

Commission of Fine Arts

§ 2102.12

components, and photographs of existing conditions to be affected by the project.

(2) Alternative proposals may be included within one submission. The information submitted shall be sufficiently complete, detailed, and accurate as will enable the Commission to judge the ultimate character, siting, height, bulk, and appearance of the project, in its entirety, including the grounds within the scope of the project, its setting and environs, and its effect upon existing conditions and upon historical and prevailing architectural values. Record drawings and photographs will be submitted by the applicant for a permanent Commission record of the submission.

(c) If a project consists of a first or intermediate phase of a contemplated larger program of construction, similar information about the eventual plans should accompany the submission. Even though a submission relates only to approval for razing or removal of a building or other structure, the project will be regarded as part of phased development, and the submission is subject to such requirement.

(d) If the project involves a statue, fountain or a monument within the purview of the Commission under § 2101.1 (a)(2), partial submissions should be made as appropriate to permit the Commission to advise on each aspect of the project as prescribed by the Commemorative Works Act (Pub. L. 99-652, H.R. 4378, 40 U.S.C. 1001).

(e) The Commission staff will advise owners and architects concerning the scope and content of particular submissions. Material relevant to the functions and policies of the Commission varies greatly depending upon the nature, size, and importance of the project to be reviewed by the Commission. Also, it is the policy of the Commission not to impose unnecessary burdens or delays on persons who make submissions to the Commission. However, the Commission at any meeting may decline to reach a conclusion about a proposed project if it deems the submission materials inadequate for its purposes, or it may condition its conclusions on the submission of further information to it at a later meeting or,

in its discretion, may delegate final action to the staff.

(f) The Commission staff, members of the Georgetown Board, interested members of the public, or the submitting party may augment any submission by additional relevant information made available to the Commission before or at the meeting where the submission is considered. The staff should also make information available concerning prior considerations or conclusions of the Commission regarding the same project or earlier versions of it.

§ 2102.11 Scope and content of submissions for proposed medals, insignia, coins, seals, and the like.

Each submission of the design for a proposed item which is within the Commission's purview under § 2101.1 (d) should identify the sponsoring government unit and disclose the uses and purpose of the item, the size and forms in which it will be produced, and the materials and finishes to be used, including colors if any, along with a sketch, model, or prototype.

§ 2102.12 Responses of Commission to submissions.

(a) The Commission before disposing of any project presented to it may ask for the proposed plans or designs to be changed in certain particulars and re-submitted, or for the opportunity to review plans, designs, and specifications in certain particulars at a later stage in their development, and to see samples or mock-ups of materials or components; and when appropriate in the matter of a statue or other object of art, the Commission may ask for the opportunity to see a larger or full-scale model. All conclusions, advice, or comments of the Commission which lead to further development of plans, designs, and specifications or to actual carrying out of the project are made in contemplation that such steps will conform in all substantial respects with the plans or designs submitted to the Commission, including only such changes as the Commission may have recommended; any other changes in plans or designs require further submission to the Commission.

(b) In the case of plans for a project subject to the Old Georgetown Act
