

NUCLEAR ENERGY INSTITUTE

Alexander Marion
DIRECTOR ENGINEERING
NUCLEAR GENERATION DIVISION

February 19, 2003

Dr. Brian W. Sheron
Associate Director for Project Licensing and Technical Analysis
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

SUBJECT: Questions Concerning NRC Order EA-03-009

PROJECT NUMBER: 689

Dear Dr. Sheron:

Questions concerning interpretation and implementation of NRC Order EA-03-009 are provided in Enclosure 1 for NRC staff review prior to the February 24, 2003, meeting on the Order. We expect that licensees will ask additional questions at the meeting.

One of the benefits of this public meeting is that licensees will be able to have their questions addressed by the NRC staff. In the interest of capturing this valuable information, we encourage the NRC staff to document responses in the meeting summary.

If you need addition information concerning this submitted, please contact me at (202) 739-8080, am@nei.org or Kurt Cozens at (202) 739-8085, koc@nei.org.

Sincerely,

A handwritten signature in black ink that reads 'Alex Marion'.
