the proposed action.

Possible Alternatives

All alternatives studied in detail must fall within the scope of the purpose and need for action and will tier to and comply with the Dixie forest plan. The added restrictions on motorized cross-country travel are the only proposed amendments to the forest plan at this time. Law requires a “no-action alternative”, which would maintain current allowances and restrictions for OHV use and motorized travel, as described in the current Dixie forest plan and travel plan. The no-action alternative also serves as a baseline of comparison for action alternatives. The Forest is expecting that public input will identify broad-scale or route-specific issues that may be addressed by modifying the proposed action to create a new alternative or alternatives.

Lead and Cooperating Agencies

Garfield, Iron, Kane, Piute, Washington, and Wayne Counties and the State of Utah are participating as cooperating agencies in this project. As lead agency, the Forest Service would analyze and document direct, indirect, and cumulative environmental effects for a range of alternatives.

Responsible Officials

Kevin Schulkoski, acting forest supervisor of the Dixie National Forest, is currently the responsible official for the Dixie National Forest. He can be reached by mail at Dixie National Forest, 1789 N. Wedgewood Ln., Cedar City, UT 84720.

Mary Erickson, forest supervisor of the Fishlake National Forest, is the responsible official for the decision pertaining to the Fremont River Ranger District. She can be reached by mail at Fishlake National Forest, 115 East 900 North, Richfield UT 84701.

Comment Period for Proposed Action

The Dixie National Forest appreciates your comments on its proposed travel management plan. The proposal includes the designation of roads and trails for motorized use, generally prohibiting overland travel. As this comment period is falling during the holiday season, the Dixie National Forest is providing a 48-day comment period, starting on the date that legal notice is published in the Federal Register, approximately **December 15, 2006**. Written comments to be considered in the preparation of the draft environmental impact statement (DEIS) should be submitted by **January 31, 2007**.

The record of decision and final environmental impact statement are expected to be available by September, 2007.

All comments, including the names, addresses and when provided, will be placed in the record and are available for public inspection.

Scoping Process

The Forest Service is seeking comments from individuals, organizations, and local, state, and federal agencies that may be interested in or affected by the proposed action. Comments may pertain to the nature and scope of the environmental, social, and economic issues, and possible alternatives related to the development of the travel management plan and EIS. Your comments will help the Forest Service assess the proposed action and develop alternatives, and prepare a draft environmental impact statement. A 45-day comment period will be provided after release of the draft environmental impact statement. Modifications will be made as necessary to the environmental impact statement, and a decision will be made by the Responsible Official and announced through a record of decision. A 45-day appeal period will follow.

To maintain eligibility for appeal, each individual or, for an organization, an authorized representative, must submit comments on this proposed action and must sign the comments or otherwise verify his or her identity. Comments are those within the scope of, are specific to, and have a direct relationship to the proposed action, and include supporting reasons that the responsible officials should consider in reaching a decision (36 CFR 215.6(a)(3)).

Please send your written comments to: Noelle Meier, Dixie National Forest, 1789 N. Wedgewood Ln., Cedar City, Utah 84720; FAX: (435) 865-3791;

You may also hand-deliver your comments to the above address during normal business hours from 8:00 am to 5:00 pm, Monday through Friday, excluding federal holidays. Email comments may be sent to comments_dixie_motorized_travel_plan@fs.fed.us. The opportunity to comment ends 48 days following the date of publication of the Notice of Intent in the Federal Register.

Scoping notices have been sent to potentially affected persons and those that have expressed a continued interest in this project. Other interested individuals, organizations, or agencies may have their names added to the mailing list for this project at any time by contacting Noelle Meier, team leader, in one of the following ways:

- By mail at Noelle Meier, Dixie National Forest, 1789 Wedgewood Ln, Cedar City, UT 84720
- By phone at 435-865-3700
- By fax at 435-865-3791
- By e-mail at comments_dixie_motorized_travel_plan@fs.fed.us

Questions can be also answered by contacting the team leader. Additional information about this project can be found at <http://www.fs.fed.us/r4/dixie/projects/MTP/index.shtml>.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record for this project and will be available for public inspection and will be released if requested under the Freedom of Information Act.

Public Open Houses

A series of public open houses are also scheduled to explain the proposed travel plan and route designation process and to provide an opportunity for public input. Six scoping meetings are planned.

January 9, 2007 (Tuesday), 12:00 to 8:00 pm
Ramada Inn, 1440 East St. George Blvd. St. George, UT.

January 10, 2007 (Wednesday), 12:00 to 8:00 pm
Hunter Conference Center, Southern Utah University, Cedar City, UT.

January 11, 2007 (Thursday), 12:00 to 8:00 pm
City Library and Offices, 25 South 200 East, Panguitch, UT.

January 18, 2007 (Thursday), 12:00 to 8:00 pm
Salt Lake City Library, Level 4 Meeting Room, 210 East 400 South, Salt Lake City, UT.

January 24, 2007 (Wednesday), 12:00 to 8:00 pm
Wonderland Inn, Utah State Highways 12 and 24, Torrey, UT.
(Please note that this is a change from the date stated in the Notice of Intent).

January 25, 2007 (Thursday), 12:00 to 8:00 pm
Escalante Interagency Visitor Center, Escalante, UT.
(Please note that this is a change from the date and location announced in the Notice of Intent).

Times, dates and locations will also be posted through local public notice and on the project webpage at: <http://www.fs.fed.us/r4/dixie/projects/MTP/index.shtml>. Written comments will be accepted at these meetings. The Forest Service will also work with tribal governments to address issues that would significantly or uniquely affect them.

Maps and Roads Analysis Information

Due to the large size and quantity of maps needed to display the full route inventory and proposed designations, interactive electronic maps have been provided on the project webpage at: <http://www.fs.fed.us/r4/dixie/projects/MTP/index.shtml>. To assist those who prefer or require hard copy maps, a Forest-wide set of large paper maps will be located for public viewing at the following Ranger District offices:

Pine Valley Ranger District, 196 E. Tabernacle, Suite 40, St. George, UT 84770;
Phone: (435) 652-3100.

Cedar City Ranger District, 1789 Wedgewood Lane, Cedar City, UT 84720;
Phone: (435) 865-3200; TTY for the hearing impaired: (435) 865-3719.

Powell Ranger District, 225 East Center Street, Panguitch, UT 84759-0080;
Phone (435) 676-9300.

Escalante Ranger District, 755 West Main, Escalante, UT 84726-0246;
Phone: (435) 826-5400.

Fremont River Ranger District, 138 South Main, Loa, UT, 84747;
Phone: (435) 836-2800.

For the convenience of interested people living in Kane County, maps will also be located at the **North Kaibab Ranger District**, 430 South Main Street, Fredonia, AZ, 86022; Phone: (928)-643-7395.

For more information, please contact:

Noelle Meier, Motorized Travel Plan Team Leader
Dixie National Forest
1789 Wedgewood Ln
Cedar City, UT 84720

Phone at 435-865-3700

Appendix A

Routes Where the Opportunities / Recommendations Reflect a Change from the Existing Conditions Reflected in GIS

The proposed action will include changes to the following routes. For specific route changes and related data, please refer to the interactive maps and roads analysis report information provided on the Dixie Motorized Travel Plan website located at <http://www.fs.fed.us/r4/dixie/projects/MTP/index.shtml>.

Pine Valley Ranger District (District 1)

| GA and Route | Current Maintenance Level | Opportunities / Recommended Designations for Proposed Action |
|-------------------|-----------------------------------|--|
| Enterprise | | |
