

IMPORTANT INFORMATION

2008 RENEWAL AND CONTINUING EDUCATION REQUIREMENT (CE) FOR EMERGENCY MEDICAL TECHNICIAN-PARAMEDIC (CERTIFIED BETWEEN 2/1/06-1/31/07)

CERTIFICATION RENEWAL

Certificates expire on January 31, 2008 unless renewed. In order to renew, EMT-Ps must meet the continuing education (CE) requirement established by law.

RANDOM AUDIT

In order to determine whether the CE requirement has been met, the Board conducts a random audit.

As a result, EMT-Ps do NOT need to submit documentation of CE unless they are being audited. Those who are being audited will receive a memo in October 2007. Because they are expected to submit CE documentation with their renewal, they will not be able to renew online.

CE REQUIREMENT

The CE requirement may be met by having a **current certificate** from the National Registry of Emergency Medical Technicians (NREMT).

If you do **not have a current NREMT certificate**, you will need to meet **half** the CE requirements as contained in section 16-85-55(b)(2) **between 2/1/06 – 1/31/08**. (Only half of the CE is required for this initial renewal. Beginning with the 2010 renewal and thereafter, the entire CE will be required.)

SECTION 16-85-55(b)(2)
